GROVER'S DILEMMA

He Must Issue Bonds or Call an Extra

Session of Congress.

GOLD RESERVE SURE TO FALL

The Devil of Congress Confronts Him

on One Hand.

ON THE OTHER, THE DEEP SEA OF CRITICISM

Treasury Guardsmen Take Slight En-

couragement from the Fall in

the Price of Exchange.

Washington, September 17.-(Special.)

encouragement today in the

The treasury department found some

fall of the price of exchange,

the tendency of which is calculated to re-

duce the shipment of gold. Unfortunately

there is no assurance that this will amount

to anything more than a "favorable sign."

The conviction is growing that matters can-

not be allowed to run on without any relief

measure until after congress has met in

regular session and had time to act. There

is excellent reason to believe that the ad-

ministration is convinced that it will be

forced to do something, but as between a

bond issue and an extra session of congress

the matter has not passed the stage of dis-

Mr. Cleveland does not like to have con-

gress on his hands when he can avoid it.

He never has much confidence in good com-

ing from this popular branch of the gov-

ernment. If it were not for the great un-

popularity of a bond issue among the people

who vote at democratic primaries as has

been demonstrated by the criticism of for-

mer issues produced, the possibility of an

extra session would hardly be worth dis-

cussing. An issue of bonds for the redemp-

tion of the greenbacks which can be au-

thorized only by congress is what the ad-

ministration would most like. But Mr.

Cleveland desires to form some conclusion

as to the probable attitude of congress be-

fore placing his reliance there. Mr. Reed's

attitude on the proposition to authorize

gold bonds when that question came up in

the house in connection with the offer of

the syndicate to give more for the bonds if

the word gold were inserted, encouraged

the hope that, inspired by the same mo-

tive of quieting business disturbances he

would aid the administration now. They

are not certain of this, however, nor are

they confident that if he had the inclina-

tion he could secure the legislation they

want. They remember that in the matter

tion almost alone among the republicans

and doing so excited considerable antago-

nism. He might be no more successful in

inducing the house to authorize the re-

the majority of the democrats and call

Looking at the situation from all sides

Will Move at 1 O'Clock.

Granted a Writ of Error.

TRACING DURRANT.

SLOWLY TIGHTENING THE CHAIN

Against the Young Man Charged with the Murder of Blanche Lamont. San Francisco, September 17.-The pros-

cution is taking Theodore Durrant p to the Emanuel Baptist church door with Blanche Lamont. Another long step was taken yesterday and the two traced to the mission-to the corner of either Valencia and Twenty-first streets or Valencia and Twenty-second streets.

If they got off the car at Twentyecond street, they were within 300 feet of the church door. Now the next move will undoubtedly be to bring out the tesimony of Martin Quinlan, who says he saw Durrant and the young lady at Twen ty-second and Bartlett streets. Then will probably come the story of Mrs. Leak, who saw them enter the church, when Durrant told the organist that he had been vercome by gas.

After this there is still the pawnbroker's story of the attempt to pawn the girl's rings, and other bits of corroborative evdence to bolster up the main case.

After all that is over, the defense will begin the work of tearing the whole fabic to pieces, of rending the chain link by link. The lawyers for the defense. n the face of all that is piled up against them, are easy and confident.

"We will clear him in three minutes." is an expression said to have been dropped by one of them.

So the great throngs continue to pack the city hall corridors waiting for an op-portunity to gain the coveted seats in Judge Murphy's courtroom. Many stand and crane and tiptoe for nothing. Per-haps they get a fleeting glance at the prisoner as he passes in the dim light. Perhaps they are merely ordered about and hustled by the police for their pains.

Yesterday was notable as showing Law-

yer Deuprey in the role of cross-examine Hitherto General Dickinson has borne this burden and has worked hard to pick flaws and accentuate inconsistencies in the stories told by the prosecution's witnesses.

Dickinson is persistent and dogged, but e does not fire up much. He is not pyrotechnic. With the mild-mannered district attorney on one side and Dickinson on the other, there are few objections or interruptions and very little fighting with the ourt. But when old Mrs. Crozett was brought on in the afternoon, supported on the arm of her son, Deuprey filed over into Dickinson's place and prepared to make things interesting. He did. Before the day was over he had become quite angry, had rather roughly badgered the old lady and had been sharply reprimanded by the court. He entered a little objection to the reprimand, noted an exception

A sensation was looked for when it was reported that Mrs. R. Holland, the "sweet-pea girl," would take the stand and testify that she was in Durrant's company on the day of Blanche Lamoud's murder; but, like many other reports, it has been proved without foundation.

When the case was resumed this morning Maude Lamont, a sister of the murdemption of the greenbacks if he were willdered girl, was recalled to the stand, She identified the photograph of her sis-ter and said the latter was a member of the Christian Endeavor Society and a from congress is, therefore, hardmember of the Emanuel church orchestra ly promising enough to encourmember of the Emanuel church orchestra.

The next witness was Martin Quinlan, attorney, who testified that on the afternoon of April 3d a young man and a young woman passed him on a sidetrack age the calling of an extra session. If there were any way of the president getting reasonable assurance of action by the republicans he would disregard the wishes of

## THIS BEATS 1864.

Old Soldiers Are Doing the South in Pullman Cars.

TIME WORKS GREAT CHANGES

Thirty-One Years Ago These Same Men Were Charging Chattanooga.

NOW CHATTANOOGA IS CHARGING THEM

Already Times Are Looking Brighter for the City at the Foot of Lookout. On to Atlanta.

Chattanooga, Tenn., September 17 .- (Special.)-For the first time in five years the fickle goddess fortune seems to smiled on Chattanooga with a broad and gracious smile. Not since the lamented boom of half a dozen years ago has the city had such an animated appearance. At that time, as now, there was a great army in the city, but it was an army of speculators with sharpers for lieutenants and swindlers for captains. They came from the east and they came from the north. They looked on Chattanooga and said: "This is to be a great city." One man from New York, a minister whose veracity no one could question because of his profession, predicted from the pulpit of the most prominent Presbyterian church that in less than ten years from that time Chattanooga would have a million inhabitants. The people listened to these false prophets, believed and were lost. They sold

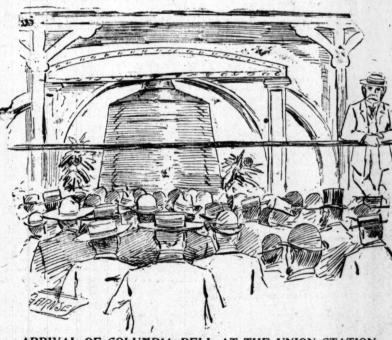

their property to the followers of the

prophets and when the followers had se-

cured it the prophets continued to preach and prophesy stupendous things for Chat-tanooga. People went wild and were sorry they had sold out to the new comers. But the speculators were exceedingly obliging. "You can have it back," they said kindly, "but we will charge you double what we gave." And so anxious were the citizens to get hold of a good thing they forthwith purchased their old property, giving all that they had received in the first transaction and notes for the other half of the double price payable in two, four and six years. Then the prophets and their followers folded their tents and quietly stole away. Ever since that time the majority of the citizens of this town have been wearing patched garments, holes in their hats, frowns on their faces and sickly smiles of sorrow. And ever since that time they have been hustling to pay those notes. Fortune turned her back and seldom has she smiled upon the city until

Everybody now believes that the activity provoked by the dedication will give the town a start towards better things. At least the spirit of cheerfulness and liveliness which now fills the atmosphere, like a perfume that intoxicates every one, is really remarkable. The purse strings of all have been pulled and money lingles everywhere. Dollars go easily as dimes. All the world and his wife is out for pleas ire. Of course much of this jingling cash s contributed by the visitors. They come and go. It is a noticeable thing that there is a new crowd in town every day. The hotels fill up at night and empty in the morning to give place to others the next

night. Greater Crowds Expected. Beginning tomorrow the number of visi-tors will climb up probably at the rate of

ARRIVAL OF COLUMBIA BELL AT THE UNION STATION.

near Twenty-second and Bartlett between , 10,000 a day until they reach their highest 1:20 and 4:30 o'clock. witness, "and recognized the young man as Theodore Durrant, for I had seen him quite frequently. When I first saw them they were on Bartlett street, going toward Twenty-third The girl were a dress of

MERIDIAN IS COMING. She Is Rather Late Getting Started

ternational exposition for an exhibit from Meridian, returned from Atlanta yesterday morning. After constant and repeated efforts the colonel succeeded in securing a small space in the forestry building for an exhibit from Meridian, and although the space is very small, too small for a creditable display of the products and resources of this part of the state, the citizens are glad to get it. Meridian's exhibit will be there. The officials of the Young Men's Business League have accepted with thanks the space offered and will take steps immediately to select articles manufactured from native wood for an exhibit, which will be forwarded to Atlanta as soon as pos-

Washington, D. C., September 17.—Mon-signer Satolli received from the cardinal president of the college of briefs the docu-

of 30,000 or 40,000 Friday, when the big parade comes off. That is to be the at-traction which will play upon the desires of residents in the neighboring towns and bring them in by the thousands. The meeting of the Sons of Veterans at

Knoxville and the opening of the Atlanta exposition will then have taken place also and a great rush from those two cities is expected. Most numerous among the these two states is tremendous. The members of the Fourteenth Ohio infantry, the members of cavalry troop A and the To-ledo Cadets, all of which are now here conveniently encamped and surrounded with all the luxuries of life in the midst of an outing, roughing it in style and elegance, number themselves over 1,000. Between the cavalry troop with their prancing chargers, the Toledo cadets on their bicycles and the boys of the Fourteenth with their dashing gait, the girls in town don't know which to love the best and the soldier boys themselves are in lots of trouble because the supply of beauties is totally in-adequate to the demand. The failure to import a thousand or more fair southern girls is now acknowledged by the entertainment committee to have been a terrible mistake. Notwithstanding this, there was a crush of fashionable equipages and elegant women at the dress parade this after noon that has seldom been seen in this city.

The battalions assembled promptly at 5 o'clock and the parade was formed at 5:10 o'clock just outside the driving park on a rolling piece of ground. The size of the command necessitates a large space for the movements and the entire length of the field was taken up by the serried ranks of Ohio's crack military command.

The Toledo Cadets were in the first bat-tallon, while Battery H had the left of the line. Colonel Coit, Lieutenant Colonel Dar-row, Lieutenant Wilson, Captain George Donavin, Lieutenant McCloud, with Cap-tains Gunsluse, Emery M. Semens, T. B. Wright and other officers were mounted

on prancing steeds with the gayest trapon prancing steeds with the gapton plugs imaginable.

As the music ceased the bugles sounded the retreat and "boom" went the brase cannon over at the camp sounding the sunset signal gun in a thunderous and echoing roar. At the same instant the echoing roar. At the same instant the flag, flapping high above the trees on the flag staff, came down like a flash as if the halliards had been shot away. Then Adjutant Wilson presented the command to Colonel Coit, the battalion adjutants galloped up to the front and reported all present and presently the command "Forward, march," was given, the band played the regiment reassed in review the

played, the regiment passed in review, the

spectacle was over.

Governors and Congressmen Express Opinions of Our Exposition.

Baltimore, Md., September 17.—In honor of the opening of the Atlanta exposition The Manufacturers' Record will publish this week letters from members of the cab-inet and governors, giving their views upon the value of the exposition to the south and to the country at large in bringing about a better acquaintanceship between

Governor Greenhalge, of Massachusetts,

"The exposition will prove greatly bene ficial not only to the southern states, but to ail parts of the country, in creating a more friendly feeling between the business men of all sections and bringing to their attention more prominently than ever be-

fore the vast resources of the south." Governor Stone, of Missouri, says: "Al-though a vast deal has been said and written about the wonderful resources of the southern states, the people of the northern and eastern states and Europe have only a faint conception of the trutn. The exposition will do much to impress upon visitors the fact that the south is the neld for fu-

ture enterprise."
Governor Woodbury, of Vermont, says:
"It seems to me that the aggregation of samples of the products of the soil and of the manufactories of the south cannot fail in centering the thought and interest of the people of the whole United States upon the possibilities of the future of that section. There is probably no section of our country which presents a more inviting field for capital and labor when judiciously in-vested than the cotton states. There is a considerable prejudice by the people of the north against that section on account of alleged want of toleration of political opinions. When this idea shall be dissipated by the banishment of all reason for it, then the south may expect to receive in a much larger measure the help and influence of

the thrifty people of the north."

Secretary Herbert, of the navy, says: 'Atlanta deserves great credit for the zeal, energy and perseverance she has put into this enterprise, which must prove of great benefit not only to Georgia, but to the whole of the south. The entire south has entered into this exposition in a spirit which insures the setting forth in a most advantageous position and attractive way advantageous position and attractive way the wonderful resources of this section of our country, which possesses with its mid climate, its fertile soil, its unlimited stores of coal and iron and its great forests the capacity of supporting a population as dense as that of Beigium."

Ex-Senator Walsh says: "I could not begin to estimate the advantages that will be conferred upon the country as the result of the Atlanta exposition, which is certain

of the Atlanta exposition, which is certain to portray in the most extensive and poten-tial manner the varied bounties in the way of natural products with which the south

Ex-Governor Northen, of Georgia, says: "The coming of so large a number of people from the states north of us will furnish an opportunity for better acquaintance and through this means the warmhearted hospitality of the people of the south will be appreciated as never before. must be personally known, and in this way the great masses of the people of the two sections will be solidified into a common ferences of feeling or of purpose. . This sympathy of feeling and union of purpose will necessarily evince a union of interest and through this must come the devlop

ment of the south with its general re-sources for marvelous wealth." Governor Stone, of Mississippi, says:
"While the benefits arising to the south from the bringing to us as close observers our friends of the north and east are great beyond calculation, I think the greatest benefits will result to us from the enlargement of our own scope of vision and a more generous appreciation of our own in-herent advantages, give a spur to our ambitton, fix a purpose within us to move up on a more enterprising plane of action. Speaking of Mississippi, I can give assurance of profound interest in and hearty, good will towards the exposition. I am confident of lasting benefits to us as a nation of people with one great purpose—the growth and upbuilding of a common country, the dissipation of prejudice and the mingling upon a plane for mutual benefit by those from every section."

### GOVERNOR MORTON STARTS.

He and His Staff Will Reach Atlanta Saturday Morning.

Albany, N. Y., September 17.—(Special.)—At 9 o'clock tonight the special train of Governor Morton pulled out of the New York Central station in Albany. The governor of the Empire State of the North, accompanied by twelve members of his military staff, two legislative committees and their guests, started on their long journey to the Empire State of the South with no special ceremony. There were seven cars in the train, including the private one of President Spencer, of the Southern, loaned for the use of Governor Morton. Every possible want of the party has been anticipated and provided for, and the thousand miles to be traveled will not weary the travelers, as the train is one of the New York Central's best.

The New York republican convention met at Saratoga this morning, and several members of the legislative committee were present as delegates. They were anzious o accompany the governor and even left the convention hall before a single nomination had been made. But every one knew last week what the slate would be, so that there was no particular loss. Governor Morton's party will reach Chattancoga over the Southern railway via Cincinnati and the-Queen and Crescent on Thursday, where they will take part in the ceremonies attending the dedication of the Chickamauga and Chattanooga park. They will be enpecially prominent in unveiling the monu-ments erected to the New York troops on Lookout mountain, Orchard Knob and Missionary ridge, where sixteen regiments of New York troops were engaged. The party will live on board the cars and

The party will live on boat the cars and on Friday night they will proceed to Atlanta. Two, and possibly three, days will be spent at the exposition, and either on Sunday or Monday morning the northward journey via Washington will begin. The party consists of some of the most comparisons will be men of the Empire State.

the various buildings and watched the progress of work in the different departbuildings last night was indeed remarka-

had been brought on the grounds rough brushed up and placed in proper shape. In various buildings, where bare and barren missioners and exhibitors, was filled up displays. The work of removing the debris which has been going on for several days was finished up yesterday afternoon and there is nothing save the incompleteness center fountain to mar the beauty of the blue-streaked amphitheater.

the calm face of Clara Meer, has not yet been removed. The picturesque bridge arching the lake has been finished at last and walts for a coating of paint. Its completion calls for the destruction of the unsightly trestle hard by. This will be done this morning before the coming of the crowd. None of the state buildings except Alabama are yet in shape, but an increased force of workmen has been placed on these structures and it will not be many days before their banners are waving a velcome to the hosts that will gather from the different sections of the country.

During the day the government com ssioners held an adjourned session. Dr. Charles W. Dabney, president of the government board, arrived during the morning and presided at the session. All arrangements for controlling the government building were made and it was decided to accept formally the invitation of the exposition officials to participate in the opening exercises.

There was great excitement about the grounds when the redskins came trooping in headed by "Two Strike," the celebrated Sloux chief, bent and wrinkled with age but strong still and light of tread as on the memorable day when he led the great outbreak.

Then came the Dahomey people, black and savagely nude. They filed past the streets of Cairo and took quarters in the space on the Midway next door to the German village. The arrival of the Dahomey ttes caused great consternation among the negroes at work on the grounds, and they attempted to break through the gates enclosing the strange people several times

during the day.

The exhibit of Venezuela which has been expected since Sunday, came in on the grounds and will be unpacked today or tomorrow. The Venezuelan commissioners will be on hand to take part in the parade

today.

Dr. Gustavo Niederlein, the representative of the Argentine Republic, who has been in Philadelphia for the last week, arrived in the afternoon and will parade with due comp and ceremony today.

The state exhibit of Louisiana, which will be placed in the north end of the agri-cultural building, was uncased and "Lot's Wife," a telling statue in rock crystal salt, of the woman who looked back was pedes-taled in a conspicuous postion. Under the direction of Colonel W. J. Vin-

enheller, the exhibit of the state of Arkansas was pronounced complete. As a whole and in all parts this display will be one of the most attractive features in all of the exhibit buildings.

In the Georgia state building, which is under the supervision of Commissioner of Agriculture Nesbit, many of the counties to be displayed reported for duty and the work of installing the various exhibits be-gan. The University of Georgia, represented by Dr. J. B. Campbell, and the Girls' Normal and Industrial college of Milledge-ville, reported during the day, but the exhibits of these institutions will not be ready for some time.

With an occasional ding-dong sounding

musically across the grounds all of the chimes were placed in the tower and will be ready to peal forth the glad notes when President Cleveland taps the button.

The huge press in the government building, which will turn out the official medals of the exposition, was rigged up and will be in shape for the electric current this Where all the nations of the earth jabber

in the west end of the manufactures and liberal arts building the customs officers with Macchi strained to uncase the bulky objects from abroad, but it was not as quick work as they expected. Italy had been opened up and the statuary arranged. The French exhibit, consisting mainly of scientific instruments and silk goods, was inspected and checked off. There are still

many foreign exhibits to be taken out.

The framework constructed for the display of fireworks tonight was completed late in the afternoon, and is prepared for the great pyrotechnical display.

Captain Purse stood on a step-ladder vesterday afternoon and declared that Savan-nah and Chatham county would be prepared in a few days to fly colors. The ornamentation of the display is artistic and

elaborate.

It is situated in the gallery of the trans-The state of California showed her hand

yesterday afternoon when Colonel J. A Filcher mopped his brow and walked from the manufactures buildings with a smile of self-satisfaction. The exhibit of the state board of trade, which cost thousands of dollars, will call for general applause this morning. With equal energy the work of placing

the show made by the Chamber of Com-merce of Los Angeles has been pressed. Mr. Wiggins, who is manager of the organization and its representative in Atlanta, has not been asleep. When he surveyed his completed work vesterday his countenance was more serene than the placid pool of Clara Meer.

Chief of Construction Grant Wilkins has been devoting most of his time to the hoisting of Trilbies, those masterpieces of statuary breaking into the landscape her and there. Faith Hope and Charity had their faces turned toward the grass yesterday, but they will be jerked up today and lifted in the sunlight. The great Amer-ican eagle, proud bird with the beautiful tail, whom no man could ever inveigle perches on a gilded pedestal in front of the fine arts building. This is a gold bird with lovely gold plumage and perches there airily. An Ohio member of the Grand Army his companion refuted this theory on the

BOOKER T. WASHINGTON

ground that it was not enveloped in fire. Fourteen large statues were off base yesterday afternoon, but will be set up this

The last pump for the operation of the electric fountain was put in yesterday and will be in working order today. It may be, however, that there will be a hitch in the fountain, owing to certain irregularities, but they will be quickly disposed of.

About the Grounds.

Those who saw the exposition grounds on Sunday predicted that it could not possibly be ready for the opening today. But it is. The amount of work accomplished is. The amount of work accomplished within the last forty-eight hours is amazing. While everything is not in ship-shape, it is far nearer complete than the world's fair was on the opening day, and within a week the entire show will be in

he center fountain to mar the beauty he blue-streaked amphitheater. For the first time the full electric display was in operation last night, and the great electric fountain was tested. Tonight the fountain will be in full operation, and

THE BUSIEST PLACE ON THE GROUNDS-Admissions Department.

it will be the greatest sight of the kind the world has yet produced. The pump which works this fountain is of greater to receive visitors, but the building will not. force than that which furnishes the pressure for the entire waterworks system of

One of the most interesting exhibits in the government building to the student of government affairs is that of the state department. It is in charge of Mr. J. M. Biddle, of that department in Washington. The front of the exhibit is decorated with a large oil portrait of President Cleve-land in the center of the horseshoe, decorated with steel engravings of all the presidents of the United States.

In the rear of this, within the limits of the exhibit, is a copy of the declaration of independence, surrounded by photographs of the signers. Then there is an artotype of the constitution of the United States made by Bierstadt, of New York, together with photographs of its signers. Among many other interesting objects shown are all the blank forms of the state deparement, including passports, etc. Then there is a splendid collection of autograph letters from foreign kings and rulers, including one from Kalakua, for-merly king of Hawaii; one from Chulalon-kon, king of Siam, and one from Knava-lononiaka, queen of Madagascer. There is an autograph of all the presidents, except two, signed to proclammations, both of whom died before signing proclammations-William Henry Harrison and Garfield.

One of the most interesting exhibits in

Architect Gilbert at the Grounds.

ated with dragons. In another part of the exhibit is the original gift from France of the Bartholdi statue and the acceptance of the same. Of course the exhibit is decorated with oil paintings of the secretaries of state, and there is a full collec-tion of consular reports. Mr. Biddle is prepared to furnish applicants with these

Among the relics in the exhibit is the sword of George Washington, carried through the revolutionary war, also An drew Jackson's sword and Benjamin Franklin's cane. There is also a collection of Japanese swords. The most artistic

work in the exhibit is a bronze equestrian statue of George Washington. There are collections of the writings of Hamilton, Jefferson, Madison and Munroe. There is a large silk flag woven in one piece by the weavers of Lyons, in 1866, "as an expression of sympathy at the death of Abraham Lincoln." To the ladies, the most interesting feature of the exhibit is the collection of invitations used by esident and Mrs. Cleveland in the official

Ravenel will prove the most interesting in the government building. In the glass tanks on either side of the beautifully decorated archways appears all the fish known to southern waters. In the man-ner of arrangement of it he has presented a perfect fairyland spectacle.

All departments in the government building are now in perfect order, and it is the unanimous verdict of the officials that it is even a better display than the government had at Chicago.

There was an amusing scene at the meet ing of the exposition directors yesterday afternoon, and all on account of one of America's best known authors. He was Joel Chandler Harris. A friend had succeeded in inducing him to take a look at the exposition grounds the day before the opening. It was the first time in five years that Mr. Harris had been within Piedmont park, and naturally his surprise at the change that had been wrought was very great. To say that he was enthusiasti over all that he saw is putting it mild. He was so enthusiastic that he went to the administration building, where the directors were in session, to congratulate them upon their work. He appearance was greeted with hearty applause, and as soon as he got within the room there were calls for a speech. A streak with an auburn tint was seen flitting through the doorway. 1t didn't stop until it reached West End.

grounds yesterday was Mr. C. A. Garcelon, general superintendent of the Puilman Car Company, and Mr. H. M. Pflager, mechanical inspector of the same. They came down to see the exposition and arrange the Pullman car exhibit.

Mr. C. E. Kemper, of the supervising architect's department of the treasury de-partment, has returned, and will remain for several weeks.

THE LADIES GETTING READY. Columbus Room and Lucy Cobb Room

Marie and Mackinaw, Mich. These stuffed dogs are the real ones which were used and are of the finest breed. The room is oriental and the wall pa-pering looks very much like tapestry. Ori-Among the wax figures are those showing the messenger boy on a bicycle, the ental lamps will light up the beautiful room, which are hung from the frescoed celling. Rugs, curtains and tapestries are tidy postman in Uncle Sam's employ; the Swedish rostman in field dress, as he journeys from Sweden to Norway, and in miniature are figures showing the mail

service of India, among which is the run-

ner, who makes about ten miles an hour across country. Grouped around the posts are framed

pictures of foreign stamps and seals, and three pictures of the western stage coach driven by a woman. In other frames are

veterans in the postal service-those who

have served over forty years—and of the seventy-nine one is a woman. Roswell Beardsley is the oldest, having been in

the service since 1828, and what is more

is still an active worker.

In order are frames of official envelopes, postal cards, misdirected letters, postmarking stamps and United States

locks from 1800 to the present.

Of much interest are the postal statistics

from Ben Franklin's administration as

postmaster general in 1775 to 1893, showing

at that time thirty offices in the United States, and now over 70,000. Also is the magnitude of our postal service compared

with that of the three great nations, Eng-

land, France and Germany.

On the east wall are frames showing stamps of late issue, ranging from the

1-cent denomination to \$100 for newspapers

NEW ARRIVALS YESTERDAY. Having Their Pictures Taken for Passes.

and periodicals, along with the first postal

cards issued, and stamped envelopes from 1853 to 1893, while the south wall is cov-

ered with stamps of foreign countries. In glass cases are many interesting relies, among which are Franklin's ledger,

Japanese uniforms and a complete set of

Japanese stamps; portrait of the Japanese postmaster, his residence at Yokohama,

and pictures showing the different phase

of mail service in that country; the uni-

form of English carriers; Swedish uni-forms and mail coaches; also those of

Cape Colony, Queensland and Russia;

German mailbags and four-horse mail

coach, cart and wagon; the marking ap-paratus as used in Denmark and Mexican

Very interesting is the case of articles found in the dead letter office, the most

striking being a genuine live rattlesnake,

a card which went around the world in

129 days, collection of very rare Mexican stamps, rings, teeth, pigtail, Indian scalp,

lolls, satchels, alligator four feet in

length, planes, revolvers, skull, dynamite bomb, cakes, corn, hoe, teapot, log of wood over four feet in length and many

other curious things.

In the same case is something which will be of much interest to Atlantians—a

picture of the first postoffice in Atlanta. It was a low structure resembling a back-

woods store, and over the porch is painted the sign, "Wash Collier."
Many striking pictures are displayed, and as a whole the exhibit is very creditable, the only thing lacking being a regular postoffice in operation. Owing to crowded space this was impossible. ds store, and over the porch is paint-the sign, "Wash Collier."

Following is the communication received

agreement to close their stores during the

steelyards for weighing mails.

all oriental, and are most beautiful. The "cozy corner" is an inviting retreat in the corner of the room. It has elegant cur-tains, caught at the top by a lamp of curios design. The two sofas are covered with elegant spreads and numerous head rests, encased with fine oriental cases. It is an inviting retreat and makes the room the more artistic. There are two large glass front cases in the room with numerous rare articles in them. One has the finest and richest collection of Indian mound relics in the world. They are the property of Mr. J. B. McNight, of Columbus, and consist of more than a thousand curios. The vases that have engravings on them are among the rarest in existence, and are valued very highly. In this case is also a collection of Burmese mummies that pre-

sent a unique appearance. The other large case has a collection of rare hand painted chinaware that is the work of the women of Columbus. The entire wedding outfit of one of the celebrated omen of Georgia is among the articles in

the case. Altogether the Columbus room is origial, unique and beautiful. The draping and decorations are the work of Mrs. C. T. Osburn and Miss Annie Griffin, two prom-nent socety leaders of Columbus. They are to be congratulated on their success in the

artistic decorations.

### The Lucy Cobb Room. The Lucy Cobb room is altogether differ-

ent. It is the work of scholars and teachers of this famous Georgia institute, and for arrangement and beauty it is hard to

The many handsome paintings by the scholars of the art class decorate the walls. The ceiling is probably the handsomest in the woman's building. It is an achievement of art and is beautiful in the extreme The room is painted in white and gold and with the handsome oil paintings on the wall and the fine brussels carpet on the floor, the room looks like the art room of a

Mrs. Lipscomb, the principal of Lucy Cobb, has taken great interest in the ex-hibit, and has spared neither money nor labor in making it a beautiful room. Miss Jennie Smith, the art teacher of the in-stitute, has been superintending the decorations for several days and has completed

This room is ready to throw open to visitors, but it is finished only to be gazed at by those directly employed in the building for several days to come. These two rooms, the Columbus and the Lucy Cobb, are palaces in themselves, and

if the many other handsome apartments that are to be fitted up compare with them the woman's building and annex will be the most popular building on the grounds. Madame Pogoski, custodian of the Rus

sian exhibit and who is here to superintend the installment of this exhibit, was a prom-inent person in the building yesterday. She speaks English remarkably well. She was greatly pleased with the woman's building, but is sorry it will not be ready for the opening today. She is accompanied by her daughter, and will be in the city for sever-

MORE FIREMEN AT THE GROUNDS

Ten Additional Laddies Sent Out To Fight Blazes Yesterday. Ten firemen with a hose wagon were sent to the grounds today and installed in the

With the addition of the new company the department at the grounds is complete. A better department or a larger one has never watched over exposition buildings. It is complete in every detail.

Mr. Jake Emmel, assistant chief of the regular city department, is chief of the executive forces. All the exhibitors and persons otherwise interested in the buildings can feel safe from fire with such brave and competent laddies watching over them and theirs. The exhibit in the fire building is interest-

ing and elegant. The handsome hook and ladder company will be used in case of fire and the new hose wagons and engines are of the latest models and appliances. With the sixteen alarm boxes and the large department at the grounds the fire demon would have trouble in getting the upper hand.

Are the two words that tell the fate of all industries and enterprises. Capability, honesty and integrity are three elements of success, while failure follows inability, dishonesty and unfairness. The medical profession furnishes many examples of this truth. Dr. Hathaway & Co. have scored a remarkable success while others have failed. Their increasing business has compelled them to open offices in six different states and their practice is now coextensive with the union. Their success is due to the fact that their treatment is the best, that they have dealt fairly with the public and are true genuine specialists. sion the national and state flags are in-tertwined in such a way as to make a very pleasing effect. The presence of the state flag has caused a good deal of dis-cussion. A good many Georgians do not know that the state has a flag and a good many others do not know what that flag

The legislative committee appointed to represent the state at the Chickamauga National park exercises will leave the city National park extended the members of the committee will all return on Saturday to be at the exposition on Blue and Gray day.

In This Work-a-Day World

the public and are true genuine specialists.

They recognize the fact that diseases of the human family should be treated only by scientific methods and expert physicians. They are fitted by education and experience for their profession and have kept pace with the rapid advancement made in medical science.

Dr. Hathaway & Co. succeed where others fail and have cured thousands of cases of specific blood poisoning, nervous debility, hydrocele, varicocele, pimples, night losses, strictures, impotency, lost manhood, eczema, moles, birthmarks, piles and diseases of women by new and improved methods which are the result of their own energy and thought. They give consultations free, and their charges far treatment are within the reach of all. Send for symptom blank No. 1 for men; No. 2 for women, No. 3 for skin diseases. It you place your case in the hands of Dr. Hatbaway & Co. you are sure to be satisfied. Call on them or address them at 224 South Broad street, Inman building. Brains and nervous systems often give way under the pressure and anxiety of business. Paresis, wasting of the nervous tissues, a sudden and unforwarned collapse of the mental and physical faculties are daily occurrences, as the columns of the daily press show. Fortify the system when exhausted against such untoward events with Hostetter's Stomach Bitters, that most helpful medicine of the weak, wornout and infirm. Use it in rheumatism, dyspensia, consti-

THEY WANT SUFFRAGE.

the Constitutional Convention. Columbia, S. C., September 17.-In the constitutional convention today everything was as serene and placid as the surface of a lake on a sultry day. There was not even an echo of yesterday's battle of words.

Senator Benjamin R. Tillman being gaged with his committee hearing a contest, he was not in the hall during the morning session. Of course, the sensi-tional events of yesterday have been the subject discussed by every knot of men The news that Irby had so severely hand-led his erstwhile bosom friend was a sur-prise it will take many some time to re-

cover from.

The convention was only in session about half an hour today owing to the fact that none of the committees were ready to re-

tions were received and then the convention took a recess until 8 'o'clock p. mon motion of Colonel Aldrich, to have speeches from all advocates of th of weman's suffrage who wished to addre the convention. Colonel Aldrich stat that they had the right that any citin had to be heard and to present their gris out trouble. During the day seve portant ordinances were introduced, am them ordinances to regulate the suffr in various ways, to engraft the di law's main features in the constitution make education compulsory, to prevent veritism in awarding contracts for pul printing, etc. General Robert Smalls, negro who was a member of the re-struction convention, introduced and nence containing the article on the frage in the present constitution.

I. R. Read, colored, today introduced

I. R. Read, colored, today introduces auti-lynching ordinance, providing for the summary dismissal of any officer of the law who allows a prisoner to suffer any bodily harm while in his custody. This evening the galleries were packed to their utmost capacity with spectators, mostly ladies, to hear the speeches of the advocates of weman's suffrage. It was one of the largest sudjecces ever seen in one of the largest audiences ever se the hall. Addresses were made by Laura M. Clay, of Kentucky, the advocate of the cause; Mrs. Virginia Young, president of the State Equal Rich Association, and Mrs. Viola Neblit, t vice president of the associat were most attentively listened to and seed well pleased with the attention show them by the convention. The speechs

e unusually strong. The reasons nan's suffrage were presented in a for ble manner. Governor Evans, in introducing Clay, took occasion to say that it supposed that they were the sovere power, but that was not so; woman there to speak for herself. He paid high tribute to the great Kentucky state his re-

man, Henry Clay, in introducing his retive, and said:

"Who knows but that this relative of the famed compromiser may be here not cause history to reach their said." to cause history to repeat itself so far

Gilmore's Band Will Play.

In the procession and just preceding the carriages in which the directors of the exposition will ride, will be stationed Gilmore's band, consisting of forty-eight pieces. The music will be bright and catchy and played just as only these famous musicians can interpret.

sicians can interpret.

In addition to the band of Gilmore will be five or six other bands, which number will include the band of the Washington artillery, consisting of twenty-four pieces. Will March Out Peachtree.

Over the smooth asphalt the troops will move and on out to the exposition grounds.
When Wilson avenue is reached the command "column left' will be given, and the imposing column will wheel into Fourteenth street and march through the main. teenth street and march through the main entrance into the grounds. The column will file through the gate and come to a halt in the plaza. Carriages will pass through and ranks will be broken in the through and ranks will be broken in the plaza. Then the colonels and captains will be given command of the several battalions, and the soldiers will either witness the exercises or will inspect the buildings.

Barbecue and Lunch. Barbecue and Lunch.

The soldiery that take part in the parade will be tendered a barbecue at the grounds of the Piedmont Club after the opening exercises are over. The barbecue will be served in the cool breezes that sweep through the trees and under the spreading boughs of the trees steaming meats will be served in true southern style.

While the soldiers are feasting on barbecued meats and drinking in the sweet aroma of delicious smelling lamb, the staff officers will be enjoying a luncheon in the dining room of the club. The luncheon will be spread at the same time that the barbecue is given.

### 'A DAY'S CHANGE.

Wonderful Transformation Wrought at the Exposition Grounds.

Phenomenal—the change at the exposition

grounds yesterday. To one who the day before had inspected the various buildings and watched the progress of work in the different departments the appearance of the grounds and buildings last night was indeed remarka-

had been brought on the grounds rough and incomplete, were hastly snatched out, brushed up and placed in proper shape. In various buildings, where bare and barren space had told of the tardiness of commissioners and exhibitors, was filled up rapidly and transformed into interesting displays. The work of removing the debris which has been going on for several days there is nothing save the incompleteness

the calm face of Clara Meer, has not yet been removed. The picturesque bridge arching the lake has been finished at last and walts for a coating of paint. Its completion calls for the destruction of the unsightly trestle hard by. This will be done this morning before the coming of the crowd. None of the state buildings except Alabama are yet in shape, but an increased force of workmen has been placed on these structures and it will not be many days before their banners are waving a velcome to the hosts that will gather from

During the day the government com-missioners held an adjourned session. Dr. Charles W. Dabney, president of the government board, arrived during the mornng and presided at the session. All arrangements for controlling the government building were made and it was decided to accept formally the invitation of the exposition officials to participate in the opening exercises.

There was great excitement about the grounds when the redskins came trooping in headed by "Two Strike," the celebrated Sloux chief, bent and wrinkled with age, but strong still and light of tread as on the memorable day when he led the great

Then came the Dahomey people, black and savagely nude. They filed past the streets of Cairo and took quarters in the space on the Midway next door to the German village. The arrival of the Dahomey-ites caused great consternation among the negroes at work on the grounds, and they attempted to break through the gates enclosing the strange people several times

during the day.

The exhibit of Venezuela which has been expected since Sunday, came in on the grounds and will be unpacked today or to-morrow. The Venezuelan commissioners will be on hand to take part in the parade

Dr. Gustavo Niederlein.the representative of the Argentine Republic, who has been in Philadelphia for the last week, arrived in the afternoon and will parade with due

nomp and ceremony today.

The state exhibit of Louislana, which will be placed in the north end of the agriultural building, was uncased and "Lot's Wife," a telling statue in rock crystal salt, of the woman who looked back was pedes-taled in a conspicuous position. Under the direction of Colonel W. J. Vin-

enheller, the exhibit of the state of Arkansas was pronounced complete. As a whole and in all parts this display will be one of the most attractive features in all of the exhibit buildings.
In the Georgia state building, which is

under the supervision of Commissioner of Agriculture Nesbit, many of the counties to be displayed reported for duty and the work of installing the various exhibits began. The University of Georgia, represented by Dr. J. B. Campbell, and the Girls' Normal and Industrial college of Milledgeville, reported during the day, but the exhibits of these institutions will not be

With an occasional ding-dong sounding musically across the grounds all of the chimes were placed in the tower and will be ready to peal forth the glad notes when President Cleveland taps the button.

The huge press in the government build-

ing, which will turn out the official medals of the exposition, was rigged up and will Where all the nations of the earth fabber

in the west end of the manufactures and liberal arts building the customs officers with Macchi strained to uncase the bulky objects from abroad, but it was not as quick work as they expected. Italy had been opened up and the statuary arranged. The French exhibit, consisting mainly of scientific instruments and silk goods, was inspected and checked off. There are still many foreign exhibits to be taken out.

The framework constructed for the display of fireworks tonight was completed late in the afternoon, and is prepared for the great pyrotechnical display.

Captain Purse stood on a step-ladder vesterday afternoon and declared that Savan-nah and Chatham county would be prepared in a few days to fly colors. The orna mentation of the display is artistic and

It is situated in the gallery of the trans portation building.
The state of California showed her hand

yesterday afternoon when Colonel J. A Filcher mopped his brow and walked from of self-satisfaction. The exhibit of the state board of trade, which cost thousands of dollars, will call for general applause this morning.

With equal energy the work of placing the show made by the Chamber of Commerce of Los Angeles has been pressed. Mr. Wiggins, who is manager of the organization and its representative in Atlanta, has not been asleep. When he surveyed his completed work yesterday his countenance was more serene than the placid pool of Clara Meer.

Chief of Construction Grant Wilkins has been devoting most of his time to the hoisting of Trilbies, those masterpieces of statuary breaking into the landscape he and there. Faith Hope and Charity had their faces turned toward the grass yesterday, but they will be jerked up today and lifted in the sunlight. The great Amer-ican eagle, proud bird with the beautiful tail, whom no man could ever inveigle, perches on a gilded pedestal in front of the fine arts building. This is a gold bird with lovely gold plumage and perches there airily. An Ohio member of the Grand Army of the Republic said it was a phoenix, but his companion refuted this theory on the

BOOKER T. WASHINGTON.

Fourteen large statues were off base yes terday afternoon, but will be set up this

The last pump for the operation of the electric fountain was put in yesterday and will be in working order today. It may be, however, that there will be a hitch in the fountain, owing to certain irregularities, but they will be quickly disposed of.

About the Grounds.

About the Grounds.

Those who saw the exposition grounds on Sunday predicted that it could not possibly be ready for the opening today. But it is. The amount of work accomplished within the last forty-eight hours is amazing. While everything is not in shipshape, it is far nearer complete than the world's fair was on the opening day, and within a week the entire show will be in within a week the entire show will be in

All of the departments of the govern

it will be the greatest sight of the kind the world has yet produced. The pump which works this fountain is of greater force than that which furnishes the pressure for the entire waterworks system of Atlanta.

One of the most interesting exhibits in the government building to the student of government affairs is that of the state department. It is in charge of Mr. J. M. Biddle, of that department in Washingon. The front of the exhibit is decorated with a large oil portrait of President Cleve-land in the center of the horsesfoe, decorated with steel engravings of all the residents of the United States.

In the rear of this, within the limits of the exhibit, is a copy of the declaration the exhibit, is a copy of the declaration of independence, surrounded by photographs of the signers. Then there is an artotype of the constitution of the United States made by Blerstadt, of New York, together with photographs of its signers. Among many other interesting chiects shown are all the blank forms of the state deparement, including passports, etc Then there is a splendid collection of au-tograph letters from foreign kings and rulers, including one from Kalakua, for-merly king of Hawaii; one from Chulalon-kon, king of Siam, and one from Knava-lononiaka, queen of Madagascer. There is an autograph of all the presidents, except two, signed to proclammations, both of whom died before signing proclammations-William Henry Harrison and Gar-

ated with dragons. In another part of the exhibit is the original gift from France of the Bartholdi statue and the acceptance Of course the exhibit is of the same. orated with oil paintings of the secretaries of state, and there is a full collec-tion of consular reports. Mr. Biddle is prepared to furnish applicants with these

Among the relics in the exhibit is the sword of George Washington, carried through the revolutionary war, also Andrew Jackson's sword and Benjamin Franklin's cane. There is also a collection of Japanese swords. The most artisti work in the exhibit is a bronze equestrian statue of George Washington.

There are collections of the writings of Hamilton, Jefferson, Madison and Munroe. There is a large silk flag woven in one piece by the weavers of Lyons, in 1866, "as | in the crowd. an expression of sympathy at the death of Abraham Lincoln." To the ladies, the most interesting feature of the exhibit is the collection of invitations used by th president and Mrs. Cleveland in the official functions of the white house.

mission exhibit in charge of Mr. W. de C. the large bronze corner piece containing Ravenel will prove the most interesting in the government building. In the glass tanks on either side of the beautifully decorated archways appears all the fish known to southern waters. In the man-ner of arrangement of it he has presented a perfect fairyland spectacle.

All departments in the government build ing are now in perfect order, and it is the unanimous verdict of the officials that it is even a better display than the government had at Chicago.

There was an amusing scene at the meeting of the exposition directors yesterday afternoon, and all on account of one of America's best known authors. He was Joel Chandler Harris. A friend had succeeded in inducing him to take a look at the exposition grounds the day before the opening. It was the first time in five years that Mr. Harris had been within Piedmon park, and naturally his surprise at the change that had been wrought was very great. To say that he was enthusiastic over all that he saw is putting it mild. He was so enthusiastic that he went to the administration building, where the tilrectors were in session, to congratulate them upon their work. He appearance was greeted with hearty applause, and as soon as he got within the room there were calls for a speech. A streak with an auburn tint was seen flitting through the doorway. didn't stop until it reached West End.

Among the prominent visitors on the grounds yesterday was Mr. C. A. Garcelon, general superintendent of the Pullman Car Company, and Mr. H. M. Pflager, mechanical inspector of the same. They came down to see the exposition and arrange the Pullman car exhibit.

Mr. C. E. Kemper, of the supervising architect's department of the treasury department, has returned, and will remain

The two sofas are covered with elegant spreads and numerous head Grouped around the posts are framed pictures of foreign stamps and seals, and three pictures of the western stage coach driven by a woman. In other frames are rests, encased with fine oriental cases. It is an inviting retreat and makes the room veterans in the postal service—those who have served over forty years—and of the seventy-nine one is a woman. Roswell Beardsley is the oldest, having been in the more artistic. There are two large glass front cases in the room with numerous rare articles in them. One has the finest and richest collection of Indian mound rel-ics in the world. They are the property the service since 1828, and what is more, is still an active worker.

In order are frames of official envelof Mr. J. B. McNight, of Columbus, and consist of more than a thousand curios. The vases that have engravings on them opes, postal cards, misdirected letters, postmarking stamps and United States are among the rarest in existence, and are

locks from 1800 to the present.
Of much interest are the postal statistics from Ben Franklin's administration as postmaster general in 1775 to 1893, showing valued very highly. In this case is also a collection of Burmese mummies that pre-The other large case has a collection of rare hand painted chinaware that is the at that time thirty offices in the United States, and now over 70,000. Also is the work of the women of Columbus. The enmagnitude of our postal service compare tire wedding outfit of one of the celebrated women of Georgia is among the articles in

with that of the three great nations, England, France and Germany . On the east wall are frames showing stamps of late issue, ranging from the 1-cent denomination to \$100 for newspapers

Having Their Pictures Taken for Passes.

and periodicals, along with the first postal ards issued, and stamped envelopes from 1853 to 1893, while the south wall is covered with stamps of foreign countries.
In glass cases are many interesting rel cs, among which are Franklin's ledger. Japanese uniforms and a complete set of Japanese stamps; portrait of the Japanese postmaster, his residence at Yokohama, and pictures showing the different phase of mail service in that country: the uni form of English carriers; Swedish uni-forms and mail coaches; also those of Cape Colony, Queensland and Russia; German mailbags and four-horse mail coach, cart and wagon; the marking ap-paratus as used in Denmark and Mexican steelyards for weighing mails.

Very interesting is the case of articles found in the dead letter office, the most striking being a genuine live rattlesnake, a card which went around the world in 129 days, collection of very rare Mexican stamps, rings, teeth, pigtail, Indian scalp, dolls, satchels, alligator four feet in length, planes, revolvers, skull, dynamite bomb, cakes, corn, hee, teapot, log of wood over four feet in length and many

wood over four feet in length and many other curious things.

In the same case is something which will be of much interest to Atlantians—a picture of the first postoflice in Atlanta. It was a low structure resembling a backwoods store, and over the porch is painted the sign, "Wash Collier."

Many striking pictures are displayed, and as a whole the exhibit is very creditable, the only thing lacking being a regular postoffice in operation. Owing to crowded space this was impossible.

To Close Their Stores. Following is the communication received from the firms of the city by President Collier yesterday morning telling of their

Are the two words that tell the fate of all industries and enterprises. Capability, honesty and integrity are three elements of success, while failure follows inability, dishonesty and unfairness. The medical profession furnishes many examples of this truth. Dr. Hathaway & Co. have scored a remarkable success while others have failed. Their increasing business has compelled them to open offices in six different states and their practice is now coextensive with the union. Their success is due to the fact that their treatment is the best, that they have dealt fairly with the public and are true genuine specialportraits of Bissel and Wanamaker, and above the case is a large portrait of the present incumbent, Postmaster General

the best, that they have dealt fairly with the public and are true genuine specialists.

They recognize the fact that diseases of the human family should be treated only by scientific methods and expert physicians. They are fitted by education and experience for their profession and have kept pace with the rapid advancement under in medical science.

Dr. Hathawaw & Co. succeed—where others fail and have cured thousands of cases of specific blood poisoning, nervous debility, hydrocele, varicocele, pimples, night Iosses, strictures, impotency, lost manhood, eczema, moles, birthmarks, piles and diseases of women by new and improved methods which are the result of their own energy and thought. They give consultations free, and their charges for treatment are within the reach of all. Send for symptom blank No. 1 for men; No. 2 for women. No. 3 for skin diseases, If you place your case in the hands of Dr. Hatbaway & Co, you are sure to be satisfied. Call on them or address them at 23/4 South Broad street, Inman building.

Brains and nervous systems often give way under the pressure and anxiety of business. Paresis, wasting of the nervous tissues, a sudden and unforwarned collapse of the mental and physical faculties are daily occurrences, as the columns of the daily press show. Fortify the system when exhausted against such untoward events with Hostetter's Stomach Bitters, that most helpful medicine of the weak, wornout and infirm that it in rheumatism, dyspessis, constiregular car.

Three dogs driven by an Indian and drawing a tandem with bags attached, represent the mall service which was in vogue three years ago between Sault Ste.

## TAXES INCREASED.

I Heavy Advance Made by Bibb County Commissioners.

VACCINATION IS OPTIONAL

The Board Is Opposed To Making It Compulsory, Although It Was Recommended by the School Board.

Macon, Ga., September 17 .- (Special.)county commissioners met today and ared the county rate for this year. The combined state and county tax will be \$1.30 on the \$100 as against \$1.05 on the \$100 last year, or \$13 on the \$1,000 as against \$1,000 on the \$1,000 last year. Only once before has the rate been so high and that was in the year of the memora le of Tom Woolfolk, the expenses of which were nearly \$25,000 to Bibb county. The ncrease is \$2.50 per \$1,000 over last year. Of this increase the state's is 19 cents on \$1.000 and the county's is \$2.31 on \$1,000. The increase in the rate is due to several

causes, to-wit: A decrease in tax returns for 1896 of \$511,739 as compared with last year. The total tax returns in 1894 were \$17,280,658; in 1895 they are \$16,668,919, or a decrease for this year as above stated.

ond cause for the increase in the rate is that when the tax levy was de last year, on September 18, 1894, the county commissioners had cash in bank to the amount of \$22,282.72, \$16,000 of which was from accumulated back taxes of rail roads in the hands of receivers, which was not paid until 1894. This year, today, when the levy is made, instead of \$22,282.72 the commissioners had to row about \$2,500.
third cause of the increase in the

county tax rate is that the expenses of the county this year have increased over those of last year \$19,501.11. The total appropriations for 1894 were \$128,213.15, from which was deducted \$22,282.72, the cash on hand alluded to above, making the total ount to be raised by taxation in 1894, 930.43. The total appropriations for 895 are \$147,714.26, from which is to be dethe amount to be raised by taxation this year \$140,685.67, as against \$105,930.43 last year, or \$34,755.24 more in 1895 than in

tions is due to the following causes: \$5,931.30 more has been appropriated to the public schools this year than last; \$6,088.56 more has been appropriated to public roads; the expenses of the city court have increased \$2,061.15; the expenses of the superior court have increased \$1,319.70; the expenses and repairs at the jail have increased \$1,799.26; the expenses for heaters and repairs increased \$1,319.70; the expenses of courthouse have increased \$4,129.93; the pauper account has increased \$819.33; Roff \$223.32; the county treasurer's sal-There have been increases in

No Compulsory Vaccination.

The county commissioners, at their meeting today, placed themselves on record against the compulsory vaccination of pub-lic school children. At the last meeting of the board of public school education a resolution was adopted requiring all children to be vaccinated prior to the 1st of January, or they will not be admitted to the schools after that date. The board of education ent a communication to the county con misioners requiring them to direct the physician to vaccinate free of cost all children in the country schools who are too poor to pay the vaccination fee. commissioners today refused to grant the request and stated that they are opposed

Under False Pretenses.

A very interesting case was tried in the ity court today. Seth Hill sued Anna hillip for \$500, alleged to have been borrowed by her on a tract of land. Mr. L. J. Anderson represented a loan company. Arthur Hooper, a notorious negro, peared with Anna Phillip at Mr. Ander-son's office and made an application for a loan for the woman. In due time Anderson notified Hooper that the money would be loaned. Hooper came to Mr. Anderson and the two then went to see Anderson and the two then went to see Anna Phillip. Mr. Anderson delivered the money to a woman presumed to be Anna Phillip. Hooper paid the interest as it fell due. When the loan matured Hooper had left town, and when payment of the When the loan matured Hooper loan was enforced Anna Phillip maintaine that she had never received the money and that another woman had falsely imnated her. The leading question a the trial today was the identification of the real Anna Phillip. James L. Ander-son represented the plaintiff and Estes &

Other Court Matters. In the case of the E. J. Codd Company, of Baltimore, against J. S. Schofield's Sons Company, of Macon, on trial for the third time in the city court, for the value of an engine, the jury rendered a verdict for plaintiff for \$1,050 and interest.

plaintiff for \$1,000 and interest.

Special Master Tally, of the United States court, has been engaged today hearing the intervention of J. J. McCantz, of er, against the Central railroad for 1,800 worth of crossties furnished the road when operated by the Richmond and Dan Hardeman, Davis & Turner repre-ted the plaintiff; Marion Erwin represented the defendant.

Victims of Accidents.

On yesterday morning Hon. N. E. Haris sustained quite a severe accident at his home in this city. He attempted to stand on a chair to light a gas jet. He stepped too near the edge, the chair top-pled over and Mr. Harris fell with his full weight and with great force upon the sharp top of the chair. His right side and breast were badly cut and it was at irst thought that two ribs had been brok en, but close medical observation showed that the ribs were only severely bruised. front of his right leg was lacerated from the instep to the knee. Mr. Harris has been in bed since the accident.

This morning the horse of Lieutenant Charley Carnes, of the Macon police, be-came frightened at the street cars at the tersection of Fourth and Hawthorne streets, and commenced to run. Lieutenant Carnes was thrown violently out of his buggy to the ground and his hands becoming entangled in the reins he was dragged some distance, and was in immient danger of being killed, but the horse collided with a street car, which stopped the buggy, and Lieutenant Carnes escaped dury beyond a few severe bruises and a led and torn suit of clothing.

Changes in the Charter. The city council met tonight. The most apportant matter before it was a resoluoduced by Alderman Altmayer to take consideration what amendments, if should be made to the city charter next session of the legislature and to refer them to the senator and represen-tatives from Bibb. The resolution sug-gested the following changes: To change boundries of wards four and five, so to place more territory in the fifth ard; to allow the mayor and aldermen succeed themselves and thus remove e limitation of the term of office; to althe mayor to preside at council meetings and to do away with the position of chairman of council; to give the mayor greater power than he now possesses by abolishing commissions. The resolution was referred to the committee on legislation, composed of Messrs. Ryals, chairman; Sperry and Mansfield, with a request to report next Tuesday night.

Last Tuesday night the council, by a vote of 6 to 5, agreed to restore Sexton Keating's salary from \$50 per month to \$75, the intention being that he should receive back pay for the past eight months. The finance committee refused yesterday to approve the voucher for the back pay, claiming that council did not intend to allow Keating back pay. To settle the question, Alderman Pierson offered a resolution tonight granting back pay. There was considerable discussion, but the back pay won by a vote of 6 to 5, as follows: For back pay, Van, Hurley, Altmayer, Pierson, Sperry, Hill, total 6; against, Peavy, Mansfield, Willingham, Happ, Ryals, total 5.

Mercer university gives the city of Macon five free scholarships. Tonight Mayor Pro Tem. Findlay announced that he had appointed Aleck Vaughn and Charles Sagerquist to two of the scholarships, and council ratified the appointments.

The Baptist Young People. The Baptist Young People.

The state convention of the Baptist People's Union assembled this afternoon at 3 o'clock in the First Baptist church with a large attendance of delegates from all parts of Georgia. Rev. J. L. White, pastor of the Macon First Baptist church, was elected president of the convention. Mr. F. J. Paxon, of Atlanta, was chosen secretary. Variance commitwas chosen secretary. Variance was chosen secretary. Variance commit-tees were appointed. Devotional exercises were led by Rev. Dr. Winchester, & Atlanta. The leading, topic at tonight's dis-cussion was whether or not there should e a southern union.

The convention will be in session three days. A large number of delegates are ex-pected tomorrow. These exercises tomor-row morning will be held at the chapel of Mercer university and will be public. Addresses will be made by Dr. McDonald and Dr. Hawthorne, of Atlanta, Dr. Burrows, of Augusta, and others.

### LIVINGSTON WAS RIGHT.

Hoke Smith Did Say He Was for Free Coinage, "but We Can't Get It." Cordele, Ga., September 14.—Editor Constitution: We see that Hon. Hoke Smith denies using in his Cordele speech the expression in reference to silver charged by Mr. Livingston, to-wit: "I am in favor of free and unlimited coinage of silver at 16 to 1 today, but we can't get it."

This was said by him at the close of This was said by him at the close of his speech after having made a lengthy argument against independent coinage at

Mr. Livingston in his reply took up the sentence and made a telling hit against the secretary and insisted that he had not

the secretary and insisted that he had not tried to get it.

### A SCALPER'S SUIT.

He Will Try To Make the Southern Refund for a Ticket.

Brunswick, Ga., September 17.—(Special.) A ticket broker named Jones recently sold a cut rate ticket to a drummer. A Southern railroad conductor refused to honor if because the drummer was not the original purchaser. The drummer paid his fare and called on Jones today for a refund. Jones refunded and today entered suit through Attorney Visanski against the road for

Captain White, of the Satilla river steamer Passport has been doing a good towing business on his route outside of his regular traffic. This is said to have crossed the combination tugboat men and it is rumored they intend putting on a rival Sa-tilla river steamer to compete with the Passport.

### AN UNKNOWN MAN HURT.

Struck by a Train at Cornelia-Not

Expected To Live. Cornelia, Ga., September 17.-(Special.)-A man with letters in his pocket addressed to Benjamin Franklin, Westminster, S. C., was picked up unconscious tonight a few minutes after the bell train pulled into the sidetrack at this place. He was carried to the walting room at the depot and the agent has been trying to find out something about him. The agent at Westminster, S. C., says that he knows nothing of him. The citizens of this town have made up a small fund to have him cared for. He has been moved to the hotel and is being properly cared for. He is not expected to

### KILLED BY A GIN.

A Workman Is Pulled Into It and

Fatally Mangled. Waynesboro, Ga., September 17.—(Special.)—A fatal accident occurred near here today on the plantation of Solicitor General W. H. Davis. A worthy colored man, William Rheney, while running the steam ginnery, got his hand and arm caught in the saws of the gin, which pulled his body into the breast of the gin, fearfully lacerating and cutting his breast and side. His body was fearfully mangled, and after three hours of intense suffering he died. In the same neighborhood a few days ago the boiler of the steam gin of Mr. F. M. Cates exploded, seriously injuring five men standing near by.

### FIRED ON THE MOB.

Negro Prisoners Repulse a Party of

Would-Be Lynchers. Jackson, Tenn., September 17.—News reached here this morning of the unsuc-cessful attempt of a mob to take Harrison Fuller and Frank Simpson, negroes con fined in the Henderson county jail at Lex-Ington for attempting to outrage the widow Pomeroy and her sixteen-year-old daugh-ter the night of July 11th. Between midnight and daylight the mob went to the jail, broke open the doors and on reaching the cell the negroes opened fire on them seriously wounding Hugh Cook and slightly wounding a man named Jones and a man named Joner. The shooting caused the mob to disband. Excitement is intense and serious trouble is expected at any minute. It is rumored in this city that a crowd will leave here tonight for Lexing-

After the mob had been repulsed it became furious and would have killed the sheriff and burned the jail but for the persistent appeals of bystanders.

Last advices were that the prisoners would be removed to a safer place.

"Mountain Campaigns in Georgia-Chattanooga, Dalton, Atlanta," is out in its sixth edition. It is handsomely bound and is issued as a souvenir of the exposition. It abounds with handsome half-tones and is sold for 35 cents.

The Ladies and the Farmers Have Interesting Displays.

WORK AT THE COTTON MILLS

The Walls of the Great Factory Are Going Up Rapidly-No News from Harvey Wilson.

Rome, Ga., September 17 .- (Special.)-Everything is on the jump for the exposi-tion. The ripples of the great tidal wave have broke on the shores of the Hill City and earger anticipation and anxiety pervades Roman social and business circles. One of the finest pieces of enterprise that has developed in connection with the great show is the display of revolutionary and colonial relics that has been gotten together. When the ladies began on it they supposed that they would only have a few express packages that could be easily forwarded to Atlanta and placed in position. But they counted without their host and today eight large packing cases were sent down in charge of Mrs. J. A. Rounsaville and Miss Effle Turnley, the latter taking the place of Mrs. J. H. Reynolds, who is out of the city.

These ladies have been very enthusiastic in the work and they have succeeded in

gathering together a collection of revolu-tionary relics that embraces many rare and beautiful things of inestimable value outside of their intrinsic worth. Washington in Tapestry

Among the pictures is a wonderful picture of George Washington in tapestry, done by the grandmother of Mrs. W. S. McHenry over a hundred years ago. The portrait is said to be a very realistic likeess of the father of his country and the skill and ingenuity of the work is some-

thing remarkable.

A few days since the ladies received a silver coffee, chocolate and tea service which was bequeathed to Mr. W. J. Neel by an aged relative. It is a wonderfully handsome service and was made by the old time silversmiths one hundred and

fifty years ago.

Many of the ladies of Rome among their ancesters some of the famous men and women of the olden time, and the collection of valuable miniatures which drs. Rounsayille kept in her own possession, for fear of some accident, is of sur passing interest

Floyd County Exhibit.

The Floyd county exhibit, which has been carefully collected with great pains and discrimination, was also sent down to-day, so far as it has been availble. Of course there are many farm products that have not reached a state of maturity in our climate s far exhibition. climate sufficient to bear collecting

There are in the collection seventy-thre varieties of cotton, thirty odd varieties of sweet potatoes, about thirty varieties of Irish potatoes, a large assortment of corn field peas and other crops, besides a vast assortment of fruits, preserves, wines and

The industrial art exhibit will be one of the finest that has been got together in the state. Floyd county is quite prolific in the production of these commodities and the display in this line will be something wonderful and instructive and to people who are familiar with the resources of north Georgia.

Off to Chickamauga. The city will be almost deserted for the next two or three days. Those who are not going to the opening of the exposition are preparing to go up to Chickamauga to witness the dedication exercises of the National park

National park.

The Chattanooga, Rome and Columbus railroad has put on a double daily schedule and eight train crews will be kept on duty until the exercises are over.

Not only the people of the city and towns adjacent, but thousands of people from the country are getting ready to attend the great spectacle.

One contingency has arisen that had not entered into the calculations of the business men, and that is the scarcity of country produce. The farmers have found such a demand in Chattanooga and at Chickamauga for chickens, eggs and other produce that there is a woeful scarcity apparent here, where the trade is generally very lively just at this season of the year.

Work at the Mills.

Work at the Mills. Work at the Mills.

Work at the Massachusetts cotton mills, at Lindale, is progressing and the walls have now reached the level of the third floor and are going up very rapidly. The general contour of the building is beginning to take shape and it is a conspicuous object from a long distance The tall chimney is at a height of ninety feet. The concrete floors of the reservoir of the waterworks has been laid and with fair weather the walls will be shortly completed.

The Southern Railway Company has begun the erection of a neat and attractive depot for freight and passengers at Lindale, the name by which the town will be known, and it is beginning to be one of the liveliest suburbs of Rome.

The liberal payrolls are telling right along on the business of the city, which has increased quite perceptibly in a retail way, since the work was begun.

Still in Jail.

Still in Jail.

There are no new developments in the Montgomery murder case. Mrs. Montgomery is still in jail and there has been no time set for her preliminary trial. Nothing has been heard of Harvey Wilson, the principal in the crime, and it is supposed that he has gone west.

Newsy Notes.

Newsy Notes.

Dr. Robert Battey, whose condition has been more hopeful, of late, was reported as worse today.

Mrs. Hood, the mother of Mrs. Judge Joel Branham, is quite ill and her physicians consider her condition very critical.

The Primitive Baptist Association, at Rocky Creek, has just closed. It was a grand gathering and largely attended by people from Rome.

Shorter college opens tomorrow with the demand in Rome and was highly complimented on all sides. demand in Rome and was highly compli-mented on all sides. Sunday's great Constitution was in great promise of a very large attendance.

### GROWING RAPIDLY.

Griffin's New College Has Already

Outgrown Its Quarters. Griffin, Ga., September 17.—(Special.)—The trustees of the Alhambra Normal university are now canvassing for popular sul criptions to build additions which circum stances have rendered a most pressing ne cessity. It is said that these addition must be made at once or the growth of the institution will be seriously retarded at the very outset.

Yesterday when the farmers took con-trol of the old Cole warehouse they as-sumed W. H. Baker's contract for it. They now have as good a stand as there is in the city and by the way it is the same place in which the alliance started in the

place in which the alliance started in the warehouse business six years ago.

It was reported in town yesterday that the farmers held a meeting at Zetella, in the western part of the county, at which it was decided to ship cotton to some point on the Atlanta and Florida railroad unless the warehouse difficulties in this city could be satisfactorily adjusted. It has been reported about the country that Griffin buyers would not pay the top of the market for cotton dumped on the old Georgia hote lot on account of a lack of protection, but this was not true.

Professor Bothwell Graham, who occuples the chair of mathematics in the State Normal school at Athens, returned to that city last night, after a short visit to his family here.

mily here. J. D. Boyd, Jr., left last night for Athens J. D. Boyd, Jr., left last night for Athens to resume his studies in the university. There was quite an excitement yesterday morning at Pamona, a small station five miles north of the city, in which winchesters came very near playing a part. All parties were put under peace bonds before any damage was done.

The Griffin Rifles have been busy all day preparing for their trip to Atlanta tomorrow. They leave at 8 o'clock under command of Captain O. J. Burr.

Engineer Phillips, of the waterworks, was severely injured last night by having the water guage on the boiler burst in his face, it is probable that he will lose his left eye.

Colonel J. T. Ellison, of Shiloh, returned

home yesterday, after several days spent in the city.

Rev. T. W. O'Kelley and Messrs. Mills, Nichois and Sanders went to Macon yester-day to attend the Baptist young people's convention.

UNIVERSITY OPENING. The Prospects for the Coming Year

Are Unusually Good.

Athens, Ga., September 17.—(Special.)— The opening of the Cotton States and In-ternational exposition tomorrow will be a success, but no more so than the of the University of Georgia. Everything points to a most successful year at the university, Over 100 new men are here and with the old students who will return and with the old students who will return it is expected that fully 225 will register before the week closes. If the opening registration shows as large a number as that then the attendance during the year will go over 300. The largest number of students ever attending the university proper in one single year was 266, in 1873, under the chancellorship of Andrew A.

reached 251 and this year it is believed it will break the record.

The curriculum of the university is much higher than it was in former years and that would indicate a decrease in atten-dance, but the contrary result is shown. It is believed that athletics at the university last year has had a great deal to do wit the increased attendance. Atlanta, as usual, shows up in the lead among the students. The Gate City never falls to give the university strong backing

in the shape of large numbers of studen This year the number of Atlanta boys at the university will go beyond forty.

Chancellor Boggs says that a boy need not stay away on account of small means, for good board and accom be secured here for \$10 and \$12 per month.

Now for a Bond Issue. The city council decided the light question this morning at 9 o'clock. The gas light company made three propositions to the city, viz: to sell their are and incandescent plants for \$20,000; to sell th plants for \$12,000; to furnish lights for five years at \$85 per light per annum. The years at \$85 per ngm per council rejected all three of the propositions. The council then resolved to build an arc light system for the city and passed an ordinance submitting to a vote of the people on October 26th a proposition to issue \$15,000 of city bonds to to issue \$15,000 of city bonds to pay for the construction thereof. It is more than likely that the bond issue will meet with opposition on the part of those interested in the company and the friends of those parties, also on the part of the citizens who do not believe the step taken by the council is the proper one. The council are firm in the belief that the bonds will go through all right.

New Bank President.

Captain Reuben Mickerson, a prominent citizen of Athens, has been elected president of the Bank of the University. This came about on account of the resignation of Mr. Billups Phinizy as president of the bank. Mr. Phinizy resigned in order to give his entire time and attention to his private business. Mr. Phinizy made a splendid record as president of the University bank. His successor is an able and conservative financier.

Democrats Seated. The report comes from Harmony Grove that Judge N. L. Hutchins has decided the Jackson county contested election case in favor of the democrats. The democrats are Sheriff B. H. Collier and Clerk Jesse C. Bennett and the populists who rushed those officers are Messrs. A. R. Braselton and C. C. Chandler. The election last Jackson and Jackson of the face of the returns a majority of 49 for the populists. Fraud was charged and the election contested before Judge Hutchins.

Three Ladies Dead.

Three Ladies Dead.

Mrs. G. F. Hunnicutt died this morning at her home in this city after a lingering illness. She was a daughter of Rev. Hugh B. Bernard, a prominent Baptist minister of this city and the wife of Mr. G. F. Hunnicutt, a prosperous planter of Clarke county. She was a consistent member of the First Baptist church here and greatly beloved by all who knew her. The funeral exercises will be held tomorrow.

Mrs. Dedrich Beusse, sister-in-law of Captain Henry Beusse, of this city, died suddeply last night at Fort Valley. The remains will be brought to Athens tomorrow afternoon and will be interred in Oconee cemetery. Mrs. Peter Hutcheson, mother of Mr. S. O. Hutcheson, of this city, died in Atlanta last night. The remains will be interred in Oconee cemetery this morning.

Will Entertain Them. The laddes' auxiliary of the Young Men's Christian Association will give an elegant entertainment Thursday night at the association rooms, complimentary to all the students of the University of Georgia. Over 200 students are expected to be present and

the occasion will be one of rare pleasure.
The ladies are making great preparations to give the boys a warm welcome to Athens.

The First Shipment. The first Shipment.

The first shipment of cotton from the Athens market was made today by Mr. Jacob R. Tweedy. It was a shipment of fifty bales bought of J. Y. Carithers & Co. and shipped to J. D. Tweedy, of Madison. The Athens market is paying good prices for cotton and the fleecy staple, while somewhat slow, is beginning to move here. There will be another shipment of articles for the Clarke county exhibit made thursday. That will complete the exhibit and will make it one of the handsomest at the exposition. Dr. E. D. Newton is now in Atlanta arranging the Clarke county exhibit.

### EXHIBIT BY ALABAMA NEGROES. To the Older Negroes Is Due the Credit for the Exhibit.

Montgomery, Ala., September 17.—(Special.—The colored women of Montgomery have collected and shipped to the Atlanta exposition a most creditable exhibit of their own, consisting of needle work, fancy work, oil and crayon pictures, canne work, oil and crayon pictures, canned fruits, photos of the homes and properties of some of the most successful negroes of the country. One rather remarkable fact developed by the committee in charge of the collection of the exhibit was that the old negroes—the ex-slaves—showed vastly more interest than the younger generation in exhibiting to the world the progress of their race in thirty years. The younger generation has shown great indifference in the matter, but the old mammies have labored faithfully and have col-lected a most creditable exhibit for the Alabama building.

### MORTGAGED FOR FIVE MILLION. Big Improvements Promised for the

Mobile and Montgomery. Montgomery, Ala., September 17.—(Special.)—One of the largest mortgages ever recorded in the probate office here was filed yesterday. It is for \$5,000,000 and is given by the Mobile and Montgomery and isville and Nashville railroads to the Central Trust Company of New York. The mortgage covers all of the property and rolling stock of the Nashville and Montgomery road. The mortgage recites that the present outstanding bonded indebted-ness of the Mobile and Montgomery is \$290,000 which will be retired and the nce of the \$5,000,000 will be used for ex tending and improving the road. What these extensions and improvements will consist of has not been announced.

### THE TROCADERO OPENS.

Opening on the Midway of the Specialty Theater.

The first performance in the big vaude ville theater on the exposition grounds will occur this afternoon. A splendid pro-gramme has been prepared and will be ren-

The performance will be continuous from specialties will be introduced. A complete list of the attractions is given in the admost pretentious on the grounds and is a reproduction of Koster & Bial's in New York. Drinks will be served in the theater ust as in New York.

City Trocadero. The City Trocadero, on the old capitol lot, will open tonight at 8:30 o'clock with a magnificent programme. Mahy fine specialty artists have been engaged.

And distinctly understood that Drs. Copeland and Howald do successfully treat Hay Fever.

## CHATHAM'S PRIMARY

Harry Willink Runs as the Citizens Club Candidate.

TWO OTHERS DECLINE TO RUN

But They Will Be in at the Election Judge Speer Will Be Asked Today To Sign a Decree.

Savannah, Ga., September 17.-(Special.)-A democratic primary for the nomination of a candidate to the legislature was held here today. Alderman Harry Willink, the nominee of the Citizens' Club, was the only candidate before the primary, the other candidates, Mr. Walter C. Hartridge and Mr. W. C. Travis, the latter representing the labor element, having refused to go into the primary because the executive committee ordered it to be held in the militia districts instead of at the court-

According to the report of the managers of the election 1.241 votes were cast for Willink out of a total registration of about 3,900. The Hartridge men who kept watch on the polls claim that not more than 859 to 900 votes were cast. The election takes place September 25th and will be perhaps the warmest one Chatham county has seen

To Foreclose on the Tybee Line. Judge William D. Marden went up to At-lanta tonight with the bill and papers in the Savannah and Atlantic railroad cage and will present them to Judge Emory Speer in order to secure a decree of foreclosure under the first mortgage of \$250,000.
All parties have consented to the taking of the decree and it will no doubt be

granted by Judge Speer. The receivers' certificates of \$40,000 will be paid by the re-organization committee and no note was taken of them in the bill. Accused by a Girl.

William Watkins, a white man about thirty years old, was arrested today on a charge of assaulting Anna Moselle, a fourteen-year-old white girl, the claim being made that he enticed her into the woods near the southern limits of the city. Her screams finally attracted attention and she told the story of the attempt to these who came up. They started in pursuit of the man, caught him and turned him over to the police. He denies that he made any attempt to assault the girl; said he was under the influence of liquor at the the character of the girl despite her youth. The girl, however, persists in her story and Watkins will be held for an investiga

## ODD FELLOWS ON THE COAST.

Meeting of the Sovereign Lodge at Atlantic City. Atlantic City, N. J., September 16 .- The

seventy-first annual session of the sover-eign grand lodge of Odd Fellows convened here yesterday. Past Grand Master Dr. William H. Isseard, of Camden, acted as master of ceremonies, and introduced the speakers. Representatives were present from every state in the union.
The session was opened with prayer by the grand chaplain, Rev. J. W. Vanable, of Kentucky. Mayor Styon, on behalf of the

extended the freedom of the city to the visitors.

Responses were made on behalf of the grand lodge of New Jersey by Grand Master John H. Griffith; on behalf of the grand encampment by James McMahon, grand patriarch; on behalf of the sovereign grand odge by Grand Sire J. W. Stebbins.

In the afternoon the visitors were enter-

city, delivered an address of welcome and

tained by a clam bake at South Atlantic City, at which over a thousand people took part. This city is gayly decorated in honor of the event. A great arch illuminated by electricity

pans Atlantic avenue, the main thorough fare of the city. It is estimated that 10,000 people are here so far.

The report of Grand Sire Stebbins shows the order to be in a flourishing condition, that Rebekah Lodge has had a marvelous growth and that they hold an ownership in 2,833 pieces of real estate, at a present valuation of \$16,521,740. In addition to this here is invested \$1,000,000 with a landed possession of not less than 3,800 acres. Homes of the order are located in sixteen

The following particulars compiled by Grand Secretary Ross show the Grand Secretary Ross snow the number of members to represent an aggregate of 886,580, an increase in membership during the fiscal year of 16,724; number of adult members subscribing to funeral benefits, 10,183; number of juvenile members, 96,453; number of honorary members, 10,000. A Great Parade.

The feature of today's session of the Sovereign Grand Lodge of Odd Fellows was the grand parade which was held this afternoon with over 5,000 men in line. The procession moved promptly at 3 o'clock down Atlantic avenue, the leading thoroughfare, and as it passed under the magnificent arch which spans the avenue cheer the process of the process o upon cheer went up from the immense crowd that had gathered at this point The streets were literally thronged with visitors, who were so thick that the trolley visitors, who were so thick that the trolley cars were compelled to suspend operations while the parade was in motion. The business session was called to order on the ocean pier at 9 o'clock this morn-

ing by Grand Sire J. W. Stebbins. The roll call showed a large attendance of repre-sentatives. Hon. Robert B. Wright, of Al sentatives. Hon. Robert B. Wright, of Allentown, Pa., was appointed chairman of the judiciary committee and a number of the distributing committee; Colonel Richard Muckle, of Philadelphia, was made chairman of the finance committee, and Representative P. M. Rea was chosen chairman of the committee on Repeters chairman of the committee on Rebekan degree. The grand sire association ap-pointed a committee on homes and asy-lums. The place of meeting of next year was held over till tomorrow.

## ALABAMA ,which Benson figure putes about debts.

Deputies Sent from Birmingham to the Big Warrior Mines.

TROUBLE IS FEARED THERE Al Denson, of Bessemer, Is Killed by

J. M. Cook, an Engineer-Cook

Gets Shot Twice. Birmingham, Ala., September 17.—(Special.)—At 10:30 o'clock this morning a message was received at the office of the sheriff from Warrior, Ala., asking that ten good deputies be sent up on the next train to protect the property of the Pearson

Coal and Iron Company at that place. The telegram gave no information as to why the men were desired. A strike among the miners in the employ of the Pearson company at Warrior and at the other mines at that place has been in progress for some days, and not a pound of coal has been mined. The miners demanded a raise from 50 cents to 70 cents a ton on a two-and-a-half-foot vein. The demand was refused and the

strike commenced. The company has been thinking of putting other men to work in the mines in th numbers to agree to go to work today. This was the situation last Saturday evening when Chief Deputy Sheriff B. A. Thompson went up to Warrier to de. places of the strikers, and have gotter the situation as an officer of the law. Mr. Thompson went to Warrior again this norning. It is, therefore, presumed that the deputies were sent upon his personal order and as a result of his personal inspection of the situation
A banquet complimentary to Mr. B.
Stelner, by his fellow citizens, was given

last night at Paul's cafe. last night at Paul's care.

Birmingham could hardly be gathered to-

An assemblage more representative of the intelligence, thrift and enterprise of Birmingham could hardly be gathered together.

There have ween 250 stills for the manufacture of brandy in Alabama registered with the internal revenue collector. This is the largest amount of registered stills sever known in the state, the next largest being in 1886, when 189 took out the necessary papers to conduct stills. The orandy to be made is to be out of fruit, and it is believed that no few of the stills will be used for the purpose of making corn whisky as soon as the fruit season is over. The deputy collectors will keep a sharp lookout for violations as soon as they commence.

Granville Powell, a bridge watchman on the Louisville and Nashville railroad, near Brocks, ten or twelve miles below the city, met his death last night between the hours of 7 and 12 o'clock.

His dead body was found lying unfor the bridge, which he had watched. With the exception of a broken leg and a small bruise on his arm, there were no other wounds that can be found. Circumstances go to show that he was thrown from the bridge in some manner. Whether it was a case of murder is now being investigated by the railroad company.

In the circuit court this morning Mrs. Norinne T. Ledyard, by her next friend, who is her father, Mr. Henry McFarland, filed a suit for divorce against I. D. Ledyard. It is stated that the couple were married on July 8th last. The complaint alleges that the defendant has a "violent temper and an insanely jealous disposition"—so muoh so that he has attacked men, to whom she spoke or with whom she conversed, "without cause," merely because she spoke to them. She alleges several instances of this, notably one that was reported in the local press some time ago. She declares that her husband's unreasonable jealousy and his temper, as she alleges, have put her in fear of her life, and that she has left her husband and resides with her father.

The case against J. M. Stafford is charged with presenting false pension claimed to have

### TRAGEDY AT BESSEMER.

J. M. Cook Kills Al Denson, Proprietor of a Saloon.

Birmingham, Ala., September 17.-(Spe cial.)—At Bessemer, at midnight last night, Al Benson, a saloon keeper, who, a short time ago, shot and killed Bert Rockett, a former employe, in a street duel, was shot and fatally wounded by J. M. Cook, a locomotive engineer. Cook entered Benson's place and a quarrel about a debt ensued. A fight occurred during which Cook drew a revolver and shot Benson in the abdomen. As Cook fled from the saloon, June Dunn, Benson's barkeeper, fired a shot at him, wounding him in the

In his efforts to escape, Cook ran over an old Italian and broke the latter's leg. Cook was captured and failed, Benson

has since died. Both of the tragedies in which Benson figured resulted from dis-

GONE TO A NEW FIELD.

William Dunlap, a Selman Hotel Clerk, Departs Possibly for Atlanta. Selma, Ala., September 17.—(Special.)— William Dunlap, alias Wheeler, clerk at the Southern hotel, left here last night ostensibly to spend the night with a friend in the country and return this morning. He

has not returned, and it is thought by his employer and others that he has skipped. He came here in June under the name of Wheeler, and said he was from West Point, Ga. He secured employment at the Southern, where he has worked ever since. He was recognized by two young business men as William Dunlap, of Mobile, who attended the Marion military institute in 1892-98. They were thrown with him several months, and are sure of his identity. In fact he did not deny it. He has been living fast lately and recently displayed two diamond rings which he said belonged to a woman of the town. For the past few days he has been getting up a raffle on one of the rings and had \$70 in his possession. Last night he packed his effects in a bundle and had them carried out with other baggage and took the Southern train west. To a

friend he said he was going to Faunsdale, but a telephone message from that place says he has not been there. THE L. AND N. BOYCOTT.

A Report That the Company Is Interested in a Big New Concern. Montgomery, Ala., September 17.—(Special.)—The boycott of the Louisville and Nashville railroad by the grocers continues, though more in name than in effect it appears. Montgomery is the dis-tributing point in Alabama for groceries, a very large percentage of which is brought here by the Louisville and Nashville. A day or two ago the Alabama. Mercantile Company, a wholesale grocery concern with a paid up capital stock of \$50,000, was incorporated to do business here. The new concern secured quarters in the warehouse of the Louisville and Nashville company, and the gentlemen who Nashville company, and the gentlemen who are to manage its affairs are all friendly to the railroad. Now the report is that the Louisville and Nashville is fathering the new concern and owns a large stock in it. All parties deny that this is true, and the brokers and wholesale men say thex do not believe it, and can see no good policy in the railroad company going into such a scheme. It is stated, however, that the new company will take no stock in the

# boycott and will have their supplies by the Louisville and Nashville when

WHEN BIRMINGHAM COMES. Mayor Van Hoose Makes Some Suggestions to His People. Birmingham, Ala., September 17.—(Spe-ial.)—Mayor Van Hoose has issued an ad-

dress relative to the great display to be-

made in Atlanta about the miquie of next October. He says: "So many have been to see me asking uestions as to the nature and plan of the proposed demonstration in Atlanta on Bir-mingham day, that I have decided to publicly offer to you the following suggestions for what they are worth, with the hope that your good sense and pluck and ac-knowledged ability of handling men and re-

that your good sense and pluck and acknowledged ability of handling men and resources may enable you to work out some definite plan by which this district may be properly represented in Atlanta on Birmingham day, which will be sometime about the middle of October.

"But may I first venture to say, by way of parenthesis, to the good citizens who live in the corporate limits of Birmingham, and please let me whisper it quietly in your ear so that the general outside public may not know that we have failed to do this up to this time—let me say, gently whisper in your ear, 'please cut the weeds and grass off of your sidewalks and the high weeds and rank grass out of your yards in order that, we may properly get ready for this big Birmingham day in Atlanta. I feet sure that every good housewife in the city will take pride in seeing how nice her sidewalk and yard can be prepared for the inspection of the health officer in the course of the next ten days, and for the visitors who will come in here from Atlanta.

"Now, about Atlanta: In my humble judgment this district is going to have an opportunity of making a display in our sister city in the way of advertising our resources which we have not had for years, and will not have for years to come. In other words, it is a monumental instance where we may avail ourselves of the push and vim of a friendly rival and make use of her hospitable invitation and also of her streets and her facilities for having a mammoth parade, showing our city and district's resources."

Charlotte, N. C., September 17.—A special to The Observer today from the City of

Mexico says:

"Minister Ransom has been appointed arbitrator in the Mexican-Guatemalan contention. President Diaz announced the appointment yesterday." Dr. Price's Cream Baking Powder

### THE WEATHER SYNOPSIS.

With an area of high barometric pressure hovering over the southern half of the country and the pressure diminishing north and northwestward until a well de-fined center of "low" was formed over the upper Missouri valley, there was but little change in weather conditions yes-

several stations along the gulf coast vest of Pensacola, Fla., but there was no preipitation reported by weather bureau stations in other sections.

Extremely hot weather prevailed in the Extremely hot weather prevailed in the northwest. At Omaha, Neb., the mercury during the afternoon reached a maximum of 102 degrees, and at 8 o'cleck p. m. still registered at the 92 degrees mark, while Huron, S. D., had the same maximum temperature, but by 8 o'clock the temperature had fallen to 80 degrees. In the southeast the temperature was not above 90 degrees at any time during the day, and at, or near, nightfall was not above 80 degrees at any point; generally between 74 and 75 degrees.

For Georgia today: Generally fair, with slight change in temperature.

### FAIR CYCLER AND THE MATCH. He Could Only Scrape Sulphur but She

warm; southerly winds.

An elderly man, most properly attired in silk hat and frock coat, walked up Madison avenue last night, says The New York Sun. Near the corner of Fiftieth street a bloomerite on a wheel pedaled up the hind him and, dismounting, touched him on the shoulder and asked him if he had on the shoulder and asked him if he had a match. The elderly man had been in deep thought and he only answered short-

"Oh, well, you needn't be so ugly about it," responded the girl, at which the elderly man turned around and saw it was a woman he had been talking to. The vision in bloomers flustered him a bit, but he managed to get out an apology.
"I really beg your pardon," he said, "I

thought you were a man."
"Indeed," replied the young woman, scornfully, "you don't say so."
"Really," insisted the man, "but I have got a match," and he hauled out a silver

"Thank you so much," repfied the girl,

smiling sweetly once more. "You see my lantern went out, and I don't care to be arrested for riding without a light." "You're perfectly welcome," replied the man, who had been making frantic efforts to light one of the matches on the edge of the case. Falling in this he made a vicious scrape on the sidewalk with it, but only succeeded in rubbing off all of the sulphur. Two more matches were wasted, and the man was about to begin operations on the fourth when the girl suddenly exclaimed:

lighted it expeditiously, secundum artem. With a quick movement she threw open the front of the lamp and touched the match to the wick. Slamming the front to again, she jumped on her wheel and with a "Thank you so much sir," was

# away. The elderly man stood still for a moment. Then he shoved his hat back or his head, mopped his brow with his hand-kerchief and muttered: "That's certainly the most advanced woman I've seen yet."

### FLASHES OF HUMOR.

"As a matter of fact," she explained, "what we wear are not bloomers at all."
"Quite right," he returned. "They are bifurcated monstrosities."—Chicago Post. Yeast-I never saw such a man a every month.

"I fear not," sighed the second mutual friend. "Those fellows hate each other like two abor leaders."—Indianapolis Journal.

AN ALL IMPORTANT QUESTION ANSWERED.

THE BEST NONE TOO GOOD

Cheap Doctors and Patent Medicines Kill More People Than the Most Successful Practitioners Cure.

The great question with sick folks is—what doctor to go to? It is, indeed, the vital and chief question. The true physician, with his science, his instruments and his remedies, is as a minister of humanity and kindness, while the false physician may be more dangerous to his patient than the disease he pretends to treat. But it would seem nowadays as though there wero no calling in life where there is so much of sham and humbug, of smooth roguery and heartless imposition as in that of medicine. None of the other learned professions is so disgraced with pretenders and impostors. But there is no reason why any one should become their dupes and victures any more than that they should become the dupes and victures any more than that they should become the dupes and victures of business, we should be on our guard. We have physicians enough—in Texas, known by long years of faithful and honorable service, to care for all the cases of sickness among us. If you are a sufferer from chronic disease we have Dr. Hathaway & Co., specialists, Atlanta, Ga. In the treatment of catarrh, private, skin and nervous diseases, and all that class of chronic affments, no other medical firm in the world has had larger experience or achieved wider fame than Dr. Hathaway & Co. It is through their own patients that the public is constantly hearing of their splendid work.

An unblased, honest opinion costs you nothing. Consult them at office or by An unbiased, honest opinion costs you nothing. Consult them, at office or by mail. Their elegant offices are in the Inman building, 22½ South Broad street, Atlanta, Ga, and if you call upon them you will be welcome.

If you want prompt deliveries on all kinds of lumber, moldings, etc., call on Atlanta Lumber Co., 16 N. Forsyth st.

The Consolidated Announces Its Com-WAITING ROOMS FOR CARS TO DIFFERENT PARTS OF CITY plete Schedule. OVERFLOW WAITING ROOM TO CENTRE OF CITY FOLDING GATES OPERATED BY CONDUCTORS TRACK COMING IN This morning being the opening day of the big exposition, the Consolidated will inaugurate a new schedule in its system avenue, Peachtree, Linden, West Peachof street railways. tree to Peachtree, at Baker, thence to the center of the city. The cross-town cars, embracing the Marietta, Whitehall, Pryor, Capitol avenue and Fair street lines will The army of motormen, conductors, tickcenter of the city. The cross-than care, capitol avenue and Fair street lines will run over the foregoing route. The other lines, namely: West Hunter, Walker, Washington and the cars of the Atlanta Railway Company, from the Markham house, will go out into the eastern terminal station. Some by the way of the Boulevard, returning by way of the Jackson street route. The Hunter street line is routed via Houston street and the Boulevard; the Washington street line, via Courtland avenue, Pine street and the Boulevard, returning the same route. A car will ply between the intersection of Pine and Piedmont avenue and the intersection of Ponce de Leon avenue and the Boulevard, a trip every fitzen minutes, for the convenience of the people along that route, but more especially for the accompodation of through passengers to and beyond Peachtree. Close connections will be made with both exposition routes by this short, line, over which there will be no charge mide for through passengers. The schedules of the exposition routes brovide for a car assing a given point every minute. The Fachtree line proper will operate from the enter of the city to Wilson avenue, returning over Peachtree, Linden, West Peachtree, then into Peachtree and to the point of starting. Cars will be operated between the hours of 6 a.m. and 11 p. m., the last car leaving the exposition grounds at the latter hour. The Consolidated will not operate af of its cars at first. Commencing this morning sixty cars will be made to do the service. Power sufficient is generated at the power house to propel the ninety cars belonging to the system, but President Hurt, under advice, thinks it expedient to guard against the liability of accident by running all with the present power. However, all its cars will be running probably within the next sixty days. By that time the new big generator, engine and other necessary machinery will be in readiness et sellers and takers and other attaches of its big system will enter upon their duties bright and early this morning with renew-ed vigor as well as with the expectation of STAIRS TO RESTAURANT OVER handling thousands of people to and from the exposition today and during the open-ing of the big show. Everything is prac-tically in readiness for a jam-up service for the public. Time, money and effort have been combined to bring about this result. All of the tracks of the Consolidated are in a completed and solid condition. Though the terminals of the estation. Though the terminals of the system are not entirely completed yet the eastern terminal will be pressed into service for the first time today. As to the western terminal, that will be delayed for several days. It is expected to be ready by the 20th instant. The Piedmont avenue line will be operated commenter this line will be operated commencing this morning. and held as a reserve in event of any accident at the power house, which might occur and cause material delay in operating the system. The large generator and appurtenances referred to above have reached the ctiy and will be placed in position at the power station as rapidly as practicable. This addition to the plant will cost about \$50,000 alone. The tonnage of all this machinery aggregates nearly one-half million pounds, taxing the capacity of ten freight cars. About the Schedules. At midnight last night the Piedmont avenue track was discontinued, or rather abandoned, from Wilson avenue to Peach-tree, and connection was made with the double tracks looping into and out of the western terminal station. There will be a reversal in the run of the cars. They will go out Peachtree street to Ponce de Leon avenue, to Piedmont avenue, thence into the terminal station. Returning, they will run over Piedmont avenue, Bleckley The Terminals. There are many who are not familiar with the system to be practiced by the Considiated at the exposition terminal stations. These stations are enclosed on the inside of the grounds. The cars run into them and curve out, returning to their respective des nations. Passengers are dumped into the stations. It is a plan of President Hurt's ard is going to work like a charm. 0 - TRACK

## TIGERS IN TOWN.

### The Gallant Washington Artillery Reached the City Yesterday.

## AN ACCIDENT ON THE WAY

Second Lieutenant Underhill, of Company A, Fell from the Train and His Arm Was Mangled

The Washington Artillery, more than one hundred strong, reached the city yesterday afternoon at 3:25 o'clock in a specia

train from New Orleans. At the shed the artillerymen were me by the officers of the Fifth Georgia regiment and escorted to the Atlanta inn. or Peachtree street, where they will make

headquarters during their stay in the city. When the train pulled into the shed on which the gallant Louisiana Tigers were on board, the old roof echoed with merry shouts. It was a hearty welcome the vis tors were given by the local officers.

The artillerymen alignted from the train

and formed in line on Wall street. regimental band, consisting of twenty-four pleces, struck up a lively march and with ideal step the wearers of the blue marched street amid the shouts of several thousand spectators who had gathered to do them honor.

Under the escort of the officers of the Fifth regiment the Tigers marched headquarters, where their muskets were stacked and their gripsacks laid aside. They were tired from the long trip and for the first time in more than twenty-four

hours they rested. Tuesday afternoon the artillerymen boarded the special in New Orleans and started on the long ride to Atlanta. At Mobile a short stop was made, where a reception was given them by the citizens of that place. At Montgomery an ovation was tendered the men, and a reception was given them by Governor Oates. The stay in Montgomery was four hours, after which the trip was continued without further stop into Atlanta.

Last night a reception was tendered the Tigers at the Kimball house. The staff of the governor of Louisiana, which accompanied the men, was banquetted by the officers of the Fifth regiment, and the banquet hall resounded with merriment. Many toasts were given the governor of Louisiana, the governor of Georgia and tne gallant Tigers.
The Washington Artillery is the oldest

military organization in the south and its record during the war between the states is filled with heroic deeds and fearless ac tion. Than the artillerymen there was not a braver company on the field of conflict. Into the heat of the battle it made many famous charges and to them the victor's crown has been awarded innumerable times. The people of New Orleans, to whom the artillerymen are the pride of their state, have a neat way of expressing the manner in which the boys charged in the midst of shells and balls. They say that the late war was a little unpleasant-ness between the Washington Artillery and the rest of the country.

The staff officers of the governor of Louisiana were invited to be the guests of the Capital City Club later in the evening,

where several speeches were made.

This morning the members of the staff and officers of the battalion will inspect the sights of the city and will visif points of interest. They will occupy a prominent position in the line of troops in the pro-cession, being just in the rear of the United States regulars, which lead.

An Accident on the Trip. When the artillerymen boarded the spe-cial train in New Orleans Second Lieuten-

ant Percy M. Underhill, one of the most popular officers of Company A, was with his command. Last night he suffered the amputation of his right arm in a hospital in Mobile.

The train was badly crowded and Lieu-

tenant Underbill was rading on the plat-form of one of the rear coaches. About fifty-eight miles this side of Mobile he lost his hold on the railing of the car and fell beneath the wheels. His arm was badly mangled and he was otherwise injured. He was not missed by his command, as

many had retired for the night. The accident occurred about 4 o'clock yesterday morning and a few hours later he was picked up by a freight train. The special was gram was handed Captain Underhill, the father of the unfortunate young man. Captain Underhill immediately returned on a train for Mobile. He found his son had been carried back to that place and his

arm was being amputated.

As Captain Underhill boarded an electric car in order to reach the bedside of his on he was thrown violently to the ground, injuring his hip very badly. A brother of the young lieutenant was also on board the train and he, too, returned to Mobile. The accident to Lieutenant Undernill cast a gloom over the troopers, as he was one of the most popular members of the Washington Artillery. Telegrams received in the city late last night report his condition to be improving. He stood the operation well and nothing serious is now anticipated by the surgeons in charge.

The artillerymen will remain in the city

intil Sunday morning, when they will return home. A large number of veterans are in the party and they will probably visit Chickamauga before return

Governor Foster's Staff. The following members of the staff of Governor Foster, of Louisiana, are with the artillerymen: General E. B. Cottraux, Colonel C. L. Walker, Colonel J. C. Andrews, Colonel George I Maurice Generelly, Majo and Colonel Fred bear. onel George H. Vernard, Major enerelly, Major G. S. Kausler

Opening of the A. and M. College.

Montgomery, Ala., September 17.—(Special.)—The Agricultural and Mechanical college at Auburn has opened for the year under more flattering auspices than ever before in its history. About 250 matricuates have already been entered upon the rolls and fully a hundred more are expected to arrive within a week. The employment by the trustees recently of two new professors of agriculture and one of biology, all three gentlemen being educators of national reputation in their branches, has added a new impetus to the attendance. The Auburn college is by great odds the best endowed educational institution in the

### The Man Who Waved General Sherman's Signal Is in Atlanta.

### A HEART FULL OF SENTIMENT

He Goes to Kennesaw and Waves the Same Message from the Same Spot on Which He Once Stood

Mr. A. D. Frankenberry, of Point Marion Fayette county, Pa., the man who waved the signal message for General Sherman from which Rev. P. P. Bliss drew the story of the hymn, "Hold the Fort, for I Am Coming," is in Atlanta today.

He came yesterday on his way to Chick mauga to attend the celebration at the dedication of the national military park on the old battlefield. Mr. Frankenberry tells with thrilling in-

terest of the incident that has made him a elebrity in these modern times of peace and good fellowship. General Sherman occupied Atlanta September 2d, and had a line of signal stations

from Atlanta to Allatoona. It was on Octo-ber 3d, when General Sherman was in Atlanta, that the famous message was sig-Hood's forces had crossed from about Rough-and-Ready, and had struck Sher-man's lines at Big Shanty. He had destroyed everything in his way that partook of

the nature of a railroad track, a telegraph line and such things, which might serve the enemy. The signal operators on top of Kennesaw mountain had notified General Sherman in Atlanta of the occupancy of Big Shanty by

Stewart's corps.

Then it was that General Sherman from Atlanta signaled the following message to the operator of the Kennesaw signal:

"Corse, Rome, Ga.-Move your command to Allatoona. Hold the place. I will help SHERMAN. This message was repeated from the top of Kennesaw mountain to the signal operators at Allatoona and from that station it was telegraphed to Corse at Rome.

Mr. Frankenberry, who is now in Atlanta. s the man who wavel the signal flag tha day on top of Kennesaw to the comrades at Allatoona Corse moved at once toward Allatoona

from Rome, arriving there at 1 a. m., Octo ber 5th. He placed his forces in position for a battle, and was not long waiting, for French's division of Stewart's corps ran against him at daylight the same morning. After a hard fight Corse's men held the Goes Back to Kennesaw.

### Yesterday Mr. Frankenberry went to Kennesaw, just for the sake of old

Macy, of Boston; James Kelly, of Albany, N. Y., and Howard Frankenberry, his son. Mr. Frankenberry took with him the same old flag he had used that day so long ago in waving the signal to his comrades at

Allatoona pass from General Sherman. He took that flag there for a special pur pose-to waive that same old signal over again, just as he did in the stermy days of He had a telescope and could see Allatoona pass, just as he saw it that day, and he waved the signal with the same earnestness and zest, and a kig, generous heart beating fast with the dear old senti-ments of the past, although there was no one at Allatoona to take the message. The importance of sending the signal message from General Sherman can be realized when it is known that all of his

army rations were at Allatoona, and if the confederates had captured them the union

soldiers would have been cut off from supplies, and it would have been a long time before Sherman could have marched to the

The story is full of pathos and interest. IN THE COURTS. Judges Close Up Today Because of the

Exposition Opening.

In celebration of the inauguration of the big exposition today the various local courts will take a day off to allow the officers and attaches to participate in the fes-tivities. It will be a general holiday among the court people from the justices to the judges

Suits Filed. In the city court yesterday two suits were

One is a suit on a note, instituted by Attorneys Rosser & Carter for the Merchants' bank, of Atlanta, against W. H Ficklin, maker, and C. K. Buzbee, indorser of the paper. The note was made February 25, 1895, for \$2,500, due sixty days after date. It was made by Mr. Ficklin and indorsed by Mr. Buzbee, to whose order it was made payable. At maturity payment was defaulted. The plaintiff sues to recov from April 25, 1895. The other suit is for \$2,000 damage, grow

ing out of a garnishment proceeding justice court. It was instituted by Attor neys N. A. Morris and J. T. Pendleton for Stewart Glenn, against Sylvester Marion and alleges that the latter maliciously brought a garnishment suit against the former on August 18th, last, in a justice court, which has no jurisdiction in the case, since the plaintiff was a resident at the time of another district, where the defendant. Marion, has recourse at action in another and similar court. Marion refused to allow the case dismissed, so the bill of omplaint alleges. However, when the proceedings came up the court dismissed the matter for want of prosecution. The plaintiff further alleges that the acts of the de-fendant were aggravating and therefore prays for damages in the foregoing amount to deter defendant from repeating the tres-

### A Mistrial.

The case of Ebbert vs. South consumed the session of the city court yesterday. The jury could not agree upon verdict and a mistrial was the result.

Judge Van Epps finally discharged the The suit was for damages of \$5,000 claimed by the plaintiff for an alleged malicious arrest. It charged by the plaintiff that Smith arrested on a charge of larceny. At the trial before the justice court the plaint-iff was discharged. The matter grew out of a statement of accounts between the litigants. The defendant claimed he paid the plaintiff in full. This the latter denied. In the statement of accounts the defendant had receipts. The matter will have to come up at the next session of the court. In the Justice Courts.

A case not without its amusing side came up before Judge Orr yesterday mornng for decision. One J. P. Long, colored. swore out a warrant against one Joshus Shipp, charging him with the larceny of pistol. Long, it appeared, had rented a hall on Broad street, which he intends to convert in to a hotel for the accommodation of colored visitors to the big fair. Shipp was anxious for a place to give a dance. Long rented him this hall for that night. ball was "pulled off" all right. But the morning following Long missed his pistol and other things from his desk in the hall. He had reason to suspect Shipp the guilty man and therefore had him arrested. During the trial much evidence, some of it highly amusing, was adduced on both sides from a score or more of witnesses. Judge Orr announced, after the trial, that he would reserve his decision in the matter Judge Bloodworth has gone to Atlantic

City on business. He will combine it with pleasure by remaining until about the lat-

of October. His court is closed in conse

Sheriff's Sale. Under order of court, the sheriff yesterday sold certain property of the Standard Wagon Company, recently levied upon in behalf of Mary Dickson, on a distress warrant for rent, amounting to \$458.33. The sale brought \$98.15. A safe, wagons, type-writer, desk and certain other office furniture made up the inventory of the articles

## NOW UNDER BOND.

### John S. Smith, the Erstwhile Missing Broker, Placed Under Bond.

CALLED ON SHERIFF BARNES

Smith Is Now Before the Public with Only One Charge Against Him So Far as Is Known.

John S. Smith, the erstwhile missing money broker, who returned to his native bail'wick Monday and offered himself up to the law or to any one who might want him, called on Sheriff Barnes yesterday and arranged a little matter against him in that office. Smith gave bond for his appearance to answer a charge which ha een pending against him for some months

-that of gaming. Smith was indicted by the Fulton county grand jury about the time of his disappearance from the city in May last on that charge, and when he made his rounds offering himself up he did not fail to call on Sheriff Barnes, in whose hands the grand jury indictment has been. Smith readily arranged a bond and he walked out of the sheriff's office a free man. The charge against him there appears to have the only one which awaited him on

The mysterious disappearance of John S. Smith was one of the sensations of the year. For several weeks the city was in breathless expectancy of discovering that the money broker had been murdered and a prolonged and vigorous search for him was made by the police and do-tectives. Nothing was heard from Smith for nearly two months, when it was finally given out that he had been located in Juarez, Mexico, a city just across the bor-der from El Paso, Tex. An effort was made to have Smith detained at that place and brought back to Atlanta, but the scheme failed to work for some unknown

The alleged creditors of Smith in Atianta tried to effect a compromise with his rela-tives and friends in this city, and for sev-eral days it is said that the wires between Atlanta and Juarez were kept busy in carrying propositions of compromise. At one time it was given out that Smith had offered to settle the claims against him on a basis of 50 per cent, but some hitch in the arrangement arose and the matter was finally dropped. It seems that the contention which prevented a settlement of the matter at that time was the point as to whether Smith should pay cash or give his note for the amount he was to pay in set

tlement of his obligations. The return of Smith was noted in yesterday's Constitution. He, in company with his attorney, called on Chief Connolly Monday and announced that he was ready to meet any charge the chief might have against him. The afficial replied that he held no warrant against him nor did he want him for anything. The chief referred Smith to the Moody Loan and Banking Company, which company took the leading part in endeavoring to apprehend Smith just after his disappearance was discov-

ered.

That bank swore out a warrant charging Smith with embezzlement shortly after has disappearance from the city, but it was withdrawn about the time the efforts were being made to compromise the case. The bank also offered a reward of \$100, which was placed in the hands of Chief Connolly, for the arrest and lodgment of Smith in any safe jall in the United States, but that reward was withdrawn some time ago.
So far as known Smith has not yet announced his intentions for the future, but it is said that he intends to remember of his lanta and face the consequences of his terious disappearance, no matter what

### HEBREW NEW YEAR.

Services Are To Be Held at the agogue This Morning. evening at six o'clock the Je ver the world will celebrate the be

of their New Year. The celebration begins as the sun pears in the horizon this evening until a new sun in a new year sets

It has been the custom of the Jews 5656 years to observe the going out of old and the coming in of the new year They celebrate the occasion with pra and praise to God for the many blessi showered upon them for the year ask for His continuance of His

ness over their race. The celebration of Rosh Hash Biblical name for the coming of the year, is sacred to all Jews. They con gate at their respective places of wor and due ceremony is observed.

Rabbi Marx, the new rabbi of the gogue, on the corner of Garnett byth, will officiate at both services temple. His sermon will be very priate and with great earnestne ed. The first service will be held the evening beginning; at 6 o'clock anothe service will be held tomorrow at 10 o'clock. The celebration is to continue o'clock tomorrow.
The Jewish new year is the beg

the month of Tishri, which is the month of the Jewish year. The reason the new years do not begin with the month, Nissan, is explained by the of the festival of Rosh Hashana as in

"And God spake to Moses saying, spe unto the children of Israel that in, seventh month on the first day of month shall ye have a Sabbath, a memor of blowing of trumpets, a holy convo-tion."

It was while the Israelites were wa ing in the wilderness on their journess the promised land that the Lord gave the promised land that the Lord gave in command to Moses. Since that day it festival of Rosh Hashana has been du celebrated by all the Jews over the land. The 25th of September is the day atonement, the most sacred day of it Jewish calendar. On this day all Jer fast and pray. The days intervening tween the celebration of Rosh Hasha and the day of atonement are known penitent days.

penitent days. Ceremonies are to be held today at

Then, be sure to be on hand at night o see the most brilliant display of fireworks ever witnessed in the south! But these things must be seen; they eannot be described!

Rising Real Estate. Real estate in growing cities and towns is steadily rising. The New York

Herald has the following editorial on the situation in the metropolis: The remarkable and unprecedented de mand for real estate in the business sec-tions of this city continues unabated. It was predicted last spring, after a period of unwonted and unexpected activity in com-mercial property, that investors would turn their attention in some other direction t was said that prices were too high and hat the returns from such investments

were too low. How completely these predictions have failed of fulfillment every one who has closely followed the real estate market knows. Prices today are higher than they ever were, as is shown by many recent sales, not the least notable of which was that of a small downtown corner which was disposed of last week at the rate of more than \$600,000 for a single city lot. This general and rapid enhancement of values, it is interesting to observe, is not lue to a similar rise in rents. On the conrary, the fifteen and twenty-story office buildings which have been erected within two years have, if anything, depressed rents, and those in course of construction and contemplated will still further do so. And yet the demand for business property

seems to grow with each day. There is only one explanation for this extraordinary condition of affairs and that s to be found in the popularity which very safe investments always enjoy after a panic. Investors are satisfied to pay higher prices for real estate and derive less inome from it because they feel that it is

These statements are equally applicable to Atlanta, with the exception of the alleged depression in rents. During the past year we have spent about \$4,000,-000 here in building and otherwise improving real estate for public and pri-

Naturally, these improvements and the advertising which Atlanta has received on account of the exposition, have drawn enterprise and capital here and have stimulated home investments.

Atlanta real estate has more than held its own during the depression, and all the indications now point to a rising market for some time to come, than's to the exposition.

Atlanta dirt is the best thing that a man can put his money into!

On the Right Line. The New York Morning Advertiser commends The Constitution's crusade against the pistol and lynching evils and savs:

list if we may change the simile, is scattering sweet is the right place. We note that a negro has been found in a southern swamp after having been concealed there for so long a period that he had torgetten how to articulate words. What crime he was suspected of is not stated, but of course he was the victim of the rope or shotgun habit. Possibly it may have been bloodounds, and they were unable to follow him

through the swamp.

We welcome our able contemporary o the ranks of the law and order crusaders. It will find plenty of work in its own section.

Regarding the negro who was con cealed in a southern swamp so long that he forgot how to articulate words, it is in order to say that he was probably a efugee from Illinois, where the white miners were engaged in slaughtering the colored miners a few weeks ago. He was lucky in making his escape to a southern swamp.

### A Stormy Debate.

We challenge the parliamentary annals of any generation to produce a more remarkable debate than the one which occurred Monday in South Carolina's constitutional convention at Co-

It was the stormiest and bitterest debate ever heard in South Carolina, and the relations and antecedents of three of the leaders in it made it in every way without a parallel.

It seems that the convention last Saturday passed an ordinance on its second reading naming a new county "Buter" in honor of the distinguished family of which ex-Senator Butler is now the most prominent living representativea family which has given six federal senators and two governors to the Palmetto State.

George D. Tillman was strongly in avor of the ordinance, and as far back as forty years ago he offered a bill in the legislature providing for the new county of Butler. The convention agreed with him, and the ordinance was in a fair way to become a law when his brother, Senator Tillman, who was absent on Saturday, made his appearance Monday. When the ordinance was read for the third time the senator proposed an amendment. He wanted to change the name to Saluda, an Indian name, and in a fiery speech he denounced Butler as a Benedict Arnold. He rebuked Senator Irby for voting for the ordinance, but the latter took the floor and made a spirited reply in which he reminded Tillman of what he had done to advance him, and charged him with conniving with worse men than Butler.

George Tillman also poured hot shot into his brother, and joined Irby in de-fending Butler. The debate grew still nore heated, and finally Senator Tillnan's strained nerves gave way and he burst into a flood of tears, but whether from anger or for some other cause, no

one knew. After three hours' of violent abuse and ecrimination the war of words came to n end. Senator Tillman rallied his supporters and the convention changed the name of the county to Saluda by a

vote of 80 to 54. Under the circumstances this was an astonishing triumph for Ben Tillman, and it shows what a wonderful hold he has upon the people and their leaders in South Carolina. Pitted against him were two of the strongest and most fellowship and take a whirl in popular men in the state-his brother, ex-Congressman George Tillman, and Senator Irby, who for long years has been his devoted friend and political

When a man can walk into a constitutional convention and cause it to reverse its deliberate action he can do almost anything in politics. But while Saluda may be the name of the county in the future, we make bold to say that the name of Butler would have honored it and would have been a deserved compliment to a statesman who will always rank with the greatest men of his commonwealth. It strikes us that Senator Tillman went too far in this matter. He is in a position where it would be an easy and a graceful thing to be magnanimous, and there was no good reason for his furious attack upon his old antagonist at a time when there was no provocation. We regret to see partisan and factional spirit running so high in our sister state. It is bound to do more harm than good.

Room for the People. Today Atlanta will have to begin to make room for the people. There has been a good deal of talk about the crowds that would come here, and many prophets have lifted up their voices to say that this thing, that thing and the other thing would happen before we got through with the exposition busi-

Usually, in the order of providence the right thing happens at the right time, and it will be so in the present instance. The croaker is a very sorry sort of a person, but in Atlanta he has his uses. He forewarns and forearms. Possibly if we had no croakers Atlanta would have gone on in a contented, countrified sort of way and would have been una ble to take care of the crowds that are heading this way.

Thanks to the croakers, Atlanta has been put on its mettle, and when this happens' difficulties disappear and problems are solved in short order. In forewarning and forearming, the croaker has his uses. It is his vocation to irritate; but now that the irritation he has caused has taken the shape of counteracting all his direful prophecies and all his doleful forebodings, we move that he be sent to the rear. Let him be comfortably tied and taken out into the backyard where he can do nobody any harm. Not that he ever did anybody any harm or any good either, except in directly, but strangers within our gates might misinterpret his complaints. They night misunderstand his wailings and place too great an emphasis on his dis mal and disastrous humor.

Leaving the croaker in the trash harrel where he belongs and from which he will presently be removed by city cart 919, the rest of the people of the town can well afford to turn the exposition into a grand holiday. It is a time when store clerks can be excused if they come in a little late of mornings, for not again in the lifetime of the men who have made the exposition shall we see in Aclanta such a combination of all that is

beautiful, curious and unique. There is nothing load about the display. It includes all nations and all tongues. It includes everything that is worth knowing, hearing and seeing. The larger the crowds the happier Atlanta will be, for her hospitality covers all as ith a cloak.

### A Holiday Time.

It is not often that Atlanta takes a oliday. We have been so busy building up things and obliterating the signs of the war that we have hardly had an opportunity to take a day off. But that opportunity is now come, and it should be seized on and utilized. The people who work should have a chance to play, and that chance comes with the opening of the exposition today.

It is a holiday time, and even the man who loves a nickel because he knows it is the twentieth part of a dollar, should allow his little soul to expand to the proper proportions in order to enable himself and his family, as well as those who work for him, to enjoy a holiday

time at the exposition. During the next few weeks Atlanta should take a day off and be glad of the opportunity. It is, of course, true that ousiness comes before pleasure, but we have had a long round of business. The town has been built up and extended out into the suburbs with very few intervals for holidays. But for this we should not now have occasion to boast of the most 'progressive city in the south. But we think that the business of the city is in such shape now as will justify the biggest as well as the humlest citizen in taking a day-two days, or a dozen days-off for the purpose of enjoying the results that Atlanta's enterprise and progress have produced at the exposition.

Cheapness. "A cheap coat makes a cheap man," said a republican candidate for the presidency a few years ago. There is a good deal of truth in this. A man who is getting cheap wages must necessarily buy a cheap coat. He would buy a better if he could, but circumstances are against him. Therefore he calls for a

cheap coat. This is the situation of the United States at present. With low prices for our products we want cheap goods, and the goods are not as proportionately cheap as the raw material. What is the result? It is this, the man who bought his raw material below cost is still hanging on to business. The man who didn't has been compelled to go

out of business. Cheap products mean cheap living. The man who gets half price for his cotton or his wheat or his corn is not in a position to pay many of his current debts, or to make any new debts. He is brought to a standstill. He may be able to pay a few of his debts, but he is not able to do any trading. This fact may be regarded as conclusive—that the more money the farmers receive for their crops the more money they will have to spend with the business men. The less money they receive the less

they will have to spend. That is the sum and substance of the whole financial question. It is a question of higher prices; it is a matter of business. The fewer dollars there are in circulation the greater sacrifice there must be to obtain them. The farmer must give a larger proportion of the

products of his labor. The business man or merchant must give a larger quantity of his goods. This is what is called low prices, and if the farmers and business men think that low prices are a sign of prosperity they ought to support the single gold standard unani-

### The Picturesque.

Atlanta is taking on new colors and getting used to new conditions. Four Turks were lost on Whitehall street yesterday, and a colored woman was trying to put them in the way of finding themselves. The colored woman had a big mouth and a long tongue, and evidently thought that the only difference be tween the Arabic and our choice Georgia dialect lay in the strength of lungs and the lift of the voice.

She began softly enough at first, but as the conversation grew more heated and complicated she fairly shouted her directions, and in this way drew a curious crowd. The leader of the Turks was a fat fellow, and all he could do or say was to pat himself on the paunch with his right hand and shake his left in the air.

At last an Italian came to the rescue. "Peely de banan?" asked the Italian. "But, yes, your highness," replied the Turk, in French, and matters were soon settled-the more so as on the heels of the event came a street plano informing everybody, with a voice as loud as the negro woman's, that Johnny, having got his gun, was about to have his hair cut.

The crowd swarmed on, but many a boy who was a witness to that scene will tell his grandchildren about the fat Turk who thought he could talk the negro dialect by patting himself on the paunch with his right hand and holding his left in the air.

### The New Methodists.

The delegates to the general conference of the Northern Methodist church are now being chosen in the various annual conferences, and several interest ing questions are under discussion.

The conference will be composed of bishops and laymen, and an effort will be made to make the term "laymen" embrace women. Recently the Rock Island, Ill., conference decided by an overwhelming vote that women should be admitted to all future lay conventions of the Methodist church, and the same conference will send delegate; pledged to remove the time-honored fime limit of itinerancy.

In Illinois people say that these steps are progressive and in touch with the spirit of the age. Since Miss Frances Willard was denied admission as a regularly elected delegate to the lay convention of the Rock River conference there has been a complete change of opinion, and out of 151 clergymen who were consulted, 118 have declared that the time has arrived when women shall no longer be barred out from any dd of Christian endeavor.

If the general conference at Cleveland n May favors a constitutional amendment to admit women as delegates, the new woman will have achieved a signal victory. From all quarters of Illinois come votes in favor of this change, and the vote on the limit of itinerancy stands as follows:

For abolition of time limit .. For the present five-year limit .. .. ... For return to three-year limit .. For discretionary power in special cases For abolishing the system of itinerancy For an eight-year limit, ..... For a ten-year limit.. .. .. .. .. .. Undecided.. .. .. .. .. .. ...

It is claimed that this vote fairly indicates the sentiment of the church broughout the country, and it is said to be the natural result of the growth of our cities which require different conditions of pastorships from tho which were fixed for sparsely settled communities.

Another point of interest is the tobaco question. At the recent Illinois conference fifteen young Methodists who felt called upon to preach the gospel, in reply to a question from the bishop, gave a pledge to wholly abstain from the use of tobacco. Some of the preachers say that the bishop exceeded his authority. It was his duty to ask the question, but the refusal of an applicant to give the pledge does not necessarily debar him from the ministry, as he conference has the right to accept

There was a similar case not long ago

in the Massachusetts conference, and the applicant was admitted, though he refused to take the pledge. Ministers liffer in their views upon this question. All of these matters are of interest because they /indicate the trend of thought, morals and customs. The woman question is the most important just at this time when the new woman claims so many privileges. The Chicago Times-Herald is evidently prepared for the new conditions. It says: With women now creating and conducting immense enterprises, managing great missionary and other societies, taking joint part with men in the conduct of number-less organizations and institutions, having now opened to them almost every oppor tunity and advantage for the higher education and professional training, already doing three-fourths of the teaching work in the schools of the country, and withal con-stituting two-thirds of the membership in the churches, it is hardly probable churches so much alive to existing condi-tions and necessities as are the Methodist churches are going to be always made up of clergymen, laymen and-women left out

limbo of representative mutes and official nonentities As the Spaniards say, "we shall see what we shall see." This is an age of wonderful changes. Some of them will be for the better, and some may be for the worse. Time will show.

The Mora claim has been paid to the lawyers. This tells the whole story. Mr. Mora is poorer now than he was when he began.

John Sherman is for "any other good republican for president." This leaves the whole business open for the man who Once more we advise country editors to study The Baltimore Sun. They will thus

know what to avoid.

It is to be observed that the republican candidate in Kentucky has practically retired from the race.

The "personal liberty" business in New York seems to be somewhat overdone. People who are able to buy a jug in a dry own ought to be the last to co

The fact that Mrs. Langtry is suing for divorce shows that Mr. Langtry is still on leck. We congratulate Mr. Langtry.

Mr. Benjamin Harrison is beginning to infest New York restaurants. But how does this help his candidacy? We shall probably know later.

The English press is displeased at the uccess of the American yacht. The funny thing is that the tory press of New York city has not developed the same symptoms

### The Opening Today.

The Constitution of tomorrow morning, September 19th, will contain the full proceedings of the opening day of the Cotton States and International exposition. The address of President Collier.

The oration of Judge Emery Speer. The speech of Professor Booker Wash-

The story of President Cleveland's touching the electric button.

The whirr of the machinery. The congress of nations, represented by

Americans, Turks, Chinese, Japanese and people from every clime under the sun. All will be told in detail, profusely illustrated, in The Constitution tomorrow. News dealers and others interested are urged to send in their orders for the pa-per containing this graphic chapter of American development and progress. Single copies 5 cents, or \$2 for The Constitution from now until the end of the year.

### EDITORIAL COMMENT.

Elections take place this year in eleven states, one-quarter of the whole number, and but few are really important. The states voting are Iowa, Kansas, Kentucky, Maryland, Massachusetts, Mississippi, Nebraska, New York, New Jersey, Ohio and Pennsylvania. A governor will be returned in Iowa, Kentucky, Maryland Massachusetts, Mississippi, New Jersey and Ohio, and four of the seven now have democratic governors. Besides these Utah will abandon the territorial stage and become a state, choosing a full set of officers. The a state, choosing a full set interesting contests are in Kentucky, Mary land, New Jersey and Ohio.

How thoroughly a wife may know her husband is shown by the following experience by Mrs. M. H. Fairbrother in her paper, The Durham, N. corder: "Owing to the fact that Colonel Fairbrother has about recovered from his long continued filness and appears ra-tional, we will have to wait for a relapse until we interview him again."

"The Newspaper Maker" tells how David R. Locke (Petroleum V. Nasby) first evolved his famous "Letters." They began appear when Locke was struggling with poverty as an obscure country edi-tor, first at Bellefontaine, O., and later at Findlay, in that state. He never reduced the "Letters" to writing; he simply took his composing stick, went to his case and put them in type, impromptu, as it were. As an aid, however, he first procured an overflowing glass of gin, which he placed on a printer's stool at his right. He would take a swift of the stuff and then begin business. Af-ter setting a stickful of type he would interview the glass again, and so on. gin and the "Letters" were finished at the same time, and Locke was about "finished," too, as far as his usefulness for the rest of the day was concerned. "Locke," said a friend of his on one occasion, "your letters show downright genius." "Ginius, you mean," was the laconic reply. Locke fterward became a total abstainer and

The separation of Mrs. Frances Hodgson Burnett and her husband invites public at-tention to an instance of domestic infelicity which is disappointing. Mrs. Burnett had given the world such delightful pictures of home life the readers of her books had formed the idea that the pictures she drew for the general delectation were taken from an experience which was of so stable a pattern it could well be accepted as a practical encouragement of others. The fact that her married life is marred by an inwhich will not admit of husband and wife living under the same roof gives a tinge of frony to the pleasant fiction which has made her famous. But the lit-erary productions of an author are not always to be taken as a portrayal of his or her experiences. Ofter the author puts in his book the reverse of that with which he is most familiar. In a lonely garret, half clad and half famighed, he way give half clad and half famished, he may give to an admiring generation word pictures of luxury and happiness. Out of the depths of marital misery the woman may portray the most charming home life. When Mark Twain was under contract to furnish monthly a department of fun for The Gal-axy Magazine, he was a life of the conaxy Magazine, he was compelled on se occasions to take himself from the of his devoted wife, whom thought to be on the verge of death, and retire to a private room to write humorous articles and flippant paragraphs for the magazine. The most truly humorous of all his articles, furnished under the conract referred to, was the last, in which he confessed that some of his funniest con-tributions had been written when his heart was almost breaking with grief. That article had in it the quality of humor which plays between the smile and the

Ed Barrett's Letter. From The Augusta Chronicle. Ed Barrett has a most interesting letter from Naples in The Sunday Constitution. He takes plump issue with Congressman Tarsney on the Italian situation. He vividly portrays the poverty and desperation of the Italian people, in the mass. Ed has been a great traveler of late years and his pen sketches of Japan and Europe are exceedingly bright, picturesque and original

### ECHOES FROM THE PEOPLE.

That Log Cabin. Marietta, Ga., September 17.—Editor Con-stitution: Your exposition reporter ridiculed the battle-scarred cabin erected close to the battle-scarred cabin erected close to the Georgia state building. This is entireout of place and would be more appropri-

ate if applied to almost any other feature of the exposition.

The exposition is intended to show not only what now is and what will be, but also what has been. It was around cabin that the flercest part of the battle of Kennesaw mountain was fought. It is filled with the shot and shell fired during that battle from both sides and more ap propriately illustrates the war and its desolating effects than anything that could be gotten in its stead. It will be used for arch to the ocean. The ladies of Cobb unty have dne-half of it for their ex-bit. The bulkling should not only remain, it steps should be taken to preserve it d the shells and bullets imbedded in it as d the shells the valuable historic treasure.

W. T. MOSHER.

# Dr. McKey Writes a Card.

Editor Constitution—I notice a reference to a trial befere Judge Bloodworth of a case in which I am defendant, in which It is stated: 'J. T. McKey was bound over for charging a negro 100 per cent per month," etc. i wish to state that there is not one word of truth in the charge, and before a court in which I can get justice I have no fear as to the result. The truth is that I did loan this woman \$25, and have not gotten back the principal, much less any interest. These facts were proven before the court, and yet the court bound me over.

J. T. McKEY.

The Tail Tries To Wag the Dog. Chicago, September 17.—(Special.)—A neeting was held today of some members of the state democratic executive commeeting was held today of some members of the state democratic executive committee and they issued an address. The address declars that the June convention, which was called by Chairman Hinrichsen, was unauthorized, and did not represent the party in the state. This address amuses Mr. Hinrichsen and the real leaders of the Illinois democracy.

### ETCHED AND SKETCHED.

They are all here; call the roll. Never

was there such a gathering of bright news-paper folks in Atlanta before. Every leading daily in the country has a wideawake representative here to write about the exposition, and many of the magazines and weekly periodicals have sent their best men to sketch the south's greatest fair. The New York World has sent Mr. James Creelman, the well-known who did excellent service as war correspondent for The World in Japan and China, and he will remain three weeks at represented by Mr. James B. Wasson, one of the leading men of the of the leading men of its staff; The New York Herald, by Mr. Francis Folsom; The Chicago Tribune has sent a half-dozen of its best writers, including City Editor Sherman; The Chicago Inter Ocean has Messrs, Willis J. Abbott, Harry Brown and C. M. Stokes; The Chicago Dispatch sends City Editor T. H. Arnold; Nathaniel R. Raymond is here for The North American Review; The New Orleans Times-Democrat sends Henry Righter, who wrote more letters from the Columbian exposition at Chicago than any other news-paper man on the grounds; The Picayune, of New Orleans, also has a wide-awake representative here, Mr. Charles Kinduct; The Lexington Daily Leader is represented by Mr. F. T. Ballard; Harper's Weekly is represented by G. W. Peters, whose drawings of the exposition grounds have neen much admired; Leslie's Weekly has sent Mr. John D. Plummer to do sketch work They are all here with pencils sharp and keen, and the country is sure to be well informed about the exposition from the

very jump. These newspaper men are among the best known men of the fra-ternity. They are all thorough good fellows, and during their leisure hours are always ready to rally abund the Bohemian flag.

Mr. Will N. Harben, the popular southern novelist and short story writer, is in city for a few days visiting the exposition. Mr. Harben has thoroughly enjoyed his summer vacation, since his return from Europe, and will spend the winter in York writing for the various periodicals whose demands keep his pen busy most of the time. Since his first stories were published in The Constitution, a few years ago, he has been steadily climbing the literary ladder, and his success is very gratifying to his legions of friends here in Georgia.

some of the visitors from the north took in Decatur street yesterday afternoon. New York has its Bowery and Atlanta has its Decatur street. Scenes of the scuth are represented on Decatur street that a northern man unfamiliar with such sights would go miles to see. The various types would go miles to see. The various types of darkies with all their mannerisms, loud and boisterone revelry, songs and dances on the sidewalks, open-air concerts, fights and scraps, and other illustrations of their line, customs and faith present a spectacle that must, indeed, be interesting and high-live mustage.

Decatur street is famed far and near, and one of the first things those people from Iowa wanted to do in Atlanta was to visit this avenue of curiosities. To judge from their narrative, they were not disappointed. They hadn't gone two blocks be-tore they were blocked by a crowd on the sidewalks—a crowd of darkies so black it seemed a dark cloud had risen in the neighborhood. There seemed to be trouble between an Alabama darky "to beat the and a Decatur street citizen color. The Alabama coon had drawn a razor and stood backed up against a telephone post like Napoleon at Waterloo when the old guard went down, with that "grand, gloomy and peculiar" look on his face. He said he was "fum de lan' of milk and honey, while the Decatur street negro swore he was nothing more than a Mobile nigger. This had brought on the trouble, and it had got to the razor period by the time the visitors from Iowa arrived on the scene. There is a razor period in all troubles that arise on Decatur street. The Decatur street citizen made a plunge at the Alabama coon and the razors of both combatants found plenty of work to do for the next few seconds, when a police-

man hurried to the scene.

When asked about the result of the scrap, one of the Iowa men said with a sad shake of his head: "There will be two less at the exposition tomorrow than would have been there if the fight hadn't oc-

Judge William M. Reese and Hon. Milton P. Reese, of Washington, are at the Kimball. The many friends of Judge Reese will be sorry to learn that he is suffering greatly with an affliction by which he has partially lost his eyesight. He is the most gifted as well as one of the most conspicuous men in Georgia, and is held in highest esteem by every admire of true worth, distinguished talents and genuine chivalry. Judge Reese in stormy days of political strife has been known as "the noblest Roman of them all," this being the epithet which was given him long ago. Whenever he has had anything to say publicly bearing upon the political is-sues of the times, he has been listened to with such consideration as evidenced the incomparable admiration and respect he won from the people of Georgia when a young man, and which he has kept hroughout his entire life of usefulness.

will N. Harben, the novelist, is at the Kimball. He came yesterday from New York, and will spend several weeks in Georgia with his old friends and acquaintances. Mr. Harben was born and reared at Dalton, Ga., and is a graduate of the btate university. He is well known in

Governor Foster, of Louisiana, could not come to the opening of the exposition, but he sent his staff with General E. P. traux to represent him in the ceremonie The staff is composed of General Cottraux Colonel C. L. Walker, Colonel J. C. An rews, Colonel George H. Vernard, Major Maurice Generelly, Major George S. Knowles and Colonel Fred A. Ober. They re all at the Kimball house.

Mr. James B. Wasson, a staff correspondent of The New York Tribune, arrived yesterday.

Mr. Samuel C. Dunlap and wife and Miss Mary Dunlap are at the Kimball from Mrs. C. C. Sanders and her charming

daughter, Miss Armontine Sanders, are at the Kimball. They will spend several days in the city visiting the fair. Colonel W. A. Mulherin, of Augusta, is

ere. He is one of the leading busines men of the Fountain City.

Colonel William Armstrong Turk, gen eral passenger agent of the Southern, is in the city. It would have been a bad sign if the Cotton States and International exposition had opened its gates without the resence of this picturesque bit of Washington landscape Colonel Turk sa Southern is prepared to handle the to the Gate City from now until the cles of the fair in great style, and predicts that the passenger traffic of the Southern railroad is going to be simply immens during the period the fair is in progress.

Judge Alec Speer, of Madison, is ct the

Hon. Warner Hill, one of the most con-spicuous figures in the political areas of the state, is here. Colonel M. T. Perkins, one of the leading members of the Georgia house of tepre-sentatives, was here yesterday. He says the people in his region of the state are

free coinage of silver by a large majority. New York will be represented by Commissioner James Edward Graybill at the opening of the exposition today. He catal

came for the purpose of showing what re-spect and esseem the people of the Empire State of the North have for the people of the Empire state of the South by acting as the representative of his state in the opening cerementes. "I was commissioned to be here in the name of New York," he said, "and I have come to hold up that state's part of the celebration which Atlanta will have in dedicating the exposi-

Mr. T. W. Murply, one of the wealthiest coffee dealers of New Orleans, is in the city. He has a very extensive exhibit at the exposition and will remain in Atlanta

Captain Frank Williams, a well-known umber dealer of New Orleans, is here for a few days. Mr. William M. Crane, of New York, who

donated the gas fixtures to the woman's building at the exposition, is here. Mr. Gustavo Neiderlein, commissioner for e Argentine Republic, is here. He came last night and is at the Aragon. The exhibit from his country will be a very com-

olete and attractive one. Commissioner

Niederlein has come to wind up the work of getting the display in perfect condition. He will represent his nation at the opening Mr. Richard Villafranca, commissioner general from Costa Rica to the exposition arrived yesterday from New York to be present at the opening of the exposition. He says Costa Rica will have a splendid

exhibit on the grounds. Mr. E. J. Gibson, representing the Philadelphia Press, and Mr. Charles Kindrick, representing The New Orleans Picayune, have joined the force of newspaper men who are here to do the exposition style. They are among the brightest of the bright and will send some interesting sto-ries, no doubt, to their papers.

Colonel Albert Sydney Johnston, of Cartersville, one of the most prominent law-years of north Georgia, is in the city.

### CHARLESTON DEMOCRACY SPLITS There Will Probably Be Two Tickets in

the Field. Charleston, S. C., September 17 .- (Special .- . There is very little doubt now that the city democracy has split up and at the forthcoming municipal election there will be two or more tickets in the field. The final break occurred last night, when ten of the reform democratic clubs adopted this reso-

"Whereas, It has been brought to the attention of this club through its representative that the executive committee refused to adopt such rules as would insure an honest election in the approaching contest

for mayor and aldermen, therefore be it "Resolved, That we heartly indorse the action of our executive committeemen requesting the executive committee to incorporate the use of the registration ticket as a qualification for the voter in the coming

"Resolved further, That without this paramount safeguard to the ballot box we are confident that all sorts of irregularities can and will be practiced that would defeat an honest election, and open the door for aliens, nonresidents, and persons passing under assumed names to deposit passing three assume their ballots in every precinct in the city, and we invite all democrats not to particlpate in a primary where the freedom of the ballot box is open to such a course where just requirements are not exacted of the voter and where the safeguard intended to be the mantle of protection to

all is denied. The bone of contention seems to be the refusal of the democratic executive committee to make a registration certificate a qualification for voters at the primary. As matters now stand the democratic primary will be opposed by a so-called reform ticket, if one can be got up. It is the general opinion among the conservative democrats here that the bolt of the reform clubs is the work of the American Protective Association, which seems to be local politics. The supposition is th opposition to the nominees of the den opposition to the nominees of the democratic primary will be made up of the American Protective Association, the Tillman reformers and such of the municipal reformers as can be induced to go into the combination. The idea is to keep Irish Catholies off the board of aldern ful if they will get much of a following from the city reformers, but the registration books are in the hands of the reformers and this, it is calculated, will give them an advantage. The bolt of the reform clubs leaves two prominent candidates for the mayoralty in the field—ex-Mayor George D. Bryan and Mr. J. Adgar Smith, both Protestants and both with large followings of Irish Catholic voters.

### PRIZE FIGHT AT WAYCROSS.

A Featherweight Knocks Out a Welterweight.

Waycross, Ga., September 17.—(Special.)—A small prize fight deep crowds of whites and blacks tonight to florris's livery stables. The principals of the James Lemon, aged fourteen; weight, counds, and Dan Rountree, aged sixteen, weight, 120 pounds, both colored. The gong sound at 8 o'clock both colored. The gong souned at 9 o'clock and the pugilists, who were already in the ring, opened the first round. Jim was very active and dodged the hard blows that were aimed at him. Before the end of the first round Jim Knocked Dan out of the ring with a left-hand blow. The next two rounds resulted as the first, with Dan out of the ring and Jim victor. It was very exciting towards the end of the third round and the police came and broke up the contest. The purse was less than five dollars and it was promptly paid to

### EZETA GOES TO SAN SALVADOR

To Overthrow the Government of President Guiterrez.

San Francisco, Cal., September 17.—General Ezeta has arranged to sail for his native country tomorrow for the purpose of leading a movement of his supporters overthrow the government of President Guiterrez. He said: "We will be furnished at La

Liberdad with sufficient reinforcements to commence operations. We will land simultaneously and be assisted by General Casin. I will land at La Liberdad. The northern and southern ends of San Salvador, as well as the central part, will be in our power. I am advised that 50,000 rifles will be on hand at three principal ports. The capital will be our jective point."

### WEARS HIS COLLATERAL.

But Suppose a Hotel Holds His Trunk for Board.

Chicago, September 17 .- (Special.)-Frank J. Sheldon, a pedestrian who walked across the continent in eighty-one days, has wagered that he can start from Chicago penniless and without clothing and 'reach Atlanta in four weeks without begging. Sheldon will start Monday clad only in a pair of short trunks and confidently expects to evade the police.

In Favor of the New Board. Lincoln, Neb., September 17.—The supreme court met this morning. Among the first decisions handed down was that of the Omaha fire and police board muddle. The decision was rendered by Justice Power and was unanimous. It decided the case in favor of the new board, consisting of Paul Vandervoort, W. J. Broatch and A. C. Foster, affirning every point made by their attorneys.

## SYMBOL OF LIBERTY

The Columbian Bell Arrived Here Yesterday Evening.

IT CAME FROM CHICAGO

Ovation Accorded It All Along the

Entire Route. THE INTERPRISE OF THE N. C. AND ST. L.

Judge John W. Akins's Eloquent Re sponse at Cartersville-Marietta Had a Big Crowd Out.

The Columbian liberty bell, five days out from Chicago, reached the city yesterday afternoon on a special train over the Western and Atlantic read.

Magnificent, clear-toned and massive, enseonced upon a great dais in the center of a special coach, the wonderful composite bell that signifies liberty made a triumphal tour from Chicago to Atlanta, Chicago's sister city.

Along the entire route, at every way station and every town and every hamlet, the Columbian liberty bell met with words of eulogistic praise, sentiments of the loftiest patriotism and floral tributes innumerable prepared by fair feminle hands.

Wherever the bell stopped, the inhabitants were thrown into a state of excite ment and the greetings were profuse and heartfelt. It was received with the homage due the emblem of statesmanship's highest goal and the truest desires of a people-

Speeches were made by the gentlemer in charge of the bell and eloquent responses were forthcoming at every stop. The ceremonies were in keeping with the dignity of the occasion and entirely befitting the importance that attaches to the child of the old liberty bell, which, too, will come to the exposition.

The start was made from Chicago on Friday, September 13th. Despite this combination of day and number that are supposed to bode only bad luck, the finest eather and warmest of welcomes alone have greeted the southward trip of the Columbian liberty bell. And at every place the ponderous, musical liberty-singer was at home. From every state in the union relics and valuables were sent to be melted and cast along with other relics and other valuables into a historic bell that should be a symbol of true and pure freedom. From Georgia a part of the bell came, and in Georgia, perhaps, these particles, scat-tered in molecules throughout the great, sonorous body imparted a melodious thrill that found expression when the improvised clapper was sent swinging against

So it is no wonder that sounds thus in spired should have aroused open expres-sions of ardent and lasting patriotism from those who gathered to see the bell, hear its liberty notes and welcome through the immediate municipal limits and into the great state of Georgia.

### A Stroke of Enterprise.

When the Columbian liberty bell began its southward triumphal tour, the beginning of a longer one around the globe, was safely placed on a platform car the Illinois Central. Wherever it stopped

along this route it was gladly greeted.

In charge of the bell was Mr. Geo S. Knapp, the general manager of it, who rarely leaves it. Accompanying him in the same coach were his son, George M. Knapp; Mr. Nelson S. Franklin, Mr. R. H. Franklin, official souvenir publishers, and Mr. Dana Hull, official photographer. All of these gentlemen are now in Atlanta and will be with the bell on its farther

It was at Martin, Tenn., that the bell was released to the Nashville, Chattanoo a and St. Louis road. On to Nashville sped over this road. At that city it was found that the car on which the bell was could not pass through the tunnels of the Nashville, Chattanooga and St. Louis and the Western and Atlantic roads. -a new ar must be built. Mr. J. W. Thomas, Jr., the assistant general manager of the Nashville, Chattanooga and St. Louis, was at work immedi-ately. The next morning, after working on it, a new flat car, an almost exact re production of the original coach, was ready for the bell; and on that car it rolled into

Atlanta yesterday evening. Chattanooga Safely Reached.

Chattanooga was safely reached and there more than 5,000 people paid homage to it. It was at Chattanooga, too, that the bell fell into most congenial company. Mr. Charles E. Harman, general passenger agent of the Nashville. Chattano St. Louis and the Western and Atlantic met the special coach. He assured Manager Knapp that the road belonged to the party accompanying the bell. When the train left Chattanooga yesterday morning Captain R. R. Stallings was pulling the bell cord and Engineer Homer Dawson stood at

Mr. Harman told Manager Knapp that herever a stop was desired a stop would made. The first stop was at Ringgold, Ga. There enthusiastic greetings were re-received. Speeches were made by members Ga. There enhusiastic greetings were received. Speeches were made by members of the liberty bell party and Mr. J. H. Tappan responded in a short and patriotic speech. The next stop was Tunnel Hill, where several hundred people had gathered welcome the Columbian liberty bell.

Speeches and Floral Tributes. stop of more than thirty minutes was made at Dalton, Ga. Rev. Mr. Matthews

made at Dalton, Ga. Rev. Mr. Matthews responded to the speech of the bell com-mittee, as did Colonel Martin.

The following named young ladies rang the bell: Miss Alma Owens, Baltimore; Miss Nellie Brannan, Savannah; Miss Lizzie Kirby, Savannah; Miss Lucy Courtney, Savannah, and Miss Grace Marceau, Jack-sonville, Fla.

Three taps were given to call the crowd to order and seven taps were given for the letters in the word "Liberty"—one tap for each letter. A stake was driven into the

each letter. A stake was driven into the ground to commemorate the occasion, each young lady striking it a blow. The hammer used was made from the over-plus of the bell castings.

It is the intention of Mr. Harman, gen-

It is the intention of Mr. Harman, general passenger agent of the Western and Atlantic and Nashville, Chattanoga and St. Louis, to place an iron tablet where each stake was driven along the route of his road. On these tablets will be the names of the five young ladies who assisted at the ceremony of the hell ringing and ed at the ceremony of the bell ringing and

the stake driving.

At Dalton the bell party took dinner as the guests of General Passenger Agent Harman.

Calhoun was the next stop. Mr. W. R. Rankin responded to the speech of Man-ager Knapp. The following named young ladies participated in the bell ringing and stake driving: Misses Bessie Thornton, Maggie Thornton, Nettie Wells, Julia Mc-Daniel and Fannie Ellis.

Daniel and Fannie Ellis.

At Adairsville a short halt was made and there the bell was rung. The large clapper was not hoisted into position, but one placed in especially for such occasions was used. The following named young ladies rang the bell and received pieces of the rope they used; Miss Mary Combs, Miss May Alexander, Miss Emmie Anderson, Miss Bertie Owens and Miss Cora Powell.

There was also a stake driven in the ground at Adairsville. The hammer used was made out of a portion of the material left over from the bell casting.

Flowers and words of eloquence met the

bell at Kingston. In response to the words of Manager Knapp, Mr. J. N. Davidson made a splendid talk. The young ladies ringing the bell were: Misses Lella, Lucy, Annie and Sallie Hargis and Miss Dalsy

Cartersville Was a Star Town.

Not less than 2,000 people were lined up at Cartersville in anticipation of the coming of the Columbian Liberty bell. The school children of the town, mariy of whom had contributed pennies to the making of the bell, were out in full force. The most prominent people were present and many of the ladles had prepared bouquets of flowers and floral tributes in various designs.

The reception the bell received here was a most enthusiastic one and it was for several minutes that the manager was un-able to begin his speech because of the apable to begin his speech because of the ap-plause and shouts evoked by the sight of the symbol of liberty.

Mrs. John W. Akin, Mrs. Daves, Miss

Mrs. John W. Akin, Mrs. Daves, Miss Estelle Calhoun, Miss Anderson and Miss Chapman were the favored five that rang the bell. The speech of Mr. Nelson Franklin was responded to in eloquent and patriotic words by Judge John W. Akin, judge of the city court of Cartersville and one of Georgia's ablest lawyers.

"With all our hearts, with all our ransomed powers, we greet the Columbian

somed powers, we greet the Columbian bell," said Judge Akin. "On this broad continent and throughout the earth it is the symbol of liberty and freedom. Men know not what freedom was until the bell, in memorial of which this is cast, was rung in Liberty hall in "76. And when the rung in Liberty hall in '76. And when the tones of that bell rang out upon the air it announced a new era in the history of

man and proclaimed liberty, equality and fraternity to the farthest ends of the earth. "By the people all over the country "By the people all over the country sending mementees from battle fields and sending other relics of a distinguished past to the great foundry in the city of Troy this Columbian Liberty bell was cast and now it is going on a trip around the world to teach the people by its object lesson, vivid before their eyes, that liberty belongs to man and must be cared for to the last generation.

the last generation. "I see upon the sides this sentence: 'A v commandment I give unto you: that love one another.' Liberty and religion joining hands shadowed forth legend upon this bell are twin sisters in the political regeneration of man. And surely, if there be such a thing as angelizing in heaven virtues that bloom on earth they will be twin seraphim in the bright hemisphere of the to be."

Judge Akin concluded with a reference to the American flow

American flag. A stake was also driven at Cartersville. At an Unknown Hero's Grave. A stop of a very few minutes was had at

Alatoona and the next stop was at the grave of the unknown hero. Here every member of the party placed a flower on the grave and the official photographer took a picture of the group, including the At Big Shanty there were floral offerings by the basketful. Many of them were from little girls from six to thirteen year

old and were very beautiful.

At Acworth a stop of more than fifteen minutes was had. There Professor Camp responded to the Knapp. A stake was driven here and the bell rung. The ladies taking part were Misses Bessie and Annie Martin, Sallie Abbott, Lizzie McDowell and Leila Dur-ham, a quintet of handsome young wo-

The last stop was at Marietta, where Captain Hudson made an eloquent speech. The young ladies participating in the exercises were Miss Mary Cole, Miss Katie Anderson, Miss Mattie R. Nutting and Miss Comerford Reynolds, Miss

Something About the Bell. It was in the summer of 1893 that this already historic bell was cast at Troy, N. Y., under the auspices of the Daughters of the Revolution and representatives ap-

pointed by the governors of every state and territory of the union. The bell was taken to the woold's fair and there, on September 9th, it was first rung. On September 11th it was sounded again. Upon one occasion it was rung by a rope fifty feet long and pulled by representatives of seventy-seven nations and twelve trites.

The Columbian bell weighs 13,000 pounds,

each thousand pounds representing one of the thirteen original states. It is five feet seven inches in weight, seven feet two inches in diameter and six and one-half thick. Inscribed on it are the fol-

lowing legends: "Glory to God in the highest, and earth peace and good will toward men;" "Proclaim liberty throughout all the land unto all the inhabitants thereof," and "A new commandment I give unto you, that ye love one another." Then follows "A.

The first one encircles the crown, the second the mouth, on one face the third and the date on the opposite face.

What It Is Made Of. In the variety, interest and peculiar nposition the Columbian value of its composition the Columbian bell is unique. Its metal is a fusion of gold, silver, 'copper, tin and bronze, large quantities of which were offerings in the form of historic articles formerly owned by many of the most distinguished pa triots of this and other countries.

Revolutionary and civil war relies of ex-ceeding interest and great value, family ns, coins of all nations, including copper pieces current when Christ was on earth; gold watches, wedding rings, spoons and jewelry of all kinds enter into the makeup. John C. Calhoun's silver spoon and Lucretia Mott's silver butter knife helped create the silvery tones. Among Simon Bolivar's m the door of other things in it are watch chain, hinges from the Lincoln's home at Springfield; George Washington's surveying chain, Thomas Jefferson's copper kettle and the flint-lock from his musket, thimbles used by the women of 1876 in sewing garments for the money of the resolution, silver and solid from men of the revolution, silver and gold from every state and pennies from over 250,000

Pulled by Twelve Horses.

When the bell is mounted on the special truck it can be hauled by twelve horses. This handsome carriage is of special de-

The cap hands of the wheels are made of the cap bands of the wheels are made of the overflow metal of the bell, and in the front hubs of the wheels are medallions of Washington, each surrounded by thir-teen stars. On the rear hubs are similarly

teen stars. On the rear hubs are similarly arranged medallions of Abraham Lincoln. The stars are of solid silver.

The permanent rope of the bell is known as the international peace rope, and is composed of a long list of various ropes, hides and fibres from many nationalities. One feature of it is the scalp of a white man, to which is attached a bit of fine half-made lace. The scalp was contributed by an Indian, whose ancester one hundred years ago killed a white man and took his scalp. The lace was made by her, and is attached to show the progress of In-

Large Crowds in Atlanta. There were not less than 3,000 pecple gathered about the bell last night, but owing to the lateness of the hour, ceremonles of any imposing nature were made

The bell remained just outside the union depot all night, and until a late hour was the center of patriotic groups. This morning the bell will be taken to the exposi-

tion grounds.

Manager Knapp, in speaking of the trip
over the Nashville, Chattanooga and St.
Louis, was highly complimentary, especially regarding the genial and popular general passenger agent, Mr. Charles Hatman,
who extended every courtsy to the com-

## UNTIL 12 O'CLOCK

Saloon-Men Stand a Chance To Get Two Hours More.

THEY OFFER A LARGE BONUS

Council Amends the Closing Ordnance on Certain Conditions.

LIQUOR DEALERS MUST CHIP IN LIVELY The Extra Time Will Cost Them \$10,

000-Suggested That They Can Pay a \$2,000 License Next Year. Open saloons, where a drink of whisky

bottle of wine or a schooner of beer may be had up to midnight, yesterday re ceived the sanction of council. This action was taken at a special meet

ing of council yesterday afternoon. If the mayor does not veto the ordinance carrying that right the saloons of the city will be found open two hours later every night during the exposition than they have been allowed to run since the

era of prohibition. But every salcon in the city, or rather that part of the city covered by the ordinance, will have to pay into the city treasury \$65 a month for the extra two hours. The ordinance introduced by Mr. Howell during the regular session of the general council Monday allowing the saloons the two extra hours, provided each saloon acepting the privilege should pay into the city treasury \$65 a month, the money to be used in enlarging and making better the police department of the city, caused a great deal of talk throughout the city yesterday morning. The members of the board of police commissioners who have been so anxious to enlarge the police force were especially pleased with the idea and at cace went to work to secure a special session of the general council to consider the matter.

Mayor King was presented a paper show ing that a majority of the members of the general council wanted a special session and issued a call for a meeting, fixing

the hour at 3 o'clock. Before the hour fixed for the meeting however, the members of the finance committee were called together and the matter was laid before them. With the Howell crdinance was the petition from the board of police commissioners for an additional appropriation of \$6,000 to be used in policing the city. It was the same paper which was read for the first time during the session of Monday and whih was then referred to the finance committee. The finance committee gave both papers an informal but complete and thorough investigation. Mr. Inman, chairman of the committee, made it patent at once that there was no money in the city treasury that could be secured for the police department. It was suggested that the council should borrow the amount of money commission wanted and pay it back next year, but to this there was quite an objection raised by more than one mem

Then the committee decided to make an adverse report on the Howell ordinance and that adverse report was signed by Mr. Inman, Mr. Bell. Mr. Welch, of the second, and Mr. Miller.

A Full Council Present.

With every member of the council except Mr. Harman, of the sixth ward, and Mr. Nelms, of the seventh ward, in attendance, Mayor Pro Tem. Broyles directed the clerk to read the call for the meeting of the body. The call was read, and then the clerk picked from his desk the Howell crdinance and read the adverse report which the finance committee members had

written upon the paper. "I move," said adverse report of the committee acopted.'

"I would like to say," said Mr. Howell, before that motion is put to this body, a word or two. The members of the finance committee have been here several hours this morning working on this question and have not yet solved it. Some of the members of that committee wanted to borrow the amount of money the police board requests and pay it back next year. Now, we all know that the city has a charter which prevents us from spending more money than we receive and we know, too, that if we spend one dollar more we each of us be personally responsible for it. I am afraid that there are some members of this body who do not appre-ciate the situation Atlanta is in. We need and we must have more policemen to protect the pecple who are here and those who coming here to see us. This is a mat are coming here to see us. This is a mat-ter with which we cannot trifle and the sooner we make up our minds that way the better it will be with us. We have not a dollar we can use and we can't vote noney we haven't. Now, here is a plan which will save us. By taxing these sa-loons that \$65 a month we can get that money. It is nothing but a tax, it matters not what you call it. Then besides that it is simply giving the men who pay more -half the amount that is paid for license tax in the entire city a chance to make a dollar when they need that dollar. Now, adopt that ordinance and turn the money the saloon men pay into the city for it over to the police department and the popartment is paid with the money he con-tributes. Now, as a substitute for Mr. Mayson's motion, I move that the ordibe adopted. Mr. Inman's Position.

lice force will be greatly increased. It will add nearly a hundred men to the force. Then let the police board take the new men'and, mixing them with the old ones, put the entire force on duty for twelve nours, and Atlanta will have a good and large and sufficient police protection. This ordinance does not mean that the saloon men shall hire the extra policemen but that the money they pay, \$65 a month, shall be turned over to that fund and that the board of police commissioners shall hire the men. No saloon man in the city will know what member of the police de-

"I voted for that ordinance yesterday," said Mr. Inman, "because I could see no harm in it. But today when the matter came before the police committee I was one who favored the plan of berrowing the money and granting the police board what they want. I think yet that it would for us to make the debt than to let it go the way contemplated in that Howell ordinance.

Mr. Harralson differed with Mr Inman and said that for one he did not care to be held responsible for any debt the city might make when there was a clear way of escaping anything like that responsibil-

"I have an amendment to that Howell ordinance," said Mr. Hirsch, "and when it is reduced to writing it will be that the hours shall be confined to the fire

The Ordinance Read.

the saloon men to remain open in the fire limits up to midnight, provided that each saloon should pay into the tax collector's office \$65 a month, the money to be used in policing the city. It made the extension applicable to the saloons only which paid in the amount of money stipulated.

Mr. Miller thought that the report of the finance committee on the petition from the board of police commissioners should the board of police commissioners should be taken up first and offered as a substi-tute for the whole the adoption of the report of the finance committee. That report was favorable and when it came to a vote the ayes and nayes were asked for. The call resulted:

The call resulted: Ayes—Camp, Mayson, Welch of the second, Day, Dodge, Bell, Campbell, Miller, Sims and Inman—10. Nayes-Welch of the fifth-1

He Wanted a Recess. It was suggested by Mr. Welch, of the econd, that the general council take a

recess of fifteen minutes for the purpos of giving the board of aldermen an opportunity to concur in the action of the coun 'For," said Mr. Welch, "this is a mat ter which calls for separate action of the two bodies and if the board should concur

in our action that will end the matter; but if the board should not concur then we can devise some other means.' The recess was voted and while the mem bers of the council talked the matter over the members of the board of aldermen gathered in their corner and heard the

eport of the finance committee on the petition of the board of police commission again read. The reading was a mere mat-ter of form, as the members of the board were thoroughly conversant with it. the reading was concluded Mr. Tolbert se-

Moved To Disagree.

move," said he, "that we disagree with the action of the council. That we the council in adopting the report of the finance committee giving the police board \$6,000 for thirty men, to be added to the police force."

The motion was adopted without any

discussion and then a motion to adjourn was made and carried. Mayor Pro Tem. Broyles quickly called the general council to order and directed the clerk to read the action of the board of aldermen. The paper read by the clerk showed that the board of aldermen had ed to concur in the action of the

council in adopting the report of the "You have heard the action of the board," said the mayor pro tem. "Now what will you do with it?" "I move," said Mr. Welch, of the fifth,

"that we concur with the action of the 'I'd like a committee of conference," put in Mr. Inman. "And I move," said Mr. Welch, of the second, "that we defer action on that matter for the present. I do that for the reason that the Howell ordinance will now come up, and if that is adopted there will be no use for a conference committee,

whereas if it is not adopted the conference committee can easily be raised. Mr. Howell's ordinance was again read and then Mr. Hirsch's amendment making ft applicable to the fire limits was pro

Mr. Hirsch's amendment was adopted. They Discuss It.

said Mr. Inman, "that amend nents are in order, I have another I'd like to make. It is that policemen shall be at these saloons between the hours of 10 and 12 o'clock each night." "That is use!ess," remarked Mr. Howell, "the saloon men will pay in the amount of money required of them and that money

will be put to the credit of the police department and will be expended by that body in policing the city. The saloon men will be cared for by the policemen as the board of commis-sioners places the members of the force." Mr. Inman insisted upon his amendment

'So far," said Mr. Campbell, "I have refrained from saying anything on this sub-ject, for the reason that it has been apparent to me that the Howell ordinance would pass. But now I would like to offer an amendment and that amendment is that this law or change shall not become operative until enough money has been cov-ered into the city treasury by the saloon men to authorize the employment of fifty loon men shall pay in the amount of money required for the full term of the exposi-

Here Is the Vote.

The amendment was accepted by Mr Howell and then the ordinance, with the many amendments attached to it, was put upon its passage by an aye and nay vote The roll call showed the vote to be: Aye-Howell, Harralson, Colvin, Hirsch

Tolbert, Camp, Day, Campbell, Welch of the fifth, Sims and Inman-il. Nays-Mayson, Welch of the second Dodge, Bell and Miller-5. "Now," said Mr. Dodge, "Mr. Bell and desire to give notice that at the next meet

ing of this body we will move a reconsid ration of this action. "All right, Mr. Clerk," said Mayor Pro Ten. Broyles, "please make a note of that However, I desire to notify you that that notice will not operate to delay the action

of this ordinance. "I would like to ask," said Mr. Welch of the fifth, "if a member who has voted in the minority can move a reconsideration?"
"Certainly not," replied the mayor pro-

"Well, both of those gentlemen, Mr. Dodge and Mr. Bell, voted that way," said Mr. Welch of the fifth. "That's so," replied the mayor pro tem.,

Sent to the Mayor.

Immediately after the paper had been adopted by the general council it was sent to Mayor King, who was in the council

chamber, for his consideration The mayor accepted the paper from the messenger and placed it in his inside pocket and walked away from the council chamber. If the mayor attaches his signa-ture to the paper it will become a law and the saloons of the city which comply with the Howell ordinance will be allowed to keep open until midnight. But the ordinance cannot become operative until the mayor signs it unless he lets the four days elapse without giving it a veto, in which event it would become a law anyhow. Still, the ordinance cannot go into effect if the mayor signs it or allows it to come a law because he does not veto it within the specified time, until the amendment put in by Mr. Campbell has been complied with. That amendment requires enough money in the treasury to secure the hiring of fifty policemen.

Will He Sign It?

It is impossible to tell just yet what May-or King will do about the matter. There are those who are of the opinion that he will never sign it and allow it to become a law in that way, while there are those who are sure that he will veto it. Still there are as many who are of the opinion that he will sign the ordinance and that it will go into effect as soon as he signs it.

Mayor King, when asked about the mat-

Mayor King, when asked about the matter yesterday, said:
"I do not care to talk about it yet. It is something over which I shall take a long and careful study before I do anything. I like and am in favor of the means the ordinance seeks to accomplish, the increasing of the police force. But I can't say that I like the measures by which it is to be accomplished and I am satisfied that a majority of the people are opposed to the sa-

complished and I am satisfied that a majority of the people are opposed to the saloons being open after 10 o'clock."

Should the ordinance become operative it will add at lease fifty men to the police force and will allow the saloons contributing to keep open until midnight. There are within the fire limits over seventy saloons

men to the department.

At midnight last night Mayor King had

not signed the ordinance.

A call at his home found him in bed-sick and from the sick chamber came the state-ment that he had taken no action whatever The Mayor and Council Invited.

Just before the meeting closed a communication was read from Hon. W. A. Hemphill, chairman, inviting the mayor and the members of the general council to participate in the country syrriges of the Cotton pate in the opening exercises of the Cotton States and International The invitation was accepted.

A TRIP TO CHINATOWN. Hoyt's Record-Breaking Company Will

Be Seen Tonight at the Grand. Hoyt's "A Trip to Chinatown," the most successful and perhaps the best farce comedy ever written, will be presented to the patrons of the Grand tonight. Judging from its drawing power in the past it is safe to say that the theater will be filled. It would have been hard for Manager De Give to have selected a more fitting attrac

Give to have selected a more fitting attraction with which to inaugurate the exposition season. "A Trip to Chinatown" was presented at Hoyt's theater, New York, for six hundred and fifty nights, thereby breaking all the existing records for long runs. The comedy will be presented tonight with the original New York cast, including Harry Conor, as Welland Strong; Anna Boyd, as the Widow; Sadie Kirby, as Flirt; Harry Gilfoil, the "whistling waiter;" Julius Witmark, the noted singer and composer, and numerous others. The original scenery, properties and other stage accessories will be used, so that the production, even to the smallest detail, will be identical with that given at Hoyt's \_theater during its given at Hoyt's theater during it ong run.
"A Trip to Chinatown" will be repeated

Mabel Paige at the Columbia.

Another good sized audience assembled a the Columbia theater last night and en joyed "La Belle Marguerite," as presented by Mabel Paige and her strong company of comedians. A number of specialties were

of comedians. A number of specialties were introduced and the performance was a highly enjoyable one.

Tonight Miss Paige will present "Little Egyptian," one of her most popular plays. Each person attending the performance tonight or at any time this week will be given two chances upon a gold watch, the drawing to take place Saturday night. If the winner should be a lady, she will get a lady's watch. lady's watch

Al Field's Big Show.

public, or at least that part of i which enjoys genuine minstrelsy of the highest class, is looking forward with great pleasure to the appearance of Al G. Field and his company at the Grand next Friday night. These annual visits of Field are events of more than passing importance to the minstrel loving public. When Field's paper is put on the wall promising certain features, those features are always to be found in his show. This adherence to his promises has made Field one of the most popular minstrel managers in the country today.

This year, besides the usual quota of

This year, besides the usual quota of comedians, vocalists nad specialists, Field has old Dan Emmett, the originator of negro minstrelsy, and the author of "Daxie," the most popular song ever written. Em-mett is perhaps the strongest card known to modern minstrelsy and especially in the south. When "Dixie" is played under Emmett's direction Friday night, the old man will receive an ovation. The sale of seats for Friday night opens this morning at the Grand box office.

AT WHOLESALE BY THE TRADE GENERALLY.

Will Run on the Southern's Double Track Line Today.

ON A TEN-MINUTE SCHEDULE

There Will Be No Stops After Leaving the City Terminals-Other News of the Bailways. Today the Southern railway will start

egular schedules on the exposition line. The trains will begin as early as 6 o'clock this morning to leave for the exposition grounds. They will start from the Southern's terminal station, beside the Markham house, on Loyd street, and will run to the grounds in ten minutes. The trial trains run yesterday gave great

satisfaction to Third Vice President W. H. Baldwin, who went out to the exposition grounds on one of the early trains. All of the officials of the Southern were on the first train with the exception of Mr. Baldwin. General Passenger Agent W. A. Turk, Assistant General Passenger Agent S. H. Hardwick, General Roadmas-ter John Dodson and Chief Engineer Hudson all took passage on the first train and

landed at the exposition gates in just ten minutes after they left Atlanta. The trip is made in a most satisfactory There is not a single stop be tween the city and the grounds and the trains go like lightning all the way with the exception of the slight stop that is made at the Decatur street crossing. After passing this crossing the trains again take up their speed and go fairly flying out to the grounds.

There is no trouble about taking up ickets. The passenger buys his ticket before he gets on the train at the windows tickets. of the several ticket booths at the city terminal and deposits the ticket in a box the gateway as he enters the He is free to get aboard the train and go on to the grounds without further inter-ruption. There are no doors to the cars, they all being of the same style open car as used by the Illinois Central at the world's fair in Chicago, but there is a bar of iron acros each entrance and just before the train is started from the plat form these bar are, with a single thrust of a lever, closed all the full length of the Then tag train starts and has no impediment on its swift journey to the exposition grounds. The trains ran smooth-ly yesterday on trial and everything was the intricate scnedules to and from the rounds. The air brakes were tested everal times by Third Vice President Baldwin, who would suddenly call down the train. It would always make the stop most satisfactorily and with wondrous

The trains will run on short schedules

today in order to meet the demands of the crowds who will be going to and returning from the grounds. The double track all the way to the ex-

position gates makes it easy for the South-ern to run the quickest and safest of schedules. The trains going out take one track and those returning take another. In this way there is absolutely no danger of a smashup and no possobility of stops and waits.

One train will leave the city terminals today as soon as another makes room for it if the crowds are sufficiently large to warrant it. There will be no inconvenience of waiting for trains.

The officials of the Southern say there is no doubt in the world about meeting all the demands of the travel no matter how large the crowds may be.

The Railway Arbitrators.

# ON THE RACE TRACK

the Gravesend Opening.

## CLIFFORD JUST GETS PLACE

Sir Walter Drops to Third Right at the Wire-Ben Brush Beats Margrave and Crescendo.

Gravesend, September 17.-The fall meet ing of the Brooklyn Jockey Club began under most favorable circumstances today. The air was soft and balmy and it was a typical September day. The track was in perfect shape for the battle of the giants of the turf. A large crowd took advantage of the weather to see the bril-Hant programme run off.

There were at least 7,000 persons present. The attraction was the first special, allowance event for all aged horses, at a mile and a quarter. It drew together ten of the best horses, including mighty Henry of Navarre, the flying black colt, Domino, and the great but erratic Rey el Santa Anita. In addition, weights that gave them more than a fighting chance.

When three events had been disposed of the candidates for the first special apeared. After several false breaks, for which Clifford was to blame, they finally got away in good order. Sir Walter at took up the role of taskmaster. Taral pursued different tactics with Domino today. He endeavored to take a waiting ce of it and kept him in the rear of Clifford. They passed the grand stand the first time with Sir Walter a length and a half before Rey El Santa Anita, who was lapped to the withers by Heary of Na-varre, who was clear of Clifford and Dom-This order was maintained to the turn. A general closing up began as rd moved up to Sir Walter. They swung to the home stretch with Sir Walter eck to the good of Rey El Santa Anita and Henry of Navarre. Domino, as usual, not relish waiting tactics. He was aten before the home stretch was ched and he gave up the struggle as n as they were headed for home Griffin took matters very calmly with lenry of Navarre. He gradually wore own Sir Walter's lead and finally won ith comparative ease by a length. Clif-ord, who came with a superb rush in the nal furlong, wrested the place from Sir

Walter by a neck. Sir Walter tired badly. Rey El Santa Anita was a bad fourth, and Domino was eased up in the last half turlong. The time, 2:09, was not sensa-The other big event on the programm today was the race for the Holly handicap, of the value of \$2,000, and it did not result in a triumph for the talent. It was won easily by Ben Brush, who was third in demand in the ring. Margrave, the favorite, finished second and Crescendo third. The western contingent were heavy The western contingers by Ben Brush's victory.

# A GOLD STANDARD

Henry of Navarre, Griffin Up, Wins at New York's Republicans Declare, for Monometallism and a High Taria.

THEY GIVE MORTON A BOOM

Milholland Was There, but Lexow Counted Him Out—Depew Enter-tains the Delegates.

Convention Hall, Saratoga, N. Y., September 17.-Chairman Hackett called the republican convention to order at 12:27 o'clock and introduced Rev. Dr. Joseph Carey, the Episcopal rector of Saratoga, who invoked the blessing upon the convention. The secretary called the roll of delegations by districts and changes in delegates were announced.

Notices of contests in various districts were given. At 12:55 o'clock Chairman Hackett announced that he had been directed by the state committee to name Hon. James S. Sherman, of Oneida, as temporary chairman. He appointed Hamilton Fish and Theodore H. Poole to escort him to the chair. Congressman Sher-man was applauded when he took the chair. He wore a rose in his button hole and, in addressing the convention, spoke in a clear voice that reached every part of the hall.

On motion of Philip Keck the following temporary secretaries were named: John Kenyon, Reuben L. Fox, William B. Dodge, Charles A. Ball and Lafayette

Clarence M. Bowen, of New York, offered a resolution indorsing the administra-tion of Governor Morton and recommending him for the presidential nomination of 1896. The result was read from the plat-form at once and carried, with only one dissenting voice.

Committees on permanent organization, resolutions and credentials were then ap-

At 1:30 o'clock a recess was taken until 3 o'clock. At 3:25 o'clock about two-thirds of the delegates were in their seats in the convention hall.

At 3:30 o'clock Chauncey M. Depew entered the hall. He got more applause than both bands.

At 3:55 o'clock the crowd got impatient and called for Mr. Depew. He responded very promptly and, taking the platform, soon set his audience in a roar. He said that he was account. that he was apparently called in to fill the gap between temporary and permanent or-ganization and that when the latter got ready for business, oratory would have to give way. He congratulated Congress-man Sherman on his speech. He said the difference between republicans and demo-crats is that the republicans know how to pick out mistakes when out of power and now to remedy them when in power; that while democrats know how to find out own mistakes when out of power and how to make more when in power.

Mr. Depew spoke for half an hour.

At 4:30 o'clock the convention was called

to order. The committee on permanent organization reported at 4:45 o'clock, naming Senator — exow for permanent chairman and named the temporary secretaries as the permanent officials. A long list of honorary vice presidents and secretaries was also named

Chairman Sherman appointed Representative Charles A. Chickering and Senator Higgins as a committee to escort Senator Lexow to the chair. The senator from Rockland was introduced by the chairman in the following words:
"Republicans need no introduction to

Senator Lexow-democrats want none."
At the conclusion of Senator Lexow's address the committee of resolutions was called for and Speaker Hamilton Fish handed up the report to the platform. It contained no excise plank. The vote on omitting the

The Platform.

The Platform.

The resolutions are in part as follows:

"We reaffirm our adherence to the American poincy of protection and we demand such legislation as will afford an adequate income for the maintenance of the government while giving every encouragement to American capital and remunerative wages to American labor.

"We denounce the Wilson tariff with its iniquitous income tax attachment (happily declared unconstitutional by the supreme court of the United States) as the tree steps.

inquitous income tax attachment (nappily dectared unconstitutional by the supreme court of the United States) as the first step accomplished in the campaign for the annihilation of American industries begun by Grover Cleveland in December 1887. This measure is neither a tariif for protection or a tariif for revenue, but a tariif for deficit, failing by scores of millions a year to raise the amount of revenue necessary for the expenses of our national government. We believe that the nation's honor as well as the material interests of our citizens demand the maintenance of a national currency, every dollar of which, whether in gold, silver or paper notes, shall be of equal value and equal debt-paying or purchasing nower, and we declare our unalterable opposition to the free and unlimited coinage of silver. Any inflation of the currency of the country by degrading the rency of the country by degrading the standard of value to the silver basis is dis-

standard of value to the filver basis is dis-tinctly repudlated.
"We denounce the democratic party for the robbery of millions of dollars from the bard-working farmers of this state through free wool and the reduction of tariff upon agricultural products by the Wilson tariff bill, and we demand adequate protection for our farm products."

Morton for President.

The administration of Governor Morton is neartily indorsed, and he is presented as the candidate of the republicans of the Em-pire States for the presidency of the United States, and the loyal and unstinted

support of New York is pledged to him.

When the reading of the report was concluded John E. Milholland obtained the floor and offered a minority report confloor and offered a minority report con-taining two propositions. One favored the enlargement of the state committeee and the other was an excise plank. William A. Sutherland, of Rochester, a member of the committee on resolutions, moved that Milholland's report lie on the table.

The motion was put and there seemed

to be more noes than yeas, but Chairman Lexow said: "The motion is earried."

There were murmurs of discontent with the rulings heard, and things were juite lively in the convention for a few minutes. Warner Miller then took the floor and Sephath observed. argued for a plank for Sabbath observ-

At 5:52 Mr. Hamilton Fish made a motion to proceed to the nomination of can-didates. His motion was adopted and the names of Judge James Martin, of Binghamnames of Judge James Martin, of Binghamton; Supreme Court Justice Pardon C. Williams, Jesse Johnson, Henry A. Childs, and William H. Adams were placed in nomination for associate justice court of appeals. The first ballot was without result. Judge Martin was nominated on the appeals. The first ballot was without result. Judge Martin was nominated on the second ballot, and the nomination was made unanimous.

There was a sigh of relief when at 7:30 closely below the second the second that the second that the second the second that the second

o'clock Edmond L. Pitts moved the entire ticket be nominated on a single ballot. Frank Hiscock objected and urged that the usual single ballot be followed. He was swept aside and the resolution was carried with a hurrah, and the incumbents will again so before the people.

will again go before the people.

The first ticket named is as follows: For judge of the court of appeals, Celero

For judge of the court of appeals, Celero E. Martin, of Broome. For secretary of state, John M. Palmer, of Albany.
For comptroller, James A. Roberts, of Erie.
For treasurer, A. B. Colvin, of Warren. Attorney general, Theo T. Hancock, of Oneondaga.
State engineer, Campbell W. Adams, of Oneida.
A resolution empowering the state committee to fill all vacancies occurring on the state ticket was adopted.
At 7:40 o'clock the convention adjourned sine die.

## THE SONS OF VETERANS.

THOUSANDS WITNESS THE PA RADE AT KNOXVILLE.

Governor McKinley Leads the Proces sion and Is Given an Ovation Along the Route.

Knoxville, Tenn., September 17-Fifty knowlife, Tenn., September 11—11ty thousand people saw the parade of the Sons of Veterans this morning. The spectators came from all parts of the United States but principally from East Tennessee and the adjoining states. In the parade were uniformed camps of Sons of Veterans, Grand Army of the Republic posts and the local camps of confederate veter. and the local camps of confederate veter-ans; General Lawler and staff; Com-mander in Chief Bundy, of the Sons of Veterans, and staffs; the officers of the Ladies' Society of the Sons of Veterans; several companies of the National Guard of Tennessee. At the head of the procession rode Governor McKinley, of Ohio, who arrived from Cincinnati just as the pro-cession started. All along the route he was wildly cheered. Following him came Governor Upham and staff and ex-Governor Fairchild, of Wisconsin, and then Governor Woodbury and staff of Vermont.

This afternoon a reception was given at the residence of Colonel E. J. Sanford, president of the Knoxville and Ohio railroad, complimentary to Governor Kinley and other distinguished visitors. Two thousand people attended the reception which lasted two hours.

Tonight Governor McKinley was billed to make a speech. An hour before the time the streets were blocked with people for two or three blocks from Courthouse square, where a stand had been erected for the purpose. It is estimated that he addressed twenty-five thousand people. He spoke only twenty minutes and his reception was in the nature of an overwhelming ovation. Ladies made up nearly half the audience. He left for Chattanooga at o'clock. General Lawler and party were entertained at a banquet this afternoon by members of the Felix K. Zollicoffer camp of confederate veterans. Large num bers of distinguished visitors were in at-

ion of the blue and the gray.
The national encampment of the Sons of Veterans has transacted no business of public importance up to this evening on account of the numerous public functions, further than to hear the reports of the commander in chief and the committee on credentials. George H. Hubert, of Illinois, and W. H. Russell, of Kansas, are the only prominent candidates for commander in

At the meeting of the commandery in chief today the report of Surgeon General Young was read. The report shows that 62,712 members have been mustered in, of which 34,217 are now in good standing. The committee on ritual made a report opposing any changes in the ritual of by-laws. The report was adopted. Louisville Ky., seems to be far in the lead as the place for holding the 1896 encampment.

### CREELMAN IS HERE.

The Famous War Corresdondent To Write of Our Show.

The pen of James Creelman, writer and war correspondent, fresh from painting the horrors of the Chino-Japanese war, will de-pict the beauties of the Atlanta exposition. Mr. Creelman arrived in town yesterday afternoon on the Southern's vestibule and went to the Kimball. Shortly afterward he went out to the exposition grounds, where he took a hurried view of the grounds. He comes as the special representative of The New York World, to write about the exposition. He was detailed for the work by Joseph Pulitzer. Mr. Creelman will study the show. He

will find its material and social significance and tell the readers of The World about it in a series of able letters which he will prepare. He is not here to report the news of the exposition for his paper, but to find the significance of the fair and make in plain to the people for whom Mr. Pulitzen furnishes a newspaper.

Mr. Creelman is one of the most famous correspondents living. He is a Canadian by birth, but has lived in New York almost all his life. He had a long connection with The New York Herald, covering a period of twenty years, during which time he was intimately associated with James Gordon Bennett. He left The Herald for a few years to go to Europe to become the British editor of The Cosmopolitan, John Brisben Walker's ambitious venture. He mencing in the east and was offered a lu-crative post by Mr. Pulitzer as war correspondent. He went to the war and in company with Cowan and Viners, both fa-mous correspondents, saw many of the most important engagements of the He, with them, witnessed the atrocity at

Railway Mail Superintendents.

### CAN'T KILL HARPER.

Doors Weighing More Than a Ton Fall on Him.

Selma, Ala. September 17.-(Special.)--Six heavy doors, weighing in the aggregate 2,400 pounds, fell on John Harper, a young negro carpenter, at the new oil mills today, completely covering him. Every one thought he was killed. After a moment's delay the doors were lifted off one at a time. He was unconscious, but was resucitated in fifteen or twenty minutes. He got up and walked around, complaining that his feet hurt him. When told of the doors falling on him, he said it must be a mistake and started back to work. The contractor, fearing he had been internally injured, sent him home. He experiences no inconvenience from the cident except soreness.

### A PAINTER'S LUCK.

He Grabs a Rope as He Falls and

Saves Himself. Waycross, Ga., September 17.—(Special.)— James O'Neal, a painter, fell from the dome of the new school building today.
He slid headforemost down the slate roofing and his body bounced off the roof into the air just above the stone steps of the main entrance to the building, when he caught on to a rope and swung into a window on the third story.

HE IS PLACED UNDER ARREST

The Doctor Is Accused of Practicing Without a License-Two Sides of a Sensational Story.

Dr. William Val Stark, a young physician well-known in medical circles in Atlanta because of his advocacy of a method of cure called by him psycho-therapy, was yesterday arrested on an accusation sworn out by Dr. Harry Huzza, charging him with practicing medicine without a license. Dr. Stark gave bond immediately and the case will be called to trial in a very short

Back of the accusation sworn out on a very commonplace charge is an interesting story. It is one which involves charges of starvation and alleges the practice of hypnotism by Dr. William Val Stark upon George Boehm, who died last month in the Grady hospital after having been treated by Dr. Stark for several days.

The following is the substance of the story as told by friends of the deceased

man, George Boehm:

For some time Boehm was under the treatment of Dr. Stark. He gradually grew worse and was finally taken very sick at the boarding house of Mrs. Schine, at 66

Capitol avenue.

One night after Dr. H. N. Stanley had charge of the case and a nurse had been hired, Boehm disappeared from the board-ing house. His friends searched in vain for him but he was not to be found. He was finally located in the sanitarium of Dr. Val Stark at 131 Spring street. Friends of Boehm called upon him and remea-strated with him but he was wholly under

the influence of Dr. Val Stark.
Finally he was moved to the Grady hospital and after lingering about two days died. His death was caused by starvation and hypnotism, according to the claims of his friends. They allege that Dr. Stark hypnotized Boehm and tried to cure him that way and refused to give him any food. Had he been rescued sooner from Dr. Stark he would have been saved, they say. And in conclusion they claim that Dr. Stark is practicing medicine without a license. All of these facts have been presented to the state board of medical examiners, Messrs. Austin & Park, attorneys for the board, were instructed to draw up the proper papers.

The friends of Boehm are still very in-

dignant. They claim that he was under the evil influence of Dr. Stark and that the doctor could call him out, as he did from the Capitol avenue house, and make him What Dr. Val Stark Says.

Dr. William Val Stark was seen last night by a Constitution reporter. Dr. Stark proved to be a rather good looking young man, apparently about twenty-five years of age. He smiles in a pleasant fashion and has eyes that are remarkable for their vigor of expression and the brightness of their color. He was anything but agitated. In fact,

he waved his hands two or three times, smiled in a deprecatory fashion and said: "Really there is nothing in it. There is nothing worth telling." It was suggested that he had best give his side of the story for publication. "Well," said Dr. Stark, "there is little to

say. The friends of Mr. Boehm are unduly Here Dr. Stark, who probably knows that he has a very pleasant smile, smiled again and then proceeded, smiling at con-venient intervals and in a very emphatic

fashion: ment. I am not a believer in medicines so-called. I try to cure with proper food, baths, massage, electricity and psycho-therapy. I was doing the best for him that I could, but because he was not directly under my treatment it was not very effective. He was placed in a boarding house on Capitol avenue, I believe. From that place he came to me. It was of his own

"His friends claim that I projected my astral body or did some equally foolish thing and brought him here. That, in fact, kidnaped him by using my hypnotic pov ers. Some have said, I am told, that I drugged the nurse. All of which is equally

"I Do Use Hypnotism."

"Am I a believer in hypnotism?"
Dr. Val Stark smiled again. It was a mile that carried conviction. Perhaps it had a touch of psycho-therapy in it.
"Yes, I am. I use it to a certain extent.
Every one ought to know what hypnoti in it. It is used every day in Atlanta. Sometimes it is called personal magnetism. A great number of people are not susceptible to hypnotic influences. Where I have a patient that is eastly hypnotized I use what power I have on him. I use it for a good urpose and never attempt it when tient is unwilling and does not believe that he will be helped by it.

Sick People Should Not Gormandize. "I did hypnotize Boehm, but I did not starve him. It is charged"—Dr. Stark smiled—"charged"—he repeated, again smiling as he emphasized the word in bold voice italics—"that I am a vojetarian. Well, so I am. Meats are stimulants and are not healthy. But I cannot see how the fact that I am a vegetarian should starve Reshm

starve Boehm.

"But I did not starve him. Yet, on the other hand, I did not let him gormandize. He was suffering with malaria and typhoid fever. I dieted him properly. He was con-tent with my treatment. He once told me he was willing to die under my care. His mind was kept at rest. One thing that retarded his move toward renewed health was his insistence in walking about. I hypnotized him in order to keep him quiet. When he came to be moved by Dr. Cahn, Boehm objected. I was willing for his friends to move him if they were so fear-ful of the results. Now, I do not say that I would have cured Boehm, but I do say that I treated him nearly a week and he lived, whereas two days and a little more at the Grady hospital killed him. When I saw him there his stomach was very much puffed out because they had given him too much milk to drink and I am reliably informed that a hemorhage caused

"I first saw him while he was sleeping and I did not think he could live thirty minutes. That was at the hospital. When he woke up, however, his eyes were bright. He said that they had stuck something into his flesh; I suppose they gave him mor-phine. This, though, I do not know.

"As to the charge of practicing without a license, I did not come here until after March. I investigated the matter thoroughly and the proper officials informed me that I need not take out a license until

next year."

Dr. Val Stark is a graduate of the Hygeia Medical college, of Cincinnati, O., and occupied a chair at that institute.

### ARE YOU DEAF? DON'T YOU WANT TO HEAR?

The AURAPHONE will help you if you do It is a recent scientific invention which will assist the hearing of any one not BORN deaf. When in the ear it is IN-VISIBLE and does not cause the slightest discomfort. It is to the ear what glasses are to the eye—an ear spectacle. Inclose stamp for particulars. Dr. Hathaway & Co. Cures Where Others Fail-A Solid Atlanta In-

Atlanta can justly be proud of having this prominent and reliable firm of specialists located here, because of the fact that they are perfectly reliable and responsible in every respect. Having been in business here a number of years, they have treated thousands of difficult cases of disease, and the many cures they have made is a standing and living monument to their ability and skill. During the time they have been here innumerable specialists, medical companies and advertising doctors have located here, but have been unable to gain the confidence of the public and have had to leave, some of them in a manner which was not legitimate and professional. It is safe to say that no specialist or firm of specialists can do the business or have the extensive reputation that Dr. Hathaway & Co. have in this city and surrounding country. Every that no specialist or firm of specialists can do the business or have the extensive reputation that Dr. Hathaway & Co. have in this city and surrounding country. Every man on their staff is a regular graduated physician, holding a diploma from some of the best medical colleges in America. Besides this, they have had years of experience in the leading hospitals in this country and in private practice. Their references are the best six national banks, the leading newspapers of the land. Business men and thousands of patients bear testimony of their reliability and professional skill. It is no wonder that people say: "When all others fail, try Dr. Hathaway & Co." Their position to the public is the highest skill, careful attention, no promises made unless fulfilled, reasonable fees, pure drugs only used and satisfaction guaranteed in every case taken for treatment. What more can the sufferer from disease sisk? Remember these facts. That Dr. Hathaway & Co. do not adopt and fake, methods or fraudulent measures solicit patients for treatment, but transact their business only on a straight, legitimate and professional basis. FREE TREATMENTS are not given, only to the worthy poor. They do not believe in advertisements are fraudulent on their face. FREE RECEIPTS to the sick is a blind to catch money from suffering victims. Hundreds of patients have come to DR. HATHAWAY & CO. and told the story over and over again of how they have been victimized and defrauded out of their money by unprincipled medical firms and quack doctors. Profit by experience and only put your case in the hands of responsible physicions. DR. HATHAWAY & CO. are rendy at all times to furnish any kind of reference asked for and will consider it a pleasure to have patients afflicted with private diseases are published.) Investigation is solicited and courted. DR. HATHA-WAY & CO. believe in the old saying that honesty is the best policy, and they have always tried to live up to it in every way. WAY & CO. believe in the old saying that honesty is the best policy, and they have always tried to live up to it in every way. They are bound to satisfy their patrons and will do everything that is reasonable in order to do so. Any sufferer from disease should consult these eminent specialists, either at their office or by mail. Consultation is tree and confidential. Offices 2½ South Broad street, rooms 34 and 35, Inman building.

The woman's department of the exposttion was in a state of the wildest energy and excitement yesterday. Although the delay in the decoration of the dome makes It impossible to have a formal opening today, yet each woman in charge of the various rooms felt that she must get her building as near ready as possible. The Baltimore room, the Lucy Cobb room, the decorative art department, the library and the Columbus room are all in a pretty presentable state, and will give to the visitors who come to the building some sort of an idea of the general effect when the whole thing is completed.

ELL,

and Georgia, who are in charge of the Virginia tea room, decided to arrange their tables and serve ices and the beverage that cheers without intoxication to-day. The Atlanta ladies who have joined the other states in this bright and attractive feature of the woman's building, are the following: Mrs. Frank Orme, Mrs. James Jackson, Miss Wolf and Mrs. Morgan, and they will be assisted in serving tea by four pretty Virginia girls residing in Atlanta. These are Miss Ethel Toy, Miss Mary Barnett, Miss Mollie Courtney and Miss Ellen Hillyer, Mrs. Kent and Miss Rosalie Smith, of Virginia, will represent the beauty of their state. They were all very busy there yesterday and were delighted over the fact that Gover-nor O'Ferrall, of Virginia, has sent down, in compliment to the women of his state decorator to fresco the tea room and adorn it with the national colors.

The northern women are awakening with burst of enthusiasm to the great work accomplished by the women of the expo-sition in developing the woman's depart-ment into such a handsome success. Miss Helen Boswell, treasurer of the National Woman's Republican Association, said anent this new interest in the doings of southern women: "I am to be in Atlanta during that part of the woman's congresses devoted to the National Council of Women, in October. I have been studying the advancement of southern women and I am amazed at the long strides which they are making in educational and in the industrial world. I am a Baltimorean, and so, perhaps, know the conditions un-der which they strive. They are women of broad mentality, generous spirit, and

What they have done in furthering the terests of their native states by laboring in the cause of the exposition the future will tell. The woman's building, how-ever, as it stands today, is more of a nument to their spirit and vigor than would be carved marble or commemorative bronze. These women have taught a lesson to the east, the west and the north, and in all the great women's movements of the future, which are bound to come, because nature must move on and civili-zation must progress, the southern women will be looked to as great leaders and

projectors."
Miss Boswell was the first woman ever invited to speak at a national convention of republican clubs. She gave the memorable speech in June last, at Cleveland, O. Her colleagues in the political educa-tional work with which she has associated are Mrs. Jane Pierce, well known in literary circles; Miss Teresa Barcalow, LL.D., a graduate of the Woman's Law School a graduate of the Woman's Law School of the University of New York; Mrs. Clarence Burns, a social leader, and Miss Sarah Warren Keiler, one of the best authorities and lecturers upon the Napoleonic era in

the north.
The Maryland women are going to have I found Mrs. Hoffman there yesterday

morning busy as busy could be.
"Yes," she said, "we have made the se-

morning busy as busy could be.

"Yes," she said, "we have made the selection of our exhibits carefully and I do not think visitors will find anything shoddy in it. We are not going to devote our exhibit altogether to woman's work. Our idea is to have represented here the great potteries of Maryland by some of their choicest pieces. Here is an example for instance," and she picked up an exquisite porcelain panel of fruit, by Putzke. "The furniture, you Fnow, was all made to order, according to a special design, by the firm of Henry W. Jenkins & Sons."

The cabinets, mantels, chairs, etc., were beautiful examples of shippendale in mahogany and rosewood. The cabinet in the right hand corner contained specimens of Maryland minerals and ore. The room is to be decorated with the linens and right sik embroideries from the Decorative Art Society in Baltimore.

Mrs. William Reid founded this society some years ago, and it is now self-supporting and gives many women employment. The specimens of work shown from it carried out the truth of Mrs. Hoffman's assertion that it was the unvarying rule of this school, from the beginning, to accept only the most perfect specimens of embroidery for sale. There were table and bureau covers on finest bolting cloth and embroidered with marvelous daintiness and skill in original designs, for no one in this high-class place is allowed to copy designs for her work.

To describe the delicacy and refinement of such artistic needlework is almost impossible, but this feature of the room is sure to be one which will redound to the credit of the place as a whole.

Mrs. Heid, Mrs. Hoffman and Miss Cole will have charge of it during the exposition.

The president of the exposition had a perturbed appearance yesterday as he walked out of the Piedmont Club and swiftly past the group of women under the big trees near the piazza. "You had better beware of us," one of them credit, "we are members of the woman's department."

He joined them in the face of that warn-heg, and sat down in a chair with the

Miss Julia Taylor, who has been living in California for the past two years, is now on a visit to her aunt, Mrs. Henry Porter, on Peachtree street. Miss Taylor is a beautiful girl of the blond type and her many friends are glad to welcome her home again.

Mr. Charles D. Lamer, the business man-her wanted to hear the rest of it. "Oh, well," he said, "there are two planos and an organ that must be hauled out of the woman's building and, oh! my. the many strict of the woman's building and, oh! my. the many friends are glad to welcome her home agare.

Mr. Charles D. Lamer, the business man-ager of The Review of Reviews, writes that is mother. Mrs. Sidney Lanier, will visit the city early in October and give one of more public readings from the published and unpublished poems of her late husband. Sidney Lanier. Afianta has a rare treat in store in this recital, as Mrs. Lanier is a most charming reader and gracious woman.

Miss Cora Bell has returned from a deal that and they just thought they'd get all the and they just thought they'd get all the and they just thought they'd get all the sing they wanted by this representation. It is a most charming reader and gracious woman.

Miss Cora Bell has returned from a deal that and they just thought they'd get all the sing they wanted by this representation. We see that the such large space in the exposition, was utterly unjust to the people who have taken such large space in the exposition, was utterly unjust to the draw of the people who have taken such large space in the sorrow of his trying experiences.

Misses Ethel and Katie McKle, the pretty daughters of Mrs. C. D. McKle, have returned from a pleasant visit to friends in Gainesville.

Misses Cora Bell has returned from a deal the sorrow of his trying experiences.

Misses Cora Bell has returned from a deal the sorrow of his trying experiences.

Misses Cora Bell has returned from a deal the sorrow of his trying experiences.

Misses Cora Bell has returned from a deal the sorrow of his trying experiences.

Misses Cora Be He joined them in the face of that warn-

man yesterday. Her name is Bertha Damaris Knobe and she edits the woman's department of The Chicago Tribune. I don't know a great deal about her work, because she has been on this paper but a year, and then her articles are never signed, but I know just from her personality that she is an unusually original woman, deep thinker and sincere and clear of vision. George Meredith would like her for a heroine.

sion. George Meredith would like her for a heroine.

She has beautiful grey eyes, a nose somewhat aquiline, and her lips are rather full and her skin of that clear, fine-grained kind that goes with soft brown hair. She was dressed so well, too. Her shirt and the coat that matched it was of brown English cloth and its fit and finish showed the touch of a good tailor. Her little Napoleon hat of black braided straw went along to comp'ete the smart costume.

In speaking of her work on The Tribune Miss Knobe said: "My idea is not to treat women in a frijolous way in a woman's department. The notion that women like silly stuff is long ago played out. I think the age is too progressive for the old-time conventional material dished out to women in newspapers and magazines." Miss Knobe tells me that she began her work in a small western town. She went to Chicago an utter stranger and began doing work in the way of special assignments and stories for the Chicago papers. The position she now holds is a splendid one and if I am not mistaken she is a woman who will be heard from in the future.

The Legion of Loyal Women

and Their Exhibit. The delegate of the Legion of Loyal Women, Washington, D. C., Mrs. Laura V. McCullough, has arrived and is busy putting up the exhibit.

Among the articles specially prepared for this occasion is the fine painting, by the well-known artist, Miss Lillian Cook, of the handsome badge of the order, which is 24x43 inches inside the frame. The bronze badge and pin are shown in bold relief upon the red, white and blue ribbon, which has apparently been lifted by a passing breeze, the rolling corner and fringed edge being wonderfully realistic.

An elaborate monogram of the Legion motto, "Partiotism, Friendship and Honor," in dark blue on the white velvet ground outlined in heavy gold cord and a collection of portraits of officers, past officers and prominent members, will also be on view. Among these are the well-known faces of Clara Barton, president of the National Red Cross; Harriet P. Dame, president of the Army Nurses' Association, and Mrs. John A. Logan, appear as they are today.

Among the others may be mentioned Mrs. Eilen Spencer Mussey, president; Mrs. Ma-ria Harlan Weisner, Mrs. Albertine S. Odell, Mrs. Rose E. Ferree, Mrs. Nellie F. Prentice, Mrs. Ruth G. Blasland, and Mrs Anna C. Fannce, past president; Mrs. Fanny Pomeroy, vice president; Mrs. Laura V. McCullough, recording secretary; Mrs. Henrietta N. Rose, corresponding secretary; Miss Mary H. Brady, financial secretary; Mrs. Frederica B. Wilson, treasurer; Mrs. Annie C. Gotwald, chaplain; Miss Jen-nie E. Manning, herald; Miss Jane Gibson, page; Mrs. Jessie C. Osborne, warder; Miss Maggie Cox, sentinel; Mrs. Elizabeth A. Hilton, pianist

Hilton, planist.

A unique feature will be a collection of dolls to illustrate the American Patriotic salute. There will be forty-five dolls, each salute. at Cleveland, O | wearing a small shield on which is the name of a state, and America is the standard bearer. The day of the opening they will be arranged to show Georgia in the act

of bidding her sisters welcome. The Legion of Loyal Women is one of leading charitable organizations of Washington, D. C. It was organized in 1886, reorganized in 1892 under its present name, for a much larger and more helpful work. This loyal sisterhood of 300 Christian women has for one of its objects the relief of every human beings, the only claim needed to insure its assistance being sor-row, illness, poverty or lack of friends. The Legion is organized and governed on the family plan. All are sisters equally entitled to its consideration and honors. All

questions are promptly settled in its own Last winter women were employed to mend and prepare for immediate use the clothing and supplies donated for the poor. When these women developed a satisfactory degree of perfection in sewing permanent situations were secured, for the Le gion believes in helping people help them-selves and considers the work at the rooms temporary and intended merely to assist

self-supporting.

The exhibit will be found in the organization room, in the liberal art tower, next to the Georgia Woman Suffrage Associa-

its beneficiaries to join the ranks of the

The beautiful home of Colonel J. W. Langston, on Peachtree street, was a scene of a delightful dancing party last Tuesday evening. The dance was given in honor of Miss Mattie Langston, who looked beautiful in a dainty gown of white embroidery. At midnight delicious re-freshments were served and Wurm's orchestra furnished delightful music for the merry dancers. Among those present were: Misses Mattie Langston, Julia Taylor, Lucy Newman, Aline Ruse, Bessie and Annie Fitten, Augusta Wylie, Mary Bridge, Leila Morris, Mary Kingsbery, Lula Kingsbery, Lily Brockett, Susie Glover, Mamie Ashford, Laura Harrison, Lucy Harrison and Rebecca Wall; Messrs. Miss Jewel Johnston, daughter of Rev G. S. Johnston, of Cochran, Ga., is visiting her sister, Mrs. T. A. Gramshing, at No. Kimball st.

Married, on the 15th instant, Mr. W. H. Lowry and Miss J. Gwin, Rev. W. J. Cotter officiating.

The recital at Freyer & Bradley's music hall last Thursday evening was a delightful affair and greatly enjoyed by all who attended. It was for the benefit of the First Christian church and there was a large audience. The following programme

was rendered:

PROGRAMME.

Piano solo, selected, Mr. I. M. Mayer.

Reading, "Laureame" (The Marble

Dream), Miss Ada Lewis,

Soprano solo, selected, Miss Carobel

Heidt.

Piano solo, selected, Mr. I. M. Mayer. Barytone solo, selected, Mr. S. M. Bur-Reading, "The Swan Song," Miss Ada

Soprano solo, selected, Miss Carobel Heidt. All the numbers were well chosen and well rendered, but those deserving special

mention were the recitation of Miss Ada Lewis and the solo by Miss Heidt. Miss Lewis has a natural and yet easy manner of reciting that is quite refreshing after so much affectation. Miss Heidt's splendid singing is already well known and it is enough to say that her number was rendered in a manner fully up to her highest

The ladies of the woman's board and the visiting ladies who are connected with the exposition, are requested to meet at the Kimball house at 11:30 o'clock this morning. Carriages will be furnished them and they will ride to the grounds, forming a feature of the procession and taking part in the exercises. It is important that all should be at the Kimball house on time. Mr. Joseph P. McHugh, of the firm of importers of fabrics, furniture and wall papers, of Forty-second street and Fifth avenue, New York, is in the city. He is here for the purpose of giving instructions regarding the decorations of the New York city room in the woman's building. Mr. McHugh has generously donated to the ladies of Atlanta all the decorations of this

Mr. J. Exines is represented in Atlanta by Mr. I. Halbert, who comes with a full assortment of samples and designs for tailor costumes. He will take measures and do the fitting while here. The opportunity is one which no Atlanta woman who wishes a perfect tailor costume should miss. Mr. Halbert has his headquarters at room 324, Kimball house, where his styles are displayed and he will wait upon the ladies interested. He will be in the city

### ELECTED NEW OFFICERS.

The Tailors' Union Elected New Officers and Adopts Resolutions. The Atlanta union of the journeymen tailors of America held a largely attended

and interesting meeting at its half on Ala-bama street Monday night. Many matters of importance to the union were acted on. The regular semi-annual election of officers took place and some important

are: Larry Connor, president; William Geiger, vice president; William Murphy, treasurer; H. S. Chase, recording secretary; L. E. Wallinder, financial secretary; Joseph Dacy, sergeant-at-arms; board of trustees, W. H. Bishop, C. Buck, M. Grodwecky. The following resolutions were adopted

at the meeting:
"Whereas, P. H. Moore, formerly a member of the Tailors' Union of Atlanta, but now no longer connected with it, has, without warrant and sanction of the said union, obtained a charter and union labels from the general headquarters of the Journeymen Tailors' Union of America,

"Resolved, That we denounce said action of P. H. Moore and his associates, if any, for such action done without the authority, or knowledge of local No. 51 of the Journeymen Tailors' Union of America, and "Resolved further, That we declare that this union has no connection with the organization of Atlanta known as the In-

"Resolved further, That a copy of these resolutions be sent to the general execu-tive board, published in our official journal. The Tailor, and the daily papers of "H. S. CHASE,

dustrial.

"Chairman Committee. "WILLIAM STRAUSS, "Recording Secretary.
"JOHN JACOBSON, "President.

### WILL HAUL PRIVATE CARS.

The Southern Will Do Anything for the Success of the Exposition.

Mr. W. H. Baldwin, third vice president of the Southern railway has issued a cir-cular letter to all the officials of leading railroads in the country announcing that it will be the policy of the road to haul all the private cars of officials of other lines who may wish to come to the exposi-tion and bring with them their families

in their cars.
On occasions such as these when railroads are put to severe tests in hand free world. creased passenger traffic it is frequently their policy to refuse to carry the private cars of officials of other roads.

Mr. Baldwin is taking a commendable

step in making this proposition to the officials of the various lines.

It will probably be taken up by the other roads that enter Atlanta.

All of the railroads entering the city have determined to put on extra trains and they will in every way exert themselves to meet the demands of the increased traffic. The Southern has issued an order that after today all trunks checked to Atlanta will be delivered from the Mitchell street depot, while all trunks leaving Atlanta will be checked from the union passenger sta-

the Meeting Last Night. A TABERNACLE WILL BE BUILT Plans and Specifications Will Be Se-

cured and Bids Will Be

The Question Was Befinitely Decided at

'At a meeting of the Moody committee last night in the parlors of the Young Men's Christian Association it was decided to build the tabernacle and the building committee was authorized to obtain plans and sepcifications and receive bids.

The subscription committee reported that \$1,282.50 had been raised in addition to the conditional subscription of Mr. H. T. In-man. Mr. Inman, at the meeting held last week, raised his subscription from \$100 to \$500, on the condition that the amount of \$3,000 that was needed with which to pay for the construction of the tabernacle be raised. Including Mr. Inman's donation, the amount now on the books of the sec-retary is just \$1,782.50, leaving a balance of

\$1,218.50 yet to be raised.
On motion of Dr. Connally, Mr. W. S. Bell was made chairman of the committee Colonel W. A. Hemphill, the former chair man, stating that his duties were of such a nature as to require his full time and he did not think he could discharge his duties of chairman of the committee as he thought they should be. The committee up to last night consisted of seven, W. A. Hemphill, W. S. Bell, H. E. W. Palmer John M. Green, W. P. Pattillo, A. D. Adair and George W. Harrison. On motion of Mr. W. S. Bell, the com-

mittee was increased from seven to ten and the following names were added: Dr. Atkisson, O. C. Fuller and G. S. Lowndes. Mr. Hemphill reported some additional subscriptions that had been handed him. Mr. A. C. Bruce, of Bruce & Morgan, addressed the meeting and concluded by saying that he would make the plans and specifications free of charge. This generous action on the part of Mr. Bruce was

received with applause.
On motion of Mr. F. W. Cole, it was or dered that the amount that had been raised be furnished the city press with the re-quest that the figures be published and an appeal made to the citizens of Atlanta for elp in the matter of contributions. Colonel W. A. Hemphill offered the columns of The Constitution to the subscription committee to be used in any way in which they might desire.
On motion of Dr. Holderby the building

committee was authorized to commence the construction of the tabernacle just as soon as the plans and specifications could be prepared and bids received. Mr. Inman made a motion to the effect that the work be let out by contract, which was

The building committee will meet Thursday night in the parlors of the Young Men's Christian Association at 8 o'clock, at which time the plans that are to be furnished will be examined and bids will be

### SUES THE SOUTHERN. Clifford Anderson Wants Damages for

the Death of Jim Thornton. Suit was filed in the clerk's office of the circuit court of the United States yesterday morning against the Southern rail-way by Clifford L. Anderson as administrator for the estate of Jim Thornton. The damages asked for are places at \$5,000.

The petition alleges that Thornton's life was lost in a wreck that occurred on the western division of the Southern railway near Iron City, Ala. It states that the axle of one of the cars was broken, and that the track was out of alignment, and also that the engineer was to blame, as he

was running at an extraordinary rate of DR. HATHAWAY & CO. The suit will be heard at the fall term of the circuit court.

### THE FUND IS GROWING. Subscriptions for the New Sixth Bap-

The friends of the Sixth Paptist church have responded nobly to the call made by Pastor A. C. Ward, and they have con-

tributed quite liberally.

The walls are up and other work has been done, and the beautiful edifice would be completed at once if the funds necessary were in the hands of the treasurer. The finance committee announces that \$2,000 more is required to carry on the work in order that the house can be occupied this fall. The committee especially requests all to contribute the amount they feel that they can give at once, in order that they may know just how much can be raised on

the subscriptions promised.

When completed, the building will be one of the prettlest and neatest in the It is roomy and commodious in its con struction, and will be admirably adapted to both Sunday school and church uses.

### WHOSE FAULT IS IT?

Another Mysterious Escape from the

Station House. There is a loose screw somewhere about the police station. Another prisoner escaped from the prison Monday night or yesterday. The escape is the second in the last two weeks.

Stokes Heard was arrested early Monday

morning on a charge of larceny. He was locked up in the station house and the last seen of him was on Monday afternam, it seems. Yesterday the negro was to have been taken out and tried on the charge against him in a justice court, but when a search was made for him the prisoner could not be found. The means of escape adopted by Heard is unknown to the station house officials, but a ragid investiga-tion is being made of the matter. One day last week a negre escaped from the prison in an unknown manner and he

is yet at large.
Chief Connolly is making an investiga-tion of the second escape and will push it urtil the facts are learned if possible.

# CLARKSTON NOTES.

Clarkston, September 16.—(Special.)—While Mayor Veal and Mr. J. T. Wright were returning home from Atlanta Saturday in a buggy their horse became frightened and ran away. We learn Mayor Veal was badly hurt, yet our people hope he may soon be out again. The Thirty-eighth and Forty-second Geor-

gia regiments will have a reunion here on September 26th. Professor McWhorter will, deliver the welcome address. Misses Ilah Warwick and Henrietta Mc-Lendon have gone to LaGrange and Miss Gordie Hudgins to Weslyan, at Macon. Pointer for Would-Be Borrowers.

From The Somerville Journal.

Probably every man who has reached the years of discretion has discovered that it is a good deal easier to borrow \$5 than it is to borrow 50 cents. Attention, G. A. R.

## INTERESTING

It is interesting to know why Dr. Hathaway & Co., the specialists of 22½ South Broad street, this city, are so popular. A few reasons will explain:

They lead in their profession because they make it a study. make it a study.

Are the most popular because their motion thonesty and their success unparalleled.

Are the most experienced because they treat thousands of cases and see the diseases included in their specialty in all their different phases.

Are the most successful because their treatments are new and unequaled in merit. treatments are new and unequaled in merit.

If you suffer from any of the diseases Dr. Hathaway & Co. treat you should consult them at once. This is the age of progress. Discoveries and inventions of the most important nature occur daily. In no field has a greater stride been made than in the medical profession. Diseases that were a few years ago considered incurable are now treated successfully.

Don't give up because your case is one of long standing and you were told years ago that you could not be cured. Don't allow a misfortune that can be corrected to mar your whole life because old remedies failed.

TRY THE NEW.

Seek relief in the front column of prog-

Seek relief in the front column of progress. Consult specialists who have made cases like your own a study, who have had years of experience in their treatment, who have fitted themselves with the especial view of treating certain cases.

THE THOUSANDS OF CASES THEY HAVE CURED ARE THE BEST EVIDENCES OF THEIR EFFICIENCY. Dr. Hathaway & Co. are regular graduates, and hold diplomas from some of the best colleges in the country, and also hold certificates from the state board of health. Their credentials are of the best and they make a true and genuine specialty of all special diseases peculiar to man and womankind skin, blood and nervous troubles Consultation is free, either at office or by mail.

# SPECIALTIES.

LTIES.

Syphilis, specific blood poisoning, nervous debility, stricture, impotency, unnatural discharges, kidney and urinary difficulties, piles, rheumatism, skin and blood diseases of all forms, catarrh and diseases of womankind.

Mail treatment given by sending for symptom blank for women; No 3 for reatarrh.

### COTTON OVERSOLD YESTERDAY

Stocks Were Less Active, but the Tendency Was Upward-Gold Engagements Small.

New York, September 17 .- Business at the stock exchange was less active today, the sales of stocks footing up only 258,341 against 449,399 shares yesterday. The transactions in the railway bond department were also on a smaller scale, amounting to \$1,971,000, against \$2,750,000 yesterday. The course of prices, however, was upward throughout, save for a slight in the early dealings, due to a raid on huck Island, which carried that stock down from 78 to 76%. The change in sentiment and the improvement in prices which followed the break noted was due to the light engagement of gold, only \$400,000 havbeen taken for tomorrow's European steamers, the slightly easier condition of the sterling exchange market, some foreign buying of St. Paul and other stocks and the further advance in coal prices an-nounced from Philadelphia. These favora-ble developments led to a general covering movement, and an advance of 1/4@3% per cent was recorded. The greatest gains were made by Jersey Central, Reading, Delaware and Hudson, Pacific Mail and the Grangers, Manhattan, Northern Pa-gific, preferred, and the Industrials. Chieago Gas and Sugar were the features of the last named group, Gas rising from 621/2 to 651/2/2/65 and Sugar from 1051/2 to 1071/8/2017. The change in Chicago Gas was attributed to purchases by the Benedict party. It is known, however, that certain Chicago operators now in the city were also buyers. Sugar was strengthened by the improved condition of the trade and bull manipulation. Pacific Mail rose to 33½ and closed at that figure bid on the revival of the re-port that the differences between the company and the Panama had been adjusted. specialties Erie Telephone advanced 55, and Flint & Pere Marquette prefeered 2, to 27. The market closed firm with prices \(^{1}\)\(^{1}\ Gas and 25,700 Burlington & Quincy. Bonds were firm and higher. The sales of listed stocks aggregated 223,-

000 shares, and of unlisted stocks, 25,000. Treasury valances: Coin, \$87,574,000; cur-

Money on call firm at 1½@2; last loan at , closing offered at 1½ per cent; prime percantile paper, 4%, @54 per cent. Bar silver, 66%c

Early Morning Gossip.

Dow Jones News Co. by private wire to J. C. Knox, manager: There are no signs of any important developments in the gold It is unlikely that a large amount of gold will be taken for export before Saturday, and on the other hand, it is unlikely that any important amount is likely to be deposited in the treasury on exchange or any other way. It seems as if the banks, the syndicate and everybrdy concerned were playing a waiting game with the object of seeing what will develop in the pext week or so.

Chicago Gas was well bought during this decline by people who know all about it. Friends of the company say that an important bull factor is getting to be the slience of the attorney general of Illinois. The silence of this gentleman is getting to be more and more conclusive proof that does not know much about the Illinois law, because during the last two years the companies have stated their willing-ness to conform to the law as he understood it. They had hired expert lawyers to tell them what the law was to meet the previous attorney general's views, but the views were not the same. It is said, as the present attorney general says, as soon as he makes known to the Chicago Gas companies just what the law is they will put themselves into legal shape according to the views of the present attorney gen-eral. In the meantime, the companies are making money and doing a larger business than ever before in their history. It is to them simply annoying that they should be subject to attacks from people who think they know a great deal, but

do not prove it for reason.

We understand that the Brooklyn Sugar Distilling Company will begin operations next month on a large scale. Most of the machinery is in place. Several independ-ent houses are making a strong play to handle the business. It is positively stated that there has been no selection of dis-tilling agent yet.

St. Paul's earnings for the second week St. Paul's earnings for the second week of September will be given out in Chicago tonight, and on account of the wheat movement, general business ought to be very good. They compare with \$649,662 last year, \$668,828 in 1893, \$746,315 in 1892 and \$746,491 in 1891. The statement that the Mcnetary Trust had liquidated a great many accounts on order from 78½ down many accounts on order from 78½ down was believed. It is also known that the trust bought a considerable amount of St. Paul from 69 to 73, and more or less of this stock is still believed to be in the

hands of that corporation.

Northwest's earnings for August are due September 21st. They are expected to show a very handsome increase, because the company has had not only the benefit of the wheat movement, but very profitable results of a very large iron ore tonnage. Sentiment on both these stocks for the immediate future was decidedly bullish, in View of the reaction which they have had. Handy & Harman will ship \$1,000,000 in gold today. It is known that the Vanderbilts are the

stated that preparations for turning the property over completely to Mr. Morgan are nearly completed. It is expected that

he will then make known what he pro-poses to do with it. Horkler, Wood & Co. will ship \$250,000 in gold today.
Two hundred and fifty thousand dollars in gold has been deposited in the sub-tiensury by the Rochester banks.

Closing Stock Review. New York, September 17.—New York News Bureau by private wire to J. C. Knox, manager: The stock market was stronger today on further covering of shorts. London bought moderately of St. Paul. Foreign exchange was easier early in the

day, and there were frequent rumors of large gold deposits at the subtreasury.

The Industrial group was decidedly strong, Sugar gaining over 1 per cent. Gas rose over 2 per cent, reacting slightly on the denial of rumors that a dividend would be declared in October. American Tobe declared in October. American Tobacco advanced 1 per cent, and Tennesse

Coal and Iron was higher.

Pacific Mail was strengthened by the report that a settlement had been definitely concluded with the Panama company. The Grangers were not without feverishness. Rock Island was inclined to heaviness, Missouri Pacific advanced over 1 per cent in the face of a light winter wheat

movement.

The Gold Reserve.

Washington, September 17.—The true treasury reserve at the close of business to-day with all withdrawals and deposits accounte dfor is \$95,582,528.

The withdrawal of \$250,000 in gold for export was reported from New York late this afternoon. The same telegram reported a gold deposit from Rochester, N. Y., banks of \$250,000, which offset the gold lost.

The general impression here is that the gold export movement has about run its length.

THE COTTON MARKET.

Daniel O'Dell & Co.'s Cotton Letter.

Daniel O'Dell & Co.'s Cotton Letter.

By Private Wire to J. C. Knox, Manager. New York, September 17.—Prices opened 7 to 9 points higher with good buying, owing to a rise of 4-64d in Liverpool, which was attributed to continental buying there, a Liverpool dispatch expressing a favorable opinion of the market and advised purchase. The receipts at the ports' were light and New Orleans expects only 3,000 to 3,000 baies tomorrow, against 4,155 on the same day last year. Liverpool was buying here this morning, and so were the shorts, while the south also sent purchasing orders. The bears were plainly nervous, owing to the rallying power of the market, which is a great surprise to them. They lay stress on the slowness of the spot trade in the country, but the short interest appears to be large, partly for European account and a decline is quickly succeeded by a recovery. Outsiders were again buying and the conviction is steadily gaining ground that the crop is much smaller than that of last year. A good deal of spot cotton is being offered by the south, but as buyers offer %c less than sellers' views, little business results. The crop advices uniformly report free picking, and add that in the not very distant future there will probably be nothing more to pick. A dispatch from Holly Springs, Miss., reports a shortage in the crop of one-third. St. Augustine, Tex., estimates the shortage at 35 per cent and adds that worms and drought have caused much damage. Winchester, Tex., telegraphs that only half a crop is expected. A Galveston firm employing twenty-two travelers, estimates the Texas crop at as low as 1,680,000 bales. The weather in Texas, Arkansas and the Memphis district was generally clear and warm. The Texas condition in September is expected to show a reduction of 45 per cent. Liverpool sold 10,000 bales on the spot at hardening, though unchanged prices and at one time futures there were 4½ to 5 points higher, though they closed at a net rise of 3½ to 4 points. New Orleans and Savannah fell 1-16c. Ore fact cle

Riordan & Co.'s Cotton Letter.

After the call, when the eagerness to buy had abated, those who had bought at the low price of yesterday began selling to take profits. The aggregate of these sales was so large that prices yielded 5 points, Janhary seiling down to 8.06. When the selling orders were exhausted a gradual but steady recovery set in and January rose to 8.8. The close was called steady, though the market looked rather tired, the final trading in January at 8.15. We expect a lively and fluctuating market, with the fluctiations mainly dependent upon the preponderance for the moment of the buying or the selling orders. As to the probable results of such an influence it would be here guesswork to attempt predictions. So sensitive and changeable is the market that we can only advise our friends to be content for the present with small profits either upon their long or short ventures.

Hubbard Bros. & Co.'s Cotton Letter.

New York, September 17.—Liverpool opened with the spot market hardening; sales 10,000 bales; middling 44d against 34d last year. Futures were steady with sellers at 2-64d advance, and closed quiet but steady at 3 points advance. Manchester quoted yarns and cloths quiet but steady. Our market opened with January at 8.11 to 8.12 and closed at 8.03 and declined to 8.05. To the surprise of the trade the Liverpool market showed a stronger tone today in every department. It is not difficult to find the reason for this change in temper. It lies in the improvement in business in Manchester, where the influence of better demand from India is beginning to be feit. Should the English spinner find he has a decided improvement in the démand from India, he will pay more attenton to the bad crop reports which are being received from the Mississippi valley and Texas. On the other side it is believed by the trade that the recent hot weather is causing the crop to open rapidly and that receipts will increase so rapidly and that receipts will increase so rapidly that the foreign markets will believe the crop to be a larger one than now appears possible. This side of the question brought yesterday's buyers in the market as sellers at the opening, with the resultant decline, which was recovered on the buying by a large local operator and Hubbard Bros. & Co.'s Cotton Letter. the market as sellers at the opening, with the resultant decline, which was recovered on the buying by a large local operator and spinners' brokers. The government report tonight is expected to be a poor one, especially for Texas and the southwest. Large buying orders from New Orleans during the afternoon advanced the market and our dispatches state that there is a better demand for continental account on the spot. The close was quiet and steady at about the best prices of the day. Spot cotton quotations advanced \( \frac{1}{2} \) con account of the improvement in futures, but there was only a light demand. The 1,849 bales reported for export were a direct shipment from store by owners, and not a sale. Sales for export 1,849, for consumption 1,512; middling upland 8\( \frac{1}{2} \) c; last year 6\( \frac{1}{2} \) c; middling guif 8\( \frac{1}{2} \) c, last year 7.c.

The Sun's Cotton Review.

The Sun's Cotton Review.

New York, September 17.—Cotton advanced 12 points and closed quiet and steady at 10 to 12 points advance, with sales of 214,700 bales. Liverpool advanced 4½ to 5 points, but reacted and closed at a net rise of 3½ to 4 points, with the tone quiet and steady. Spot cotton was hardening, but showed no quotable change. The spot sales were 10,000 bales. New Orleans advanced 14 to 15 points. Spot cotton advanced 54c, with sales of 1,048 bales for export (direct shipment) and 151 for spinning. Middling uplands 8¼. New Orleans and Savannah declined 1 16c. Galveston received 5,015 bales, against 4,558 a year ago. New Orleans, receipts tomorrow estimated at 3,500, against 9,59 a week ago and 4,199 last year. Houston received 1,454, against 9,191 last week and 28,908 last year. Augusta received 1,175, against 1,579 last year. New Orleans sold 600 bales and Savannah 1,836.

Today's Features—The strength of Liv-

year. New Orleans sold 600 bales and Savannah 1,836.

Today's Features—The strength of Liverpool, unfavorable advices from Texas, the covering of shorts, new outside buying and a less pressure to sell easily put up the prices teday. Cotton is believed to be in strenger hands. Less liquidatiin by weak holders was noticeable. The continent was buying in Liverpool, and not only the public but the private advices from the English market were buillish. New Orleans receipts were small. New Orleans receipts were small. New Orleans receipts were small. com the English market were bullish. New Orleans receipts were small. New Orleans and Liverpool were buying here, not cotton here was higher. New Orleans futures were quiet and steady, and the more cheerful tone in Wall street iso had a more or less bracing effect. It was a dull day, and the friends of coton think that there are a good many more ull days coming.

Weekly Weather Crop Bulletin.

Washington, September 17.—The weekly veather crop bulletin issued by the weather emperature much above normal and very dry except on the coast, cotton opening apidly and very few complaints of boll worms or shedding.

South Carolina—Excessive rain on the

coast and dry in interior, favorable weather for gathering crops, cotton picking general, top crop shedding badly.

Georgia—Week very dry and unseasonably hot, but favorable for crops; cotton pening rapidly and picking beginning in northern counties, but well advanced in central and southern counties; less com-plaint of rust and shedding. Florida—Cotton still damaged by rust and shedding; it is opening rapidly and pick-ing active; cotton will fruit but little more on old lands; rains badly distributed.
Alabama—Hot, dry weather of past week caused cotton to open prematurely and has checked growth of immature bolls:

about two-thirds of the cotton open and picking being pushed rapidly.

Mississippi—Week unusually hot and dry, causing cotton to open rapidly and permitting picking without interruption; complaints of damage to cotton from rust. Louisiana—Hot, dry, sunshiny week, cotton opening rapidly and picking progressing; worms continue locally.

Texas—Dry weather has prevailed throughout the state and has been favor-

able for cotton picking, but has been in-jurious to late cotton and the top crop, and in some localities is causing bolls to open prematurely. Arkansas-Excessive heat and dry weathr have injured all growing crops; cotton-njured by rust, shedding of immature

bolls and premature opening; cotton opening very rapidly and picking will be general this week.

Tennessee—Scattered showers, principally in central portion; cotton opening rapidly; drought damaged uplands. The Liverpool and Port Markets.

Liverpool, September 17-12:15 p. m.—Cotton, spot demand moderate with prices firm; middling uplands 4½; sales 13:000 bales; American 9:400; speculation and export 500; receipts 1:000; American nona; upland low middling clause September and October delivery—Cotober and November delivery 4:13:64; 4:14-64; November and December delivery 4:13:64, 4:14-64; December and January delivery 4:14-64, 4:15-64; January and February delivery 4:14-64, 4:15-64; 4:17-64; February and March delivery 4:18-64, 4:18-64; March and April delivery—May and June delivery—; futures opened steady with demand moderace.

New York September 17-Cotton steady; sales 2,000 bales; middling uplands 8%; middling gulf 8%; netrecipts none; gross 765; stock 163,375.—Galveston, September 17-Cotton quiet; middling Galveston, September 17.—Cotton quiet; middling 7/15-16; net receipts 5,013 bales; gross 5,013; sale 92; stock 27.699.

THE CHICAGO MARKET. Ten Million Dollar Gold Deposit Advanced Wheat Yesterday.

Ten Million Dollar Gold Deposit Advanced Wheat Yesterday.

Chicago, September 17.—The gold question entered into the wheat situation again today. Reports which were open to confirmation when the market closed that the bond syndicate was about to deposit 310,000,000 in gold with the United States treasury received considerable circulation and credence and were the means of firming and advancing prices. The market began inauspiciously. A loss of % to %c had taken place over night, the heavy wheat movement still exerting an unfavorable influence. The bulls were without any news calculated to inspire confidence and some of the people who went long about the close yesterday had a change of heart and sold out this morning. Then came the gold news and the market turned in its course, the subsequent action being with a firm tone. Bradstreet's reported an increase of 400,000 bushels in the world's available supply, which had the effect of abating some of the firmness prevailing at the time the announcement was made. December wheat opened from 57% to 57%c, advanced to 59%c, closing at 58%g5%c, 140%c under yesterday. Cash wheat ruled firm and 140c hisher.

Corn-Values of corn were not inclined to deteriorate, nor was there sufficient strength in them to lead to a decided upturn today. The first part of the session presented very kitle in the way of a change from late conditions, but owing to the recovery in wheat and the gold rumors later caused a rally to prices. Trading was very ordinary and no business entitled to comment was noted. The official lowa crop bulletin was out, reporting corn in that state in a secure position. Bradstreet's reported an increase of 148,000 bushels in available stocks. May corn opened at 23%c. 3c higher than yesterday. Cash-corn was firm at an advance of 140%c.

Oats—The presence of a few brokers alone indicated that there was an oats market. They were not obliged to exert themselves, as orders were few and of small amounts. The trend of the market was in accord with that of carn. May oats cl

too far apart to permit of important busi-

Lamson Bros. & Co.'s Grain Letter. By Private Wire to J. C. Knox, Manager.
Chicago, September 17.—While Liverpool scored an advance of ¼ to ¼d it displayed an indifferent tone. Holders who had expected a better advance had wheat for sale on the opening this morning, but buying for New York account quickly absorbed offerings and advanced prices ¼c per bushel. One-half of this was lost on local colling, and the market remained steady. ed offerings and avalated pieces at per-tushel. One-half of this was lost on local selling, and the market remained steady, but inactive until the last hour, when it scored another quick rise, selling up to 59%c for December, against 57%c at the opening. Shorts were the best buyers, but were unable to obtain much until 59c had been reached, when some of the early buyers were free sellers. The feeling during a greater portion of the session has been very firm. The cash situation has probably contributed largely to this, prices in this market being up to the December price, and above in the northwest. Still shippers and it impossible to obtain round lots here. The feeling toward the close became easier, there apparently having been good-sized or-ders to sell around 59c from professionals. Clearances were large, amounting to about 400,000 bushels of wheat and flour. Brad-street's made an increase in the world's 400,000 bushels of wheat and flour. Brad-street's made an increase in the world's visible supply of 400,000 bushels. The feeling in corn has been firm in sym-pathy witn wheat. Shorts were good buy-ers and advanced the nearby options about %c per bushel and May about ½c. Receipts were under expectations and the estimate for tomorrow (297 cars), suggests a falling off.

Provisions were steady but very inactive. There was some scattered buying on The Cereal Situation.

From The New York Stockholder. Grain prices fell to an abnormally low level the past week. They rallied feely. They relapsed easily and naturally. In They relapsed easily and naturally. In the case of wheat quotations they returned practically to the remarkably low plane of a year ago. So once more the price was the principal argument advanced as an inducement to buy. It may be that when weak the market around present figures will be a purchase temporarily for turns. In the end, however, unless there is a decided reversal in such legitimate conditions as the foreign situation and the spring wheat movement, prices will reach a lower level than they did last year. If speculators advance them unreasonably, the depression when it comes will be the more acute. For in that case higher prices will chiefly benefit those countries which compete with us for Europe's trade. The following table compares receipts last week

and the short cotton crop are accounted by shrewd men bear arguments on provisions. Plenty of corn means cheap hogs. Cheap hog smeans low prices for pork and lard. Scarcity of cotton means reduced buying power at the south and the south is an enormous consumer, when conditions are enormous consumer, when conditions right, of hog products.

PROMPT AND FREQUENT SCHEDULES TRAINS EVERY FEW MINUTES. ONLY SEVEN MINUTES TRANSIT

Between Loyd Street Station, Opposite East End Union Passenger Depot, Adjoining Markham House, and Exposition Terminal, Adjoining Transportation Building. First Train Starts 6:30 a. m., Wednesday, September 18th.

The Reports Received Are Encouragaging and Point to an Abundant Yield.

The corn and cotton crops are practically rafe and the reports that have been received are very encouraging. The fields are beginning to whiten with the cotton and in many localities the pickers are hard at work picking the Meecy staple. The farmers have saved a large amount fodder, and the forage, corn and other crcps have been largely gathered. season just at present is good and fair to result in abundant harvest. ds fair to result in abundant harvest. But little remain to be said of corn and otton. The first named crop is past daner and is very fine, the season all along having been favorable for its growth and development. The hot, dry conditions that have prevailed over the state since last reports have caused cotton to open very rapidly. Picking is not now general, and there is a gratifying decrease in the number of complaints of rust and shedding. Farmers are still saving fodder from late corn in the northern and central sections. Minor crops, while not suffering, would be benefited by rain.

Northwest Section.

Northwest Section.

In the northwest counties the weather of the past seven days has been abnormally hot and dry, but, on the whole, quite favorable for crops and farm work. The hot weather has caused cotton to open rapidly while the absence of rains has allowed the farmer ample opportunity to gather his fodder and in a few cases, some portion of the cotton crop. Corn is made and will how need no more rain. Fruit has about all been gathered. Peas are reported as not bearing well, which is no doubt duq to unfavorable weather conditions. Potatoes are growing nicely

North Section.

The past week in the northern counties of the state has been clear and dry, making perfect weather for saving hay and late fodder. Cotton picking is now the order of the day. The cotton plant, in some localities, persists in taking on a second growth, except where rust prevents. It is opening that, and ginning has commenced. Peas, potatoes, turnips and all minor crops are doing well.

Northeast Section.

Rainfall of the past week has been defi-cient. Temperature about normal. Cotton is opening rapidly. Late crops affected by rust. Fodder is being gathered by the farmers. Peas, potatoes and turnips are doing well, but need rain. Sorghum is turning out very well. Melons and peaches have all been gathered. West Section.

The temperature has been high and no rain has fallen in the west section during the past week. These conditions were favorable to cotton, causing it to open nicely and allowing picking to progress rapidly. Some fodder is being pulled. The corn crop is very satisfactory, although some say that it is not as good as expected. Much sirup is being made. Late apples are now ripe. Gardens and minor crops are in good condition, but would be benefited by a good rain.

Central Section.

Central Section.

The past week has been hot and dry in the central section Cotton is opening rapidly and picking is well advanced. Complaints of rust and shedding are much less frequent than during the three or four weeks preceeding that for which this report is made. Pea-vine and crab-grass hay is being saved in large quantities. Sorghum is being made, but not giving as good a yield as was expected. Fodder pulling has been finished, except in a few isolated eases. Potatoes and turnips are growing

Reports from the south section are rather meager, but from the few received it is shown that there has been a little more rain there than in some of the more northerly sections. Cotton picking has been pushed rapidly forward, but occasional rains have caused some delay. Potatoes have thrive wonderfully and look healthy. Except Kiefer pears anr grapes, there is but little fruit left on the trees and vines. Southeast Section.

Against E. C. Allen Dismissed. Mr. E. C. Allen, charged with assaulting Mr. J. M. Coleman, will not be prosecuted, as the warrant that was issued several

without provocation, and was a great surprise to him. He says that he was just in the act of going up the steps at 42 North

derly conduct, and was the server warrant from the justice court of judge Landrum charging him with making an assault with intent to murder. Yesterday the charges were withdrawn and the warrants were dismissed without the case go-

Not long ago there seems to have been a wedding in dolldom. The J. C. Every little girl wishes to know of this latest event in doll society and wants to add to her doll family this latest and prettiest of paper dolls.

[Additional content of the content Wedding Bells.

Very little rain has fallen in the southwest section and fall crops and gardens are suffering slightly from the drought. Tenperature has been above the normal. Cotton has opened very fast and over half the crop has been gathered. Some orn has been gathered and farmers feel well satisfied with the yield and quality. Sirup making is in progress. Sweet potatoes have done well and are now being used and marketed.

THE CHARGES WITHDRAWN.

charges withdrawn.

charges withdrawn.

The story told by Mr. Coleman of the assault made upon him by Mr. Allen created quite a sensation at the time, as it was known that both gentlemen were the best of friends, they having been associated in business together several years

the act of going up the steps at 42 North Broad street leading to his room when he noticed Mr. Allen standing at the foot of the stairway. Being good friends, he says he spoke to Allen, and extended his hand, when Allen pulled a revolver and pointed it at his breast.

A flerce struggle then ensued and Coleman rushed for an officer. At the recorder's court Allen was fined for disorderly conduct, and was then served with a warrant from the justice court of Judge

Lord Hereford is the premier viscount of

minor crops are in good condition. Southwest Section.

Lord Hereford is the premier viscount of the realm, and like the earl of Wilton, has only been crazy the last ten years or so. Lord Hereford has almost been forgotten by society and by the public. It needed such an event as the home rule debate in the house of peers to drag forth his name from oblivion. But that of Lord Wilton is The week in the southeast section has been a showery, wet one. Cotton has been injured and picking delayed. Rice could not be cut and farmers were unable to gather any corn. Dry weather is very much desired in this section. Some gardens are still being planted. Sugar cane, peas and potatoes have done well. far more familiar, owing to the beauty of his wife, to the popularity of his son and to the fact that he was formerly one of the gayest and most entertaining members of the English aristocracy. He was especially fond of music and of the stage and for a time toured through the country under an assumed name at the head of a troupe of wandering minstrels.

Time for Vigor in China. From The New York World.

The World's cable dispatch from Foochow this morning will give information to the state and navy departments of which they seem to be in sore need. The facts related in the dispatch are a reproach and should be a rebuke to both departments. Minister Denby's supine policy and the failure of the navy department to support our demand for redress with an adequate chibition of force have encouraged the Chinese government to resort to its old tricks of deception and delay.

That government now refuses to execute a single one of the murderers who looted the missions unless assured that no further fearmands shall be made upon China.

demands shall be made upon China. This means that China will do nothing to punish past outrages or to prevent others unless some of our warsings which are loitering idly in distant ports are promptly sent to the neighborhood of the disturbance, and unless Minister Denby's resolution can be stimulated by peremptory orders from Washington. It is true that our grievance is less than Great Britain's, but it is serious enough for neglect of it to compromise the country's good name.

The dispatch announces that the vegetarians are already preparing for further outrages in assurance of official sympathy, and it might have added of inefficiency on the part of the American minister.

The entire conduct of this affair has been

discreditable to our government. It is high time to repair the neglect and to show the Chinese that the republic intends to protect its citizens and enforce their rights at whatever cost of money or exertion.

The entire conduct of this affair has been

## CHARGED WITH THEFT

A Georgian Is Carried a Prisoner to Indian Territory.

WAS TAKEN BACK YESTERDAY

Len Goble, the Assailant of Old Man Higgers, Will Be Brought Back for Trial.

James Henson, a well-known citizen of don county, spent Monday night in a cell in the Fulton county jail, charged with stealing quite a lot of money from a

The arrest of Henson was accomplished by United States Deputy Marshal D. C. Dyer, assisted by a Mr. Thompson, who made the trip with the officer and aided him in making the arrest of the man that was wanted by the government authorities in the territory.

The deputy marshal has been searching for Henson for quite a while and has traveled several hundred miles in search of the man whose arrest he desired to acof the man whose arrest he desired to accomplish. Last Sunday morning Henson
was arrested in his home in Union county.
Immediately after the arrest he was
brought to Atlanta and placed in a cell
in the Fulton county jail for safe-keeping
until a warrant of removal could be secured from Judge Newman. Yesterday
that warrant was granted by Judge Newman and last night Henson was taken back man and last night Henson was taken back to Indian Territory, where he will be tried on the charges that have been pre-ferred against him. Mr. Thompson, the son of the man who claims to have been robbed, accompanied them on the return

robbed of \$350 and that they have every reason to believe that Henson took the money. Acting on this belief they have caused the man to be arrested and will have him tried for the alleged crime. Mr. Thompson lives in Indian Territory and it was there that the theft of the money is alleged to have taken place. Henson, formerly a citizen of Union county, but of ate a resident of the territory, was at the house of Thompson at the time that the robbery is said to have occurred and it is stated that Henson immediately disappeared. He could not be found in the territory and the United States officer deterritory and the United States officer decided to come to Georgia and see if he could not locate the man at his old home. Last Sunday morning the officers and Mr. Thompson, a son of the man who was robbed, appeared at the house of Henson in Union county and arrested him before he was aware of the nature of the visit.

Henson most emphatically denies the charges and says he knows nothing of the whereabouts of the missing money, but does know the parties who stole it. He says that he was approached by control says that he was approached by certain ones who asked him to steal the money and then divide with them in lieu of certain services they were to render him. This he says he declined to do and refused to entertain any proposition from them.

He says he believes that he has been imposed upon by the robbers and that they have stolen the money themselves and made it appear that he was the thief. He states he does not fear the results of the trial at all and will have no trouble in proving his innocence.

Goble Will Be Brought Back. Len Goble, now confined in a cell in the Dallas fail in Texas, will be brought back to Atlanta and tried on the indict-ment from the federal grand jury charg-

ing him with an assault upon old man Higgins, of Gilmer county.

Several months ago old man Higgins was literally cut to pieces by Mat Terry, George and Len Goble. Terry and George Goble were arrested and convicted and

are now serving a five years' sentence in the penitentiary. Goble was one of the leaders in the attack, but made good his escape.

He was looked for by the government officials, but they failed to find him. Several days ago he was located by United States Deputy Marshal Love, who followed him about in Texas until he succeeded in accomplishing his arrest. As soon as Goble was arrested Love wired the gov-ernment officials in Atlanta telling them of what he had done. The answer was

A letter was received by Marshal Dunlap yesterday saying that Goble would arrive in a day or two, probably this afternoon. As there is already a true bill outstanding against Goble he will not be given a pre-liminary trial, but will be confined in jail until his case is heard in the circuit court of the United States at the fall term. court of the United States at the fall term. When old man Higgins was brought to the city he was found to be cut in more than 100 places. His clothes were literally cut off or his person and he was not in a condition to appear in court in the clothes he wore to the city. The government officials bought him a new suit of clothes and had a physician attend his wounds. It was thought for a time that the man would die, but he finally recovered and is now at his home in Gilmer county. He will appear as witness against Goble at the fall term of the court.

### A STYLISH CAFE.

Walter G. Epps's Exposition Palace. Don't Miss It.

In the rear of the negro building Walter G. Epps has just completed the handsomest cafe at the exposition. The building is comfortable and attractive and the furnishings are of the finest. The interior or service room is fitted up much after the style of a first-class barroom, with beautiful sideboards, mantels, French mirrors, etc.

the style of a first-class barroom, with beautiful sideboards, mantels, French mirrors, etc.

In this refreshment palace will be served all descriptions of meals, drinks, etc.

You can get anything you call for, from a nice 10-cent lunch to the finest meal prepared in the south, served in courses. In connection with the cafe all kinds of drinks will be served. Drinks, however, will be served in cafe style and will be entirely free from all the objectionable features of a barroom.

Two of the finest cooks ever brought to Atlanta have beed engaged for this cafe, and what they don't know about the preparation of palatable and wholesome food has got to be written yet. Experienced waiters have been engaged and the service will be of the very best.

Every convenience hus been prepared for the guests of this delightful refreshment retreat. It contains the only telephone in the negro building and everything else that will contribute to the comfort or convenience of its patrons.

Notwithstanding the high and expensive character of the cafe Proprietor Epps will serve both eatables and drinkables at the most reasonable rates; in fact, you cannot find the same quality of meals, lunches and drinks and equal service at any place in the city for a cent less than at this beautiful place on the grounds.

Today Hooker T. Washington, of Alabama, and all the other distinguished negroes in attendance upon the opening ceremonies of the exposition, will dine at this cafe. Don't miss Epp's cafe when at the fair, and think that you can get as good things for the same money elsewhere.

### MIDWAY'S PRIDE.

Bare's French Cafe the Heights Chief Attraction.

Today Bare's French cafe, one of the beauties of Midway architecture, will open

beauties of Midway architecture, will open to the public.

The cafe is near the center of Midway, and is a cozy, airy and altogether comfortable structure. The waiters will all be beautiful young girls, and an orchestra of pretty girls will furnish the most delightful music on string instruments. Everything will be served in strictly French style and the service will be of the best. Pabst celebrated beer will be served at 5 cents a glass.

The arrangements of the cafe are perfect. The meals will be the most superior, the service delightfully agreeable and prices reasonable. If you get thirtsy or hungry while on the grounds go up to Midway, see the sights and rest and refresh yourself at Bare's French cafe.

## KNOW THYSELF

From The Era, Bradford, Pa.

Too few people are acquainted with the rapid advance of medical science, and too inany doctors are still plodding in the old paths. Once it comes to pass that people know themselves, that all physicians are abreast of the world's knowledge, much of our suffering will come to an end. Medical eclenisis are not delving into the depths of knowledge for the mere benefit of brother physicians, but for the benefit of the world. They place in the hands of the well man a means of keeping well, in the well man a means of keeping well, in the hands of the sick a means of recovery. To the parent they give the power of saving the child. Science is working for you—will you accept the proffered help? Mrs. George Rowend, an estimable lady who resides at No. 276 East Main street, has cause to feel grateful toward the science of medicine.

has cause to feel grateful toward the science of medicine.

One day recently a reporter, learning that Mrs. Rowend had been greatly benefited by the use of a new medicine, interviewed her. She stated that she had been suffering with a female trouble for many years. She had been doctored for the animent for a long time; in fact, nearly all her life, and had never received anything more than temporary relief. During the last three years her condition grew worse and was aggravated by an affection of the heart. Her health was so poor that she found it almost impossible to perform her household dutles.

"I never believed in proprietary medicines," said Mrs. Rowend, "but one day last fall I read an article in a newspaper which told of the cures effected by Dr. Williams' Pink Pills, and I decided to try the medicine. Before I had taken the contents of one box I began to feel better. The depressing weakness which had bothered me for so many years began to disappear, and the action of the heart at once became stronger and mare regular.

"I took nine boxes of the pills and I am now feeling better than I have for several years, and I have unbounded faith in the medicine."

years, and I have disconnections we discharge in health and strength and gives all the credit for her restoration to health to Dr. Williams' Pink Pills for Pale People.

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y. for 50 cents per box, or six boxes for \$2.50.

### Help for the People.

Everybody with little money should has-ten at once to the wholesale manufac-turers' Clothing Outlet Company, now go-ing on at 14 South Broad street, near the corner of West Alabama street, Atlanta,

Corner of West Alabama street, Atlanta, Ga.
